Clarence C. Smith Today Ends 14 Years As Clerk To County Commissioners; Enrolled Ike As Voter

Clarence C. Smith, who served as clerk to the Adams County commissioners for more than 14 years, the longest anyone ever held the office, today was serving his last day in the post. He resigned last January with the effective date of his retirement being March 31.

But he concludes his work today in order to take advantage of several days vacation time that he had accumulated.

Smith began his duties December 1. 1942, and has served under five boards of commissioners. He will be succeeded by Crosby N. Hartzell, Hillcrest Pl., who will assume the duties Monday.

Enrolled The President

Mr. Smith has little hesitation in naming as the "red letter day" in those 14 years the day President Eisenhower came into the commissioners' office and was enrolled by Mr. Smith as a Republican voter in Cumberland Twp.

The Fayetteville R. D. resident was a farmer in Mt. Joy Twp., on two farms, one that had been in the family since the days of the Penns, when he was asked to serve as coordinator for the establishment of the Adams Electric Cooperative. As coordinator his job was to direct 33 men who visited farmers throughout the area to talk to them about the proposed electric power cooperative and obtain their signatures as potential members. He also did the necessary bookwork that went with that post.

Smith's success in that position, which helped bring about the Adams Electric Cooperative, led to his being offered the clerkship of the Adams County commissioners, which was open at that time.

Four Jobs In One

Smith accepted the position — which actually is four positions — and began the period of service to the county that has been unequalled for length by any prior clerk.

Before becoming clerk he had been secretary of the Mt. Joy Twp. board of supervisors, a post he accepted under two conditions—that the board get out of debt and that it meet in his kitchen. Both requirements were in due course met.

He placed no conditions on the clerk of the commissioners post — which entails duties as chief clerk of the commissioners, chief clerk to the institution district, chief clerk to the election board and chief clerk to the board of assessment and review.

Helped Clear Debt

The county, which had been $250,000 in debt, paid off the last of what it owed in 1955, and became one of the debt-free counties in the state.

To some extent paying of the debt was due to Smith's persistence in ferreting out means by which the debt could be paid off, and in refunding it to cut down the original interest rates.

In his letter of resignation Smith told the commissioners: "It has been a pleasure working for you and the four former boards of commissioners under which I served."

Many Changes Came

But he confesses there wasn't much pleasure the first year. "There were so many things I didn't know that I hated to hear the 'phone ring. Every time it seemed someone was asking about something of which I knew nothing." But since the end of the first year he has had the answers at his fingertips.

And the post has required a constant study and search to save the county money. During the 14 years the state legislature has passed bills which often required action by the commissioners. Smith never missed a cue.

At the same time he kept alert to changes of advantages to the county, and among other items the county has been a leader in Child Welfare work; has a soil conservation district; a new jail has been built; all but seven of its covered wooden bridges have been replaced, and a new property assessment system has been installed.

Work Doubled

During the 14 years the work of the commissioners' office has more

BIGLERVILLE SENIOR CHOIR SINGS SUNDAY

The 60-voice Biglerville Senior Choir will present a concert Sunday evening at 7:30 o'clock at Trinity Lutheran Church, Arendtsville.

The program, as announced by director Charles Yost, will open with "No Man Is An Island," arranged by Ringwald; "Now the Day Is Over," by Barnby, with baritone solo by Gerald Dorsey and "Out of the Depths" by Will James.

Following the singing of Palestrina's "Adoramus Te," a girls sextet comprising Joyce Starry, Jennie Lee Chronister, Barbara Freed, Joyce Ebbert, Nancy Arnold and Joan Tate, accompanied by Ruthann Musselman, will sing "The Night Has A Thousand Eyes," by Noble Cain and "The Cherubim Song," Bortuiansky.

Quartet To Sing

The choir will sing Smith's arrangement of "Plenty Good Room, "Listen to the Lambs" during which Barbara Freed will sing the soprano solo and Gounod's "Send Out Thy Light." Gail Sterner will sing the soprano solo during the presentation of Sateren's "Breath of God."

A boys' quartet comprising Thomas Leedy, Donald Blocher, Linwood Starner and Lynn Lerew will sing two spirituals "Were You There" and "Standin' In The Need of Prayer."

Concluding numbers on the program will be "St. Francis Hymn," arranged by Olds; Howarth's "Let Us Break Bread Together" with Joyce Starry singing the soprano solo, "Psalm 150," Lewandowiski, and "O Magnify The Lord With Me" as arranged by George Lynn.

Pianists for the choir's presentations will be Joyce Ebbert and Ruthanne Musselman.

WASH W. LINCOLN

Gettysburg firemen Wednesday afternoon washed a section of W. Lincoln Ave. to clean mud from the street. The "bath" was undertaken at the request of the borough highway crews to emove mud that had acumulated from trucks entering and leaving college construction work along the street.

Nasser's Political Chief Says Egypt Will Not Allow Foreign Supervision Of Suez

CAIRO (AP) — President Nasser's chief political aide, Wing Cmdr Ali Sabry, said today Egypt will allow no foreign supervision whatsoever over the Suez Canal.

In an interview with the newspaper Al Shaab (The People), Sabry said the canal would be open to large ships April 10 and that full details of Egypt's plan for operation of the waterway were expected to be announced around April 4.

Sabry said British and French ships will be allowed to go through the canal as long as they follow the regulations and procedures for all other ships. The key factor in this connection presumably will be whether they will pay tolls to Egypt. Before the British - French - Israeli invasion last fall most British and French ships paid their tolls to the old Suez Canal Co. in London or Paris.

Ignore Association

Sabry declared Egypt had not recognized the canal user's association the West formed last summer "because it includes some of the users but leaves out the majority of countries whose ships or trade go through the canal." Apparently he referred to the Arab oil-producing nations, whose output makes up the bulk of the canal traffic.

Sabre added, however, that cooperation between the Egyptian owners of the canal and its clients "is dictated by actual conditions and should safeguard mutual interests."

Insisting there would be no foreign supervision of the canal. Sabry said maintenance and development of the canal "are among the responsibilities of the (Egyptian) canal authority." This seemed to indicate Egypt would maintain a veto over any recommendations from a U. N. technical assistance group which has been suggested to help maintain the canal.

Use Tolls For Development

Sabry said Egypt planned to allocate a higher percentage of tolls for canal development than did the old Suez Canal Co. He charged that the only interest of the stockholders in the old company "was

VIENNA CHORUS WILL SING HERE SATURDAY NIGHT

Austria's most famous chorus, The Vienna Academy Chorus, directed by Dr. Guenther Theuring, will present the third and concluding concert in the 1956-57 series sponsored by the Gettysburg Concert Association in Christ Chapel Saturday evening at 8:30 o'clock.

The chorus has been engaged for this United States and Canadian tour by Andre Mertens, vice president of Columbia Artists Management, Inc.

The world famous Viennese group consists of 24 girls and boys, all professional singers and musicians. Its conductor, Dr. Theuring, is not only well known in Europe for his work with the chorus, but also as conductor of philharmonic orchestras.

Approved By Emperor

Changes of name and regimes have never altered purpose and performance of the Vienna Academy of Music which was founded in 1817 by the Society of the Friends of Music. Its headquarters, in those days, were at the building "Zum Roten Apfel" (The Sign of the Red Apple). Then, as now, there were 12 male and 12 female voices in the academy chorus.

In 1909, after the conservatory moved to its own building, it received the royal approval of Emperor Franz Joseph and was renamed "The Imperial Royal Academy for Music and Dramatic Art."

Among some of its students were Gustav Mahler, Hugo Wolf, Carl Flesch, Ernest Krenek, Erika Merini, Fritz Kreisler and such illustrious people as Anton Bruckner, Leopold Godowsky and Felix Weingartner taught there, to name only very few.

The Chorus was reorganized in 1945 by Professor Ferdinand Grossmann.

DIES FOLLOWING HEART ATTACK

Mrs. Bessie M. Spangler, 70, 114 W. Middle St., widow of George A. Spangler, died at the Warner Hospital this morning at 5:30 o'clock from a heart attack which she suffered on Tuesday. She had been admitted as a patient that day.

Mrs. Spangler was a native of Adams County and was a daughter of the late Leighton and Eliza Margaret (Rhodes) Trostle. Her husband died in 1926. Mrs. Spangler had taught school for eight years in this county and since last September had been employed at the Warner Hospital. She was a member of Trinity Evangelical and Reformed Church.

There are four children surviving: Mrs. Crawford C. Witherow, Gettysburg R. 2; Harvey A., Riverside, Md.; Mrs. Isaac R. Boyd, Rising Sun, Md., and Miss Grace E. Spangler, Harrisburg. There are two grandchildren.

These brothers and sisters also survive: Emory Trostle, York; Harvey, Gettysburg; Mrs. Guy Gordon, Fairfield R. 1, and Mrs. Aaron Kessel, Gettysburg.

Funeral services Saturday afternoon at 2 o'clock at the Bender Funeral Home with her pastor, the Rev. Dr. Howard S. Fox, officiating. Interment in Evergreen Cemetery. Friends may call at the funeral home Friday evening from 7 to 9 o'clock.

680 PUPILS GET VACCINE SHOTS

Six hundred eighty Gettysburg school children received Salk vaccine shots in the second series of school clinics conducted here Tuesday and Wednesday.

There were first shots for eight pupils, second shots for 575 and third shots for 97. The shots were given on Tuesday by Dr. Raymond F. Sheely to grade school pupils and on Wednesday at the high school by Dr. Harrison F. Harbach.

The first clinic was held February 26 and 27 and the third clinic to complete the series of shots will be set up for late September, Miss Ellen Miller, Gettysburg school nurse, said today.

Pupils who were absent for the clinics this week are being advised to go to the clinic at the Warner Hospital or to their family physician for the shots they missed at the school clinic.

There were 284 shots given on Tuesday and 396 on Wednesday.

COUPLE LICENSED

A marriage license was issued at the court house today to Charles Eugene Riffle, son of Mr. and Mrs. Orville A. Riffle, Gettysburg R. 2, and Nancy Jane Eiker, daughter of Mr. and Mrs. W. Raymond Eiker, Gettysburg R. 2.

DRIVER CHARGED

A ten-day notice has been mailed Glen H. Heflin, Baltimore St., by Justice of the Peace Robert P. Snyder on a charge of having a defective muffler. State police filed the charge.

Students Will See Driving Exhibition

Through arrangements made by John O'Brien, driver education teacher at Gettysburg High School, with Sterling Musselman, local insurance agent, local high school students this afternoon had the opportunity to find out how quickly they could stop a car at 20, 30 or 40 miles an hour.

Starting at 2 o'clock the students drove a car especially equipped by the Nationwide Insurance Co. with a device that fires a paint cartridge to the roadway when the driver is first to halt, another cartridge at the point where the driver responds to the command by applying the brakes and other when the car finally comes to a halt. The student then can see how far his car travels at varying speeds before he can respond to an emergency by applying brakes and how far a car travels after brakes are applied before halting. The three spots are shown by the paint splotches on the roadway.

CLASS TO HOLD EGG HUNT, TEA, CONCERT HERE

A mother-daughter concert and tea and an Easter egg hunt were planned by members of the Lydia Sunday School Class of St. James Lutheran Church when they met Tuesday night at the home of Mrs. Donald Weaver. The concert and tea are scheduled May 12 in the church chapel. Mrs. Paul L. Reaser will be in charge of the affair which will be held instead of a May meeting. An Easter egg hunt for the children of members will be held Saturday, April 20. Mrs. Harold Ford is chairman of the hunt. Her committee includes: Mrs. Ray Breighner, Mrs. Richard Haller and Mrs. Weaver. Members have been requested to donate colored eggs. The location of the hunt will be announced later.

Class members will meet at the church to attend the Lenten service Tuesday, April 16, in a body, it was announced.

Discuss Family Devotions

A discussion on family devotions was conducted by Mrs. Weaver and Mrs. Paul Dorr. Mrs. Richard Smith spoke on prayer citing excerpts from "Strength of Personal Prayer" by the Rev. Harry Emerson Fosdick and "Learning How to Pray" by Dr. Norman Vincent Peale. The discussion was concluded by Mrs. Reaser who told the story of the Rev. Dr. Clifton A. Best, canon missioner of the Diocese of the Harrisburg Protestant Episcopal Church. She also discussed contemporary miracles as a result of prayer.

Dessert was served by the hostess, Mrs. Weaver, and her committee. Mrs. William Timmins Jr. won the guess prize. Floral decorations were forsythia.

The next meeting will be held April 30 at the parsonage with Mrs. Reaser as hostess. Co-hostesses will be Mrs. William Timmins Jr. and Mrs. Wilbur Rudisill.

MOTEL GROUP BACKS AD BILL

The board of directors of the Pennsylvania Motel Association met Wednesday afternoon at the Hotel Gettysburg and decided to hold its next quarterly meeting in June in Gettysburg.

Thirty-five attended the session including all 12 members of the board, plus officers of regional motel groups affiliated with the state organization.

A resolution was passed endorsing House Bill 519 in the state legislature, which would allocate $600,000 to be expended by the state vacation bureau to advertise the state.

Another resolution, opposing U. S. Senate Bill 963, was passed. The bill would forbid billboards along the limited access main highways throughout the U.S. under the new federal aid plan.

A number of the members said inability to advertise their establishments by billboards would "mean bankruptcy for 50 per cent of the motels." Road signs, they said, are the only way in which motels can notify most motorists of their existence.

A report on the activities of the association during the last three months was presented by the secretary, James L. Hafer.

PLEADS GUILTY

Carl Clarence Crawford, Seattle, Wash., posted $1,000 bail before Justice of the Peace John H. Basehoar to appear for court after pleading guilty to a charge of driving while under the influence placed by state police.

Modern 'Huck Finns' Discovered And Now They're Back In School

OKLAHOMA CITY (AP) — While their parents thought they were in school every day, two young boys lived a Huckleberry Finn life for 6½ months "exploring and sittin' and watching the sky."

The heaven they built for themselves at their "secret" cave was shattered yesterday and they were to be enrolled in school today.

Police discovered Ora Lee Linville, 14, and his brother Jerry, 13, sitting beside a cheery camp fire in their cave yesterday morning. The cave, located in a creek bank near Southeast High School, was near a playground.

Eat, Sit, Hike

"We spent the mornings exploring," Ora said. "Then we'd build a camp fire and eat lunch In the afternoons we'd just sit and watch the sky or the creek until school was out and then we'd go back home."

Sometimes they would hike into the country—if the day was warm. Their mother thought the boys had enrolled in school last September. They admitted it was a touch-and-go situation keeping mom and dad fooled.

"When mother asked for our report cards we told her we had lost them or that the school wouldn't give them to us until we paid a fee," Ora Lee said. The family moved here recently from Chickasha, Okla., and weren't familiar with the grade card system.

Took Some Explaining

He said other things also had to be explained such as not bringing books home or not having any home work.

The parents, Mr. and Mrs. earl Linville, said the first time they knew the boys had not been at school was when a police car brought them home.

"They'll be in school tomorrow morning," Linville said.

"Dad gave us a pretty hard talking to when he found out about it," Ora said.

The lads were discovered by officers after neighbors reported seeing them near the cave during school hours.

P. D. M'DERMITT ELECTED HEAD OF LOCAL VFW

Patrick D. McDermitt, Hanover St., was elected commander of the VFW Post at a meeting Wednesday evening at the post home on E. Middle St. He had been senior vice commander and will succeed Raymond Strohm.

John Murray was elected senior vice commander; John E. Kerrigan, junior vice commander; Acie T. Marksberry, quartermasier; Dr. John Knox, surgeon; Attorney John A. MacPhail, judge advocate;; John W. Roth, chaplain, and Glenn Shriner, trustee for three years.

Accepted as new members were Carl R. Van Lowe Jr. and Luther A. Boyd. Two whose memberships had lapsed were reinstated. Membership was reported at 503.

Members who do not expect to attend the April 10 meeting of the home association were asked to file proxy forms with the secretary prior to that date to permit a vote of the entire membership on a plan to replace an existing trust fund, which provides death benefits for members, with an insurance program.

$6,036 In Fund

It was explained the trust fund was begun January 3, 1951, by the home association to pay $100 death benefits to the heirs of each deceased member. Present balance in the fund is $6,036.97.

"Because of circumstances beyond the control of the Home Association it has not been able to make required payments into the trust and will be unable to do so in the foreseeable future," it was announced.

Under the plan proposed Wednesday, the local VFW will join an insurance program established by the state VFW which will pay $100 death benefits to the local members. The amount remaining in the trust fund will be applied against its debt.

An affirmative vote of at least 85 per cent of all members is needed to make the change.

HI-Y RALLY TO BE HELD MONDAY

Approximately 200 high school students, members of the 19 Hi-Y and Tri-Hi-Y Clubs in the county, are expected for the fifth annual Adams County Y-Club Rally Monday afternoon and evening at the SCA building at Gettysburg College.

John Steiner, president of the Adams County Hi-Y Youth Council, sponsors of the rally, said the program will open with registration at 3:45 o'clock in the main lobby at the SCA building.

Softball on the college diamond and swimming in the college pool are among events to be held. At 4:30 o'clock a business session will be held at which Dr. Harvey D. Hoover, professor emeritus of Gettysburg Lutheran Theological Seminary, will speak on "A Little Barn and a Big Fool."

At 6:15 o'clock a box social will be held in the SCA building with the girls providing the box lunches and the boys bidding for the boxes.

From 7:30 to 9 o'clock a dance will be held in the college gymnasium, with music furnished by the Biglerville High School dance orchestra to conclude the program.

Heart Operation Set For Tuesday

Carmen "Buddy" Johanningmeier, 15-year-old Biglerville High School boy for whom 23 Gettysburg College students and local residents went to Philadelphia to give blood Wednesday, now is scheduled for heart surgery at Hahnemann Hospital there next Tuesday.

After the donors had given blood Wednesday, the operation had been scheduled for Friday but the Red Cross here was notified today that it was postponed until next Tuesday.

Johanningmeier, son of Mrs. Margaret Klinefelter, has been a patient in Hahnemann Memorial Hospital for a week in preparation for the heart operation to be performed by Dr. Charles P. Bailey, noted heart surgeon.

Twenty college fraternity men, another student and two of the Red Cross drivers who took the donors to Philadelphia Wednesday morning had volunteered to give blood.

PLAN HANOVER TRIP

The Horticultural Buds 4-H Club will meet Saturday afternoon at 12:15 o'clock at the Adams Electric Cooperative building to go to Hanover to visit the Cremer greenhouses. At the Cremer plant attendants will conduct a tour and show methods of flower arrangement and use of colors in arranging flowers. Members are asked to invite friends, who may wish to be members of the group when it reorganizes in the near future, to join them in the field trip.

Make a date to attend Sixes' "Anniversary Sale" starting Friday! Open Friday and Saturday evenings! Furniture and appliances, 62 Chambersburg St.

Clarence C. Smith Today Ends 14 Years As Clerk To County Commissioners; Enrolled Ike As Voter

Clarence C. Smith, who served as clerk to the Adams County commissioners for more than 14 years, the longest anyone ever held the office, today was serving his last day in the post. He resigned last January with the effective date of his retirement being March 31.

But he concludes his work today in order to take advantage of several days vacation time that he had accumulated.

Smith began his duties December 1. 1942, and has served under five boards of commissioners. He will be succeeded by Crosby N. Hartzell, Hillcrest Pl., who will assume the duties Monday.

Enrolled The President

Mr. Smith has little hesitation in naming as the "red letter day" in those 14 years the day President Eisenhower came into the commissioners' office and was enrolled by Mr. Smith as a Republican voter in Cumberland Twp.

The Fayetteville R. D. resident was a farmer in Mt. Joy Twp., on two farms, one that had been in the family since the days of the Penns, when he was asked to serve as coordinator for the establishment of the Adams Electric Cooperative. As coordinator his job was to direct 33 men who visited farmers throughout the area to talk to them about the proposed electric power cooperative and obtain their signatures as potential members. He also did the necessary bookwork that went with that post.

Smith's success in that position, which helped bring about the Adams Electric Cooperative, led to his being offered the clerkship of the Adams County commissioners, which was open at that time.

Four Jobs In One

Smith accepted the position — which actually is four positions — and began the period of service to the county that has been unequalled for length by any prior clerk.

Before becoming clerk he had been secretary of the Mt. Joy Twp. board of supervisors, a post he accepted under two conditions—that the board get out of debt and that it meet in his kitchen. Both requirements were in due course met.

He placed no conditions on the clerk of the commissioners post — which entails duties as chief clerk of the commissioners, chief clerk to the institution district, chief clerk to the election board and chief clerk to the board of assessment and review.

Helped Clear Debt

The county, which had been $250,000 in debt, paid off the last of what it owed in 1955, and became one of the debt-free counties in the state.

To some extent paying of the debt was due to Smith's persistence in ferreting out means by which the debt could be paid off, and in refunding it to cut down the original interest rates.

In his letter of resignation Smith told the commissioners: "It has been a pleasure working for you and the four former boards of commissioners under which I served."

Many Changes Came

But he confesses there wasn't much pleasure the first year. "There were so many things I didn't know that I hated to hear the 'phone ring. Every time it seemed someone was asking about something of which I knew nothing." But since the end of the first year he has had the answers at his fingertips.

And the post has required a constant study and search to save the county money. During the 14 years the state legislature has passed bills which often required action by the commissioners. Smith never missed a cue.

At the same time he kept alert to changes of advantages to the county, and among other items the county has been a leader in Child Welfare work; has a soil conservation district; a new jail has been built; all but seven of its covered wooden bridges have been replaced, and a new property assessment system has been installed.

Work Doubled

During the 14 years the work of the commissioners' office has more

BIGLERVILLE SENIOR CHOIR SINGS SUNDAY

The 60-voice Biglerville Senior Choir will present a concert Sunday evening at 7:30 o'clock at Trinity Lutheran Church, Arendtsville.

The program, as announced by director Charles Yost, will open with "No Man Is An Island," arranged by Ringwald; "Now the Day Is Over," by Barnby, with baritone solo by Gerald Dorsey and "Out of the Depths" by Will James.

Following the singing of Palestrina's "Adoramus Te," a girls sextet comprising Joyce Starry, Jannie Lee Chronister, Barbara Freed, Joyce Ebbert, Nancy Arnold and Joan Tate, accompanied by Ruthann Musselman, will sing "The Night Has A Thousand Eyes," by Noble Cain and "The Cherubim Song," Bortuiansky.

Quartet To Sing

The choir will sing Smith's arrangement of "Plenty Good Room, "Listen to the Lambs" during which Barbara Freed will sing the soprano solo and Gounod's "Send Out Thy Light." Gail Sterner will sing the soprano solo during the presentation of Sateren's "Breath of God."

A boys' quartet comprising Thomas Leedy, Donald Blocher, Linwood Starner and Lynn Lerew will sing two spirituals "Were You There" and "Standin' In The Need of Prayer."

Concluding numbers on the program will be "St. Francis Hymn," arranged by Olds; Howarth's "Let Us Break Bread Together" with Joyce Starry singing the soprano solo, "Psalm 150," Lewandowiski, and "O Magnify The Lord With Me" as arranged by George Lynn.

Pianists for the choir's presentations will be Joyce Ebbert and Ruthanne Musselman.

WASH W. LINCOLN

Gettysburg firemen Wednesday afternoon washed a section of W. Lincoln Ave. to clean mud from the street. The "bath" was undertaken at the request of the borough highway crews to emove mud that had acumulated from trucks entering and leaving college construction work along the street.

Nasser's Political Chief Says Egypt Will Not Allow Foreign Supervision Of Suez

CAIRO (AP) — President Nasser's chief political aide, Wing Cmdr. Ali Sabry, said today Egypt will allow no foreign supervision whatsoever over the Suez Canal.

In an interview with the newspaper Al Shaab (The People), Sabry said the canal would be open to large ships April 10 and that full details of Egypt's plan for operation of the waterway were expected to be announced around April 4.

Sabry said British and French ships will be allowed to go through the canal as long as they follow the regulations and procedures for all other ships. The key factor in this connection presumably will be whether they will pay tolls to Egypt. Before the British - French - Israeli invasion last fall most British and French ships paid their tolls to the old Suez Canal Co. in London or Paris.

Ignore Association

Sabry declared Egypt had not recognized the canal user's association the West formed last summer "because it includes some of the users but leaves out the majority of countries whose ships or trade go through the canal." Apparently he referred to the Arab oil-producing nations, whose output makes up the bulk of the canal traffic.

Sabre added, however, that cooperation between the Egyptian owners of the canal and its clients "is dictated by actual conditions and should safeguard mutual interests."

Insisting there would be no foreign supervision of the canal. Sabry said maintenance and development of the canal "are among the responsibilities of the (Egyptian) canal authority." This seemed to indicate Egypt would maintain a veto over any recommendations from a U. N. technical assistance group which has been suggested to help maintain the canal.

Use Tolls For Development

Sabry said Egypt planned to allocate a higher percentage of tolls for canal development than did the old Suez Canal Co. He charged that the only interest of the stockholders in the old company "was

VIENNA CHORUS WILL SING HERE SATURDAY NIGHT

Austria's most famous chorus, The Vienna Academy Chorus, directed by Dr. Guenther Theuring, will present the third and concluding concert in the 1956-57 series sponsored by the Gettysburg Concert Association in Christ Chapel Saturday evening at 8:30 o'clock.

The chorus has been engaged for this United States and Canadian tour by Andre Mertens, vice president of Columbia Artists Management, Inc.

The world famous Viennese group consists of 24 girls and boys, all professional singers and musicians. Its conductor, Dr. Theuring, is not only well known in Europe for his work with the chorus, but also as conductor of philharmonic orchestras.

Approved By Emperor

Changes of name and regimes have never altered purpose and performance of the Vienna Academy of Music which was founded in 1817 by the Society of the Friends of Music. Its headquarters, in those days, were at the building "Zum Roten Apfel" (The Sign of the Red Apple). Then, as now, there were 12 male and 12 female voices in the academy chorus.

In 1909, after the conservatory moved to its own building, it received the royal approval of Emperor Franz Joseph and was renamed "The Imperial Royal Academy for Music and Dramatic Art."

Among some of its students were Gustav Mahler, Hugo Wolf, Carl Flesch, Ernest Krenek, Erika Merini, Fritz Kreisler and such illustrious people as Anton Bruckner, Leopold Godowsky and Felix Weingartner taught there, to name only very few.

The Chorus was reorganized in 1945 by Professor Ferdinand Grossmann.

DIES FOLLOWING HEART ATTACK

Mrs. Bessie M. Spangler, 70, 114 W. Middle St., widow of George A. Spangler, died at the Warner Hospital this morning at 5:30 o'clock from a heart attack which she suffered on Tuesday. She had been admitted as a patient that day.

Mrs. Spangler was a native of Adams County and was a daughter of the late Leighton and Eliza Margaret (Rhodes) Trostle. Her husband died in 1926. Mrs. Spangler had taught school for eight years in this county and since last September had been employed at the Warner Hospital. She was a member of Trinity Evangelical and Reformed Church.

There are four children surviving: Mrs. Crawford C. Witherow, Gettysburg R. 2; Harvey A., Riverside, Md.; Mrs. Isaac R. Boyd, Rising Sun, Md., and Miss Grace E. Spangler, Harrisburg. There are two grandchildren.

These brothers and sisters also survive: Emory Trostle, York; Harvey, Gettysburg; Mrs. Guy Gordon, Fairfield R. 1, and Mrs. Aaron Kessel, Gettysburg.

Funeral services Saturday afternoon at 2 o'clock at the Bender Funeral Home with her pastor, the Rev. Dr. Howard S. Fox, officiating. Interment in Evergreen Cemetery. Friends may call at the funeral home Friday evening from 7 to 9 o'clock.

680 PUPILS GET VACCINE SHOTS

Six hundred eighty Gettysburg school children received Salk vaccine shots in the second series of school clinics conducted here Tuesday and Wednesday.

There were first shots for eight pupils, second shots for 575 and third shots for 97. The shots were given on Tuesday by Dr. Raymond F. Sheely to grade school pupils and on Wednesday at the high school by Dr. Harrison F. Harbach.

The first clinic was held February 26 and 27 and the third clinic to complete the series of shots will be set up for late September, Miss Ellen Miller, Gettysburg school nurse, said today.

Pupils who were absent for the clinics this week are being advised to go to the clinic at the Warner Hospital or to their family physician for the shots they missed at the school clinic.

There were 284 shots given on Tuesday and 396 on Wednesday.

COUPLE LICENSED

A marriage license was issued at the court house today to Charles Eugene Riffle, son of Mr. and Mrs. Orville A. Riffle, Gettysburg R. 2, and Nancy Jane Elker, daughter of Mr. and Mrs. W. Raymond Elker, Gettysburg R. 2.

DRIVER CHARGED

A ten-day notice has been mailed Glen H. Heflin, Baltimore St., by Justice of the Peace Robert P. Snyder on a charge of having a defective muffler. State police filed the charge.

Students Will See Driving Exhibition

Through arrangements made by John O'Brien, driver education teacher at Gettysburg High School, with Sterling Musselman, local insurance agent, local high school students this afternoon had the opportunity to find out how quickly they could stop a car at 20, 30 or 40 miles an hour.

Starting at 2 o'clock the students drove a car especially equipped by the Nationwide Insurance Co. with a device that fires a paint cartridge to the roadway when the driver is first to halt, another cartridge at the point where the driver responds to the command by applyin. the brakes and other when the car finally comes to a halt. The student then can see how far his car travels at varying speeds before he can respond to an emergency by applying brakes and how far a car travels after brakes are applied before halting. The three spots are shown by the paint splotches on the roadway.

CLASS TO HOLD EGG HUNT, TEA, CONCERT HERE

A mother-daughter concert and tea and an Easter egg hunt were planned by members of the Lydia Sunday School Class of St. James Lutheran Church when they met Tuesday night at the home of Mrs. Donald Weaver. The concert and tea are scheduled May 12 in the church chapel. Mrs. Paul L. Reaser will be in charge of the affair which will be held instead of a May meeting. An Easter egg hunt for the children of members will be held Saturday, April 20. Mrs. Harold Ford is chairman of the hunt. Her committee includes: Mrs. Ray Breighner, Mrs. Richard Haller and Mrs. Weaver. Members have been requested to donate colored eggs. The location of the hunt will be announced later.

Class members will meet at the church to attend the Lenten service Tuesday, April 16, in a body, it was announced.

Discuss Family Devotions

A discussion on family devotions was conducted by Mrs. Weaver and Mrs. Paul Dorr. Mrs. Richard Smith spoke on prayer citing excerpts from "Strength of Personal Prayer" by the Rev. Harry Emerson Fosdick and "Learning How to Pray" by Dr. Norman Vincent Peale. The discussion was concluded by Mrs. Reaser who told the story of the Rev. Dr. Clifton A. Best, canon missioner of the Diocese of the Harrisburg Protestant Episcopal Church. She also discussed contemporary miracles as a result of prayer.

Dessert was served by the hostess, Mrs. Weaver, and her committee. Mrs. William Timmins Jr. won the guess prize. Floral decorations were forsythia.

The next meeting will be held April 30 at the parsonage with Mrs. Reaser as hostess. Co-hostesses will be Mrs. William Timmins Jr. and Mrs. Wilbur Rudisill.

MOTEL GROUP BACKS AD BILL

The board of directors of the Pennsylvania Motel Association met Wednesday afternoon at the Hotel Gettysburg and decided to hold its next quarterly meeting in June in Gettysburg.

Thirty-five attended the session including all 12 members of the board, plus officers of regional motel groups affiliated with the state organization.

A resolution was passed endorsing House Bill 519 in the state legislature, which would allocate $600,000 to be expended by the state vacation bureau to advertise the state.

Another resolution, opposing U. S. Senate Bill 963, was passed. The bill would forbid billboards along the limited access main highways throughout the U.S. under the new federal aid plan.

A number of the members said inability to advertise their establishments by billboards would "mean bankruptcy for 50 per cent of the motels." Road signs, they said, are the only way in which motels can notify most motorists of their existence.

A report on the activities of the association during the last three months was presented by the secretary, James L. Hafer.

PLEADS GUILTY

Carl Clarence Crawford, Seattle, Wash., posted $1,000 bail before Justice of the Peace John H. Basehoar to appear for court after pleading guilty to a charge of driving while under the influence placed by state police.

PLAN ANNUAL ADAMS ELECTRIC COOP. MEETING

Members of the Adams Electric Cooperative, Inc., will gather Saturday at Gettysburg High School for their 15th annual meeting. Several hundred members from Adams, York, Cumberland and Franklin Counties are expected to attend.

Luncheon will be served from 11 a.m. until 1 p.m. in the school cafeteria by the Gettysburg Band Boosters' Club and from noon to 1 p.m. there will be accordion music by Mary Howe of Fayetteville.

The annual meeting will be called to order at 1 p.m. by President Henry E. Miller of Brodbecks. He will offer the invocation and group singing will be led by Mrs. Fred D. Slegal. The annual address by the president and the report of Treasurer Howard S. Schwartz of Littlestown will follow.

To Elect Directors

Three directors are to be elected during the business session, one each from Adams, York and Cumberland counties.

Manager C. A. Cluck will present his annual report and there will be talks by Richard C. Lighter, area supervisor of vocational agriculture, and Attorney Daniel E. Teeter, who has been attorney for the cooperative since its formation.

On the entertainment program during the afternoon will be music by "The 9 Sharps" from the Shippensburg High School, marimba music by Connie Riley of Gettysburg and solos by Mary Ann Burgoon of Littlestown.

Last feature of the program will be the annual drawing for about two dozen door prizes.

KOREAN WAR VETERAN DIES

Paul Vincent Topper, 25, Emmitsburg R. 2, a veteran of the fighting in Korea, died in the Veterans' Hospital at Martinsburg, W. Va., at 8:30 o'clock Wednesday evening. He had been a patient there for some time.

Mr. Topper was a son of Jacob and Helen Myers Topper and was a member of St. Joseph's Catholic Church at Emmitsburg. He also belonged to the Holy Name Society of the church.

Surviving are 11 brothers and sisters: Rebecca, David, Theodore, Edward, John and Lucille, all at home; Mrs. Josephine Krietz, Emmitsburg; Mrs. Anna Little, Thurmont; Mrs. Elizabeth Kaas, Emmitsburg; Clyde, Emmitsburg, and Mrs. Geraldine Sites, Fairfield.

His grandfather, Charles Myers, Emmitsburg, also survives.

Requiem mass Saturday morning at 9 o'clock at St. Joseph's Church in Emmitsburg with the Rev. Fr. John Sullivan officiating. Interment in the new St. Joseph's Cemetery. Friends may call Friday evening after 7 o'clock at the Allison Funeral Home in Emmitsburg where the rosary will be said at 8 p.m.

$65 Damage In Car Crash On N. Stratton

Damage totalled $65 when two cars collided Wednesday afternoon at 12:30 o'clock at the intersection of Racehorse Alley and N. Stratton St.

Borough police said Fred H. Wetzel, 32 N. Stratton St., was driving south on N. Stratton St. and was attempting a left turn into Racehorse Alley when his car was struck by the auto of Paul R. Golden, Gettysburg R. 5, headed north on Stratton St.

Damage was estimated at $35 to the Wetzel car and $30 to Golden's vehicle.

Modern 'Huck Finns' Discovered And Now They're Back In School

OKLAHOMA CITY (AP) — While their parents thought they were in school every day, two young boys lived a Huckleberry Finn life for 6½ months "exploring and sittin' and watching the sky."

The heaven they built for themselves at their -'secret" cave was shattered yesterday and they were to be enrolled in school today.

Police discovered Ora Lee Linville, 14, and his brother Jerry, 13, sitting beside a cheery camp fire in their cave yesterday morning. The cave, located in a creek bank near Southeast High School, was near a playground.

Eat, Sit, Hike

"We spent the mornings exploring," Ora said. "Then we'd build a camp fire and eat lunch. In the afternoons we'd just sit and watch the sky or the creek until school was out and then we'd go back home."

Sometimes they would hike into the country—if the day was warm. Their mother thought the boys had enrolled in school last September. They admitted it was a touch-and-go situation keeping mom and dad fooled.

"When mother asked for our report cards we told her we had lost them or that the school wouldn't give them to us until we paid a fee," Ora Lee said. The family moved here recently from Chickasha, Okla., and weren't familiar with the grade card system.

Took Some Explaining

He said other things also had to be explained such as not bringing books home or not having any home work.

The parents, Mr. and Mrs. earl Linville, said the first time they knew the boys had not been at school was when a police car brought them home.

"They'll be in school tomorrow morning," Linville said.

"Dad gave us a pretty hard talking to when he found out about it," Ora said.

The lads were discovered by officers after neighbors reported seeing them near the cave during school hours.

Give Contract For New Office Floors

The Adams County commissioners Wednesday afternoon granted the contract for placing of vinyl-plastic floor tile in eight rooms on the first floor of the courthouse.

The bid of D. F. Slegal, McKnightstown, the only one received, of $1,230.83 for the flooring work was accepted. Slegal wil have 30 days to place the flooring after filin ghis contractor's bond. A hardboard flooring will be placed first over the present wooden floors and the vinyl-plastic tile will be placed on top of the hardboard. The offices in which the flooring is to be placed are the three occupied by the Child Welfare Service and those of the chief assessor, register and recorder, county farm agent, prothonotary and clerk of the courts.

GIRL SCOUTERS TO HOLD ANNUAL MEETING HERE

The annual spring meeting of the Adams County Girl Scout Council will be held Tuesday evening at 8 o'clock at the dining room in St. James Lutheran Church, it was announced today.

All adults connected with the Girl Scout movement are urged to attend the meeting at which officers and directors will be named.

Officials of the Girl Scouts are elected for two year terms and may serve two consecutive terms Under the constitution of the group, after serving two terms a member may not be a member of the board for at least a year before returning to a board position.

Mrs. David E. Winebrenner, membership nominating chairman, has proposed the following slate which will be presented for the election Tuesday evening:

Mrs. Warren Robinson, Gettysburg, first vice president; Miss Mildred Moser, Gettysburg, treasurer; Mrs. Ross White, Cashtown, secretary; Mrs. M. Hardy Nichols, Gettysburg, registrar; Mrs. Emory Raffensperger, Biglerville, staff and office chairman; Oliver Peifer, Gettysburg, finance chairman; Mrs. Carroll Arter, Littlestown, training chairman, and Mrs. William Lentz, Gettysburg, program chairman.

Few Registering At Courthouse Today

Only a few registered today at the courthouse in order to vote in the forthcoming primary. Monday will be the last day to register.

Election officials reminded that persons becoming 21 years of age on or before May 22 may register now to vote at the May 21 primaries.

Monday at 4 p.m. is not only the last day to register at the courthouse here but is also the last day to make changes as to residence and party choice. The registration office is open from 8 a.m. to 12 noon and from 1 to 4 p.m. Friday and Monday and from 8 a.m. to noon Saturday.

P. D. M'DERMITT ELECTED HEAD OF LOCAL VFW

Patrick D. McDermitt, Hanover St., was elected commander of the VFW Post at a meeting Wednesday evening at the post home on E. Middle St. He had been senior vice commander and will succeed Raymond Strohm.

John Murray was elected senior vice commander; John E. Kerrigan, junior vice commander; Acie T. Marksberry, quartermaster; Dr. John Knox, surgeon; Attorney John A. MacPhail, judge advocate;; John W. Roth, chaplain, and Glenn Shriner, trustee for three years.

Accepted as new members were Carl R. Van Lowe Jr. and Luther A. Boyd. Two whose memberships had lapsed were reinstated. Membership was reported at 503.

Members who do not expect to attend the April 10 meeting of the home association were asked to file proxy forms with the secretary prior to that date to permit a vote of the entire membership on a plan to replace an existing trust fund, which provides death benefits for members, with an insurance program.

$6,036 In Fund

It was explained the trust fund was begun January 3, 1951, by the home association to pay $100 death benefits to the heirs of each deceased member. Present balance in the fund is $6,036.97.

"Because of circumstances beyond the control of the Home Association it has not been able to make required payments into the trust and will be unable to do so in the foreseeable future," it was announced.

Under the plan proposed Wednesday, the local VFW will join an insurance program established by the state VFW which will pay $100 death benefits to the local members. The amount remaining in the trust fund will be applied against its debt.

An affirmative vote of at least 85 per cent of all members is needed to make the change.

HI-Y RALLY TO BE HELD MONDAY

Approximately 200 high school students, members of the 19 Hi-Y and Tri-Hi-Y Clubs in the county, are expected for the fifth annual Adams County Y-Club Rally Monday afternoon and evening at the SCA building at Gettysburg College.

John Steiner, president of the Adams County Hi-Y Youth Council, sponsors of the rally, said the program will open with registration at 3:45 o'clock in the main lobby at the SCA building.

Softball on the college diamond and swimming in the college pool are among events to be held. At 4:30 o'clock a business session will be held at which Dr. Harvey D. Hoover, professor emeritus of Gettysburg Lutheran Theological Seminary, will speak on "A Little Barn and a Big Fool."

At 6:15 o'clock a box social will be held in the SCA building with the girls providing the box lunches and the boys bidding for the boxes.

From 7:30 to 9 o'clock a dance will be held in the college gymnasium, with music furnished by the Biglerville High School dance orchestra to conclude the program.

Heart Operation Set For Tuesday

Carmen "Buddy" Johanningmeier, 15-year-old Biglerville High School boy for whom 23 Gettysburg College students and local residents went to Philadelphia to give blood Wednesday, now is scheduled for heart surgery at Hahnemann Hospital there next Tuesday.

After the donors had given blood Wednesday, the operation had been scheduled for Friday but the Red Cross here was notified today that it was postponed until next Tuesday.

Johanningmeier, son of Mrs. Margaret Klinefelter, has been a patient in Hahnemann Memorial Hospital for a week in preparation for the heart operation to be performed by Dr. Charles P. Bailey, noted heart surgeon.

Twenty college fraternity men, another student and two of the Red Cross drivers who took the donors to Philadelphia Wednesday morning had volunteered to give blood.

PLAN HANOVER TRIP

The Horticultural Buds 4-H Club will meet Saturday afternoon at 12:15 o'clock at the Adams Electric Cooperative building to go to Hanover to visit the Cremer greenhouses. At the Cremer plant attendants will conduct a tour and show methods of flower arrangement and use of colors in arranging flowers. Members are asked to invite friends, who may wish to be members of the group when it reorganizes in the near future, to join them in the field trip.

Make a date to attend Sixeas' "Anniversary Sale" starting Friday! Open Friday and Saturday evenings! Furniture and appliances, 62 Chambersburg St.

Leader Says Union's Only Fear Is Government Control

PITTSBURGH (AP)—Gov. Leader said today that "the great danger facing labor" was "any governmental attempt to control the structure of unions."

"The vast majority of America's unions need fear no appraisal, nor fair investigation from any source," he told the annual convention of the Pennsylvania Federation of Labor in a prepared speech.

He referred indirectly to congressional hearings into affairs of top officials of the Teamsters Union.

"Hardly two months ago, George Meany, at the midwinter meeting of the AFL-CIO Executive Council, read the riot act to three unions which had failed 'to meet the standards of ethical union practices.' The nation's press applauded.

"The applause is strangely hushed these days. A handful of union leaders, it seems, are in need of a spring house-cleaning."

He said that if "those who fear labor and would destroy the trade union movement" were successful, "right-to-work legislation and similar punitive laws will roll back labor's hard-won gains of the past half century."

"Should the climate permit," he continued, "I have little doubt that this, or the next, session of the Legislature will see the introduction of a right-to-work bill." He promised a veto if such legislation were sent to his desk.

William L. Batt Jr., Pennsylvania's new secretary of labor and undustry, told the federation the state's industrial unemployment "appears to be increasing as quickly as new jobs can be created."

Heavy Unemployment

He said this was occurring despite "Herculean efforts" to build new factories and expand old ones.

"We estimate that between one-fourth and one-third of all the unemployment in the United States is in this state alone," Batt said in his prepared speech. It was his first public talk since he took office earlier this month.

He cited 11 areas in the state, most of them in anthracite and bituminious coal regions, in which he said unemployment ranged from 6 to 18 per cent of the total labor force. The nation's low average during the depression was 20 per cent, he said.

Eighty communities in these areas have raised 44 million dollars since World Warr II to finance construction of 112 factory buildings now employing 27,000 workers, he told the labor delegates.

He added that the Pennsylvania Industrial Development Authority in the Department of Commerce had loaned a total of three millions to help build or expand 21 factories employing 4,752.

"And yet, I am sure that in this rich and successful experience that we have had in Pennsylvania lies the formula for the solution of the problem . . . what we need is more revolving loan funds—more than the communities and more than the state can provide. There is just one place to get them, and that is the federal government," Batt said.

Weather Forecast

Extended forecast for Thursday, March 28, through Monday, April 1:

Eastern Pennsylvania, eastern New York and MidAtlantic states, western Pennsylvania, western New York and West Virginia: Temperature will average normal to 3 degrees above normal, cooler tonight and Friday, warmer over weekend, cooler Monday, precipitation mostly rain south Friday and Monday, rain or snow north Saturday and Monday, total ½ to 1 inch.

HARRISBURG (AP)—The Public Utility Commission has authorized the Metropolitan Edison Co. of Reading to sell common stock worth 10½ million dollars to finance new construction.

DEFER ACTION ON FARE BOOST

PHILADELPHIA (AP)—The Philadelphia Transportation Co. will postpone for one month its action on new fare increases, the company's board of directors said yesterday.

President Douglas M. Pratt said the decision does not mean the company is considering giving up the request for an increase. He reiterated the company's intentions to file for the increase with the State Public Utilities Commission.

"We definitely will file the application in April," Pratt said.

The revised fare schedule would leave unchanged the basic fare of 20 cents a ride and free transfers for up to two additional rides. However, tokens would be increased one cent, school fares a nickel, and zone fares for suburban travel by 10 cents a zone. The revisions would bring in an estimated $2,400,000 additional revenue a year.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—Within less than a week after the Bermuda conference — between President Eisenhower and British Prime Minister Macmillan — Americans and British are disagreeing on what they agreed to.

If this keeps up, the Bermuda meeting will look like a farce which may have done more damage than it was intended to repair.

To the Republicans two of the dirtiest words in the language are "secret agreements." They made as much political hay as they could out of denouncing President Roosevelt's Yalta agreements with Stalin. The last thing they want wrapped around their necks is a charge that Eisenhower and Macmillan reached secret agreements.

Deny Secret Agreements

When Eisenhower flew home Sunday, Macmillan and his party remained in Bermuda.

On Monday and again yesterday American correspondents who also remained at Bermuda have written stories—based on information given them by the British — that Eisenhower and Macmillan reached accord on documents described variously as directives, agreements and protocols, more than 25 of them in writing.

Four times now in those two days the Eisenhower administration has denied there were any secret agreements.

Mending The Split

The primary purpose of the Bermuda meeting was to mend the split — due to a loss of confidence — between the United States and Britain. The split occurred last fall when Britain, joining France and Israel, attacked Egypt.

The British did so without consulting this country, in whose handling of Egyptian President Nasser it had lost confidence. The British were for direct action. The Eisenhower administration wanted to go easy.

Before Eisenhower and Macmillan parted Sunday they issued a public statement on what they discussed and agreed to. It was full of trite opinions and showed the two men hadn't agreed on much of specific import.

"Except One"

After Eisenhower left, Macmillan held a press conference where he said he and Eisenhower had agreed on the policies the United States and Britain must take to obtain interim and long-term settlements in the Middle East.

The public statement had said no such thing. Yesterday at his news conference Secretary of State Dulles said there had been no agreements on the Middle East. Dulles also said there had been no written understandings not made public, except one.

Ike Repeats It

He said there was a "procedural" understanding for "reviewing the intelligence arrangements which we have concerning alerts."

On Monday at his White House conference with congressional leaders — to tell them what had happened at Bermuda — Eisenhower reportedly said there had been no secret agreements.

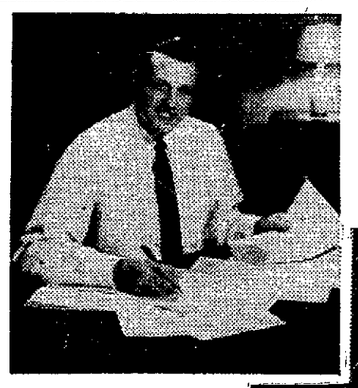

His White House press secretary, James Hagerty, repeated that statement later Monday. Yesterday again Hagerty said Eisenhower and Macmillan had made no secret agreements.

HARRISBURG (AP)—Senate committee approval was given last night to proposals that would place under State Highways supervision these routes:

A total of .17 of a mile of road way in Atglen, Chester County; 5 miles from Nanticoke east to a point on the city line of Wilkes-Barre and the Hanover Twp. line in Luzerne County; .8 of a mile of roadway in Wilkes-Barre and Nanticoke and Hanover Twps.

COUPLE REWED AFTER 50 YEARS OF SEPARATION

AKRON, Ohio (AP)—Half a century after their first marriage broke up, Mrs. Daisy Eye, 82, and Chester Innskeep, 80, are again bride and bridegroom.

They were married last night at the home of their daughter, and they're going back to Delavan, Ill., where they were once childhood sweethearts.

It was there they parted in the spring of 1907—parted to remain completely out of touch, to remarry and to live their separate lives until six weeks ago.

On Feb. 12, Mrs. Eye told her daughter, Mrs. Robert Thompson: "I got a letter today that shook me all up."

Answers Letter

The letter was from Innskeep. He had learned her whereabouts from a friend in Delavan who was employed at the courthouse. The friend told Innskeep he'd seen a letter Mrs. Eye wrote about some property she owned in Delavan.

"Answer it, mother," advised the daughter, who was only two weeks old when her father last had seen her. And the mother did.

The result was a reunion two weeks ago and then the marriage by the Rev. Paul Kerschner of the First Congregational church.

3rd Marriage For Each

The ceremony was the third for each. After the 1907 separation, Innskeep stayed in Delavan and married another woman, who died. His divorced wife went to New York, remarried, then moved to nearby Greenfield, Ohio, where her husband died 17 years ago.

At the apartment of their daughter, where they will remain for a few weeks before moving back to Delavan, the bride said she didn't want a honeymoon trip. She said she just wants to be with Chester again.

"We never had a cross word or altercation in our lives, in spite of the fact we were divorced. Feuds between our families did that. We grew up within six miles of each other, went to school and church together, went buggy-riding and skating," she said.

Name Chairmen In Red Cross Drive

Harold Swomley Jr., general chairman of the annual Red Cross Drive in the Emmitsburg area, today announced chairmen in charge of the yearly solicitation.

Mrs. Andrew Eyster is in charge of collections in the western end of Emmitsburg aided by Mrs. Leonard Zimmerman, Mrs. Thomas Gingell and Mrs. Clarence Frailey; Mrs. John White is in charge of the eastern end of the borough aided by Mrs. Ward Kerrigan, Mrs. Richard Harner and Miss Shirley Dutrow.

Mrs. Charles Shorb is in charge of collections on N. Seton Ave.; Mrs. Tokar on S. Seton Ave.; Mrs. Naill, Glenn Springer and Loy Hess, Taneytown Rd.; Mrs. Eckenrode, Motter's Station and Rocky Ridge; Harry Ewomley Jr., Thurmont Rd., and Mrs. S. Edward Meadows, Waynesboro Rd.

Volcano Erupts In Nicaragua

MANAGUA, Nicaragua (AP)—Concepcion volcano in the Lake of Nicaragua erupted violently last night and intermittent blasts continued today to send dense clouds of lava dust over a wide area.

The volcano is on the island of Ometepec in the 85-mile long lake in southern Nicaragua. Radio reports said the island was shaken by earthquakes and that one side of the volcano was almost covered by lava.

The volcanic blasts caused alarm among residents of Rivas, 18 miles to the west on the mainland.

There are six communities on Ometepec, the largest of which is Alta Gracia. Early reports from the island made no mention of casualties.

ASSUMPSIT SUIT FILED

The board of trustees of Gettysburg College for use of William D. Stock, New Oxford, has instituted an action in assumpsit against Aetna Casualty and Surety Co., Harrisburg. Attorney Donald G. Oyler, who filed the action for the plaintiffs, said it did not necessarily mean that an action would come to trial but a preliminary filing had been made to permit continued negotiations without danger of the statute of limitations preventing a suit if the negotiations fail. No details were given concerning the nature of the case.

PARKED CAR HIT

The car of Melvin E. Burton, 1 West St., was slightly damaged when another car apparently backed into it while it was parked at 4 o'clock this morning. Burton told police the driver of the other car apparently attempted to notify him, by knocking on the door, but left before the family was aroused. It was anticipated that the driver of the other car would contact Burton today, police said.

STARRY FIRST ON JUDGE LIST

R. M. "Bill" Starry, Gardners R. D., will have first position on the Republican ballot for associate judge at the May 21 primary. Clarence D. Deardorff, McKnightstown, will have second place and Howard D. Waybright third.

The drawing for positions on the ballot was completed between 12 noon and 1 p.m. today at the office of the Secretary of the Commonwealth at Harrisburg. Albert Eberman, director of the state election bureau, conducted the drawings for positions for associate judge on the ballots throughout the state. None of the Adams County candidates appeared for the drawing.

There was no drawing for position for associate judge on the Democratic ticket because G. Ed Taughinbaugh, Hunterstown, is the only candidate.

Drawings for positions of the candidates for other offices in Adams County will take place next Tuesday at the court house.

HOSPITALS ASK MORE STATE AID

HARRISBURG (AP)—The Hospital Assn. of Pennsylvania has asked the House-Senate Appropriations Committee to approve hospital grants of 10 million dollars more than the 24 millions recommended by Gov. Leader.

James C. Kirk of Pottsville, incoming president of the association, also asked approval of three millions in state aid for student nurse training. The governor's budget had set this figure at $2,150,000.

"The 180 community hospitals in Pennsylvania will pay for nearly 49 million dollars worth of charity care they will provide during the next two years," Kirk told a hearing of the committee last night.

He said that as proposed the state would put up $8 a day for each charity patient. The total cost is $14 a day and the hospitals want $10 from the state, he said.

"New drugs, complex life-saving apparatus, complicated techniques by highly trained personnel and rising costs of all goods and services are reasons that the charity bill in hospitals has risen," he said.

ANNUAL MISSION STUDY CONDUCTED

"Southeast Asia" was the subject of the annual Mission Study of the United Lutheran Church Women of St. Paul's Lutheran Church, Biglerville, Monday afternoon and evening in the Primary Room of the Sunday School. Mrs. Kenneth E. Lawver was in charge of the program. The program opened with devotions by Mrs. Lawver, followed by an airplane view depicting the land, climate, and people of the countries concerned, namely, Burma, Thailand, Indo-China, Malaya, Indonesia, Philippines, Formosa and Hong Kong. A general discussion period was then held during which time Mrs. C. L. Yost reviewed the book, "Anna and the King of Siam."

The following Junior Choir members, in costume, sang a Philippine folk song, "Planting Rice:" Pamela Wentzel, Janet Schwartz, Pauline Wright, Beverly Elicker and Donna Gilbert.

Guest speaker at the afternoon session was Teh-Ling Li of Formosa, a senior at Mt. St. Mary's College, Emmitsburg. He spoke on the educational, religious, political, economical, and other cultural aspects of Formosa, after which he conducted a question and answer period.

At 5:30 p.m. a ham supper was served in the church basement by the Ladies Auxiliary of the American Legion Post 262, Biglerville. In keeping with the theme, the tables were decorated with the native sweet potato vines, tropical fruits, and individual models of typical Filipino huts made of triscuit crackers and straws fused with melted caramels.

The evening session, which began at 7, opened with devotions by Mrs. Lawver, after which Mrs. Magnus Flaws Jr. reviewed the book, "Give and Take." This was followed by a resume of the countries. A film strip on the ULCA work in Malaya, the newest Lutheran Mission field, was shown. Miss Myrtle Raffensperger read a parable, "Channels of Bamboo." The program closed with meditation. Tables containing products from the different countries and reading materials were on display.

An organizational meeting of the United Lutheran Church Women of Trinity Lutheran Church, Arendtsville, will be held Friday evening at 7:30 o'clock at the church. All women of the congregation are invited and urged to attend.

The fourth in a series of Union Lenten services by Trinity Lutheran Church and Zion Evangelical Reformed Church, Arendtsville, will be held at the former church Sunday evening at 7:30 o'clock. The program will feature a concert of sacred music by the Biglerville High School mixed chorus under the direction of C. L. Yost.

Mr. and Mrs. Ronald Alwine and sons, Dwight and Jeffrey, York R. D., visited recently with Mr. and Mrs. Kenneth Alwine and daughters, Gail and Sharon, Biglerville.

Recent visitors at the home of Mr. and Mrs. Clyde Dugan, Biglerville, were Mr. and Mrs. George Haring and son, John, New Cumberland, and Miss Dorothy Kosher, Harrisburg.

The Consistory of Trinity Evangelical Reformed Church, Biglerville, will meet this evening at 7:30 o'clock at the church.

Intermediate Girl Scout Troop 1 of Arendtsville met Tuesday evening at 7:30 o'clock at the Scout hut. The meeting opened with the pledge, promise and laws, after which members divided into patrols and completed badge work. The fly-ups finished their work for completion of their second class badge, and several othr girls completed work for the game badge. Two dances, to be held later this year, were discussed The meeting closed with taps and the handshake. Approximately 125 members attended and were supervised by the leaders, Mrs. Thomas Oyler, Mrs. Fred Garretson and Mrs. Lee Reinecker.

Mr. and Mrs. James Slauch and daughter, Ginny, Oxford, spent several days recently with Mrs. Slauch's parents, Mr. and Mrs Robert Price, Biglerville R. 2.

Mr. and Mrs. R. C. Rowe, New Kensington, visited recently with Mr. Rowe's aunt, Mrs. D. B. Lady, Arendtsville.

Mrs. MacPherson Hoffman, the former Miss Joan Hughes, Crestwood, Guernsey, remains a patient at the York Hospital.

The following attended the annual flower show held in Philadelphia, Tuesday: Mrs. Justin Horick and Miss Ann Lott, Aspers R. 1; Mrs. Richard Trostel, Biglerville R. 1; Mrs. Lola Orner and Mrs. Guy Herring, Arendtsville; Miss Jean Hykes, Biglerville R. 2; Mrs. Charles Showers, Mrs. Fred Showers and Mrs. Ralph Taylor, Aspers R. than doubled without any increase in the amount of employes to handle the multitude of reports, vouchers and records kept by the office, plus innumerable state and other reports that have to be filled out on practically every subject of county work, not to mention social security and withholding tax calculations added within recent years.

For many years Mr. and Mrs. Smith resided on Chambersburg St. Later they bought a summer cottage in the Caledonia area. They found that so comfortable it has become their year-round home in recent years.

Father of four children and grandfather of 11, Smith has served for approximately 20 years on church councils, approximately 15 years at Mt. Joy Lutheran and about five years at Christ Lutheran since changing his church membership here. He is also a member of the Masons, the local Elks and the Good Samaritan Camping club.

He plans vacationing and "some traveling and fishing" at first, then will assume more active supervision of his farm in Mt. Joy Twp. plus closer attention to other interests, but mostly, he says, he "plans to take it easy."

DOES NOT SERVE IN HEARINGS

WASHINGTON (AP) — A source close to former Sen. James H. Duff, counsel to Teamsters President Dave Beck, said today Duff still declines to represent Beck in hearings of the Senate Rackets Committee.

This, the informant said, was the gist of a letter the Pennsylvania Republican, now practicing law here, sent the committee yesterday in the midst of its stormy hearings on Beck.

The source said the letter told Chairman McClellan (D-Ark) that Duff considered it would be "inappropriate" and improper for him to represent Beck before the committee, because the investigation of Beck had started prior to Duff's defeat last fall for re-election.

Sen. McCarthy (R-Wis) had let fly some critical comment about Duff's absence from the hearing room.

Sen. Mundt (R-SD) also complained about Beck having "counsel in absentia," particularly after Beck testified that it was Duff who advised him to invoke the Fifth Amendment and refuse to testify about alleged misappropriation of $320,000 of union funds.

"CENSORSHIP" IS REJECTED

WASHINGTON (AP)—Secretary of Defense Wilson rejected today a proposal that reporters be hauled before grand juries if necessary to discover the source of published "leaks" about military information.

The Pentagon chief also turned down as smacking of "censorship" recommendations to limit newsmen to "approved" interviews with defense officials, and to require that those interviews be in the presence of official monitors.

The recommendations were made last fall by a committee composed of Charles Coolidge, former assistant secretary of defense, and four retired generals and admirals.

The department committee was created to study information problems.

When the committee submitted its recommendations, Wilson expressed "serious reservations" about the proposal to summon reporters before grand juries.

Investigators For Senate Probers Dig For Beck Data

By G. MILTON KELLY

WASHINGTON (AP) — Senate rackets probers turned today from public to private checking into their charge that Teamster President Dave Beck misappropriated $320,000 of union funds.

While Beck headed Homeward to Seattle, Senate staff investigators dug for details that he had refused to provide on grounds his answers might tend to incriminate him.

Beck, head of the nation's biggest labor union, left the witness stand yesterday a wilted Fifth Amendment witness facing possible contempt of Congress action.

Not Through With Him

"We are not through with Mr. Beck," Chairman McClellan (D-Ark) of the special Senate committee conducting the inquiry told reporters. "He will be a matter of continuing interest to the committee and further testimony may be desired."

McClellan recessed the hearings indefinitely yesterday after accusing Beck of "flagrant . . . disrespect for honest unionism," "arrogant contempt" for members of his Teamsters Union and "utter contempt" for the committee.

Beck declined comment on McClellan's tongue lashing.

"I'll Come Out Clean"

He told the committee "I'll be able to come out of this clean and white 100 per cent" if he gets a chance to testify in a court. He said he expects to do so because of his income tax troubles.

Beck said he would not attend a meeting of the AFL-CIO Executive Council, which has been called Friday to consider his repeated use of the Fifth Amendment's protection against self-incrimination. A code of ethics adopted by the council early this year calls for expulsion of any labor official who uses the amendment to avoid answering questions about union affairs.

McClellan announced he expects about a two-week recess before the committee resumes hearings.

Many Refusals

In two days on the witness stand Beck refused—because, he said, the testimony "might" incriminate him—to tell whether he:

1. Had misappropriated some $320,000 of union funds, and borrowed $200,000 to help repay it after revenue agents started investigating him in March 1954.

2. Had signed an agreement with the union to make what Kennedy called "restitution" in chunks of $200,000, $50,000 and $20,000—the latter two payments as recently as last year. McClellan said this still left some $50,000 missing.

Had Used Union Funds

3. Had sold his Seattle home to the union for $163,000, though that has been publicly announced; and whether he already had used $196,000 of union funds to build a swimming pool and do other work on that property, in addition to other sums to pay for some costly gardening work.

4. Had used union funds to pay his friend, Chicago labor-management consultant Nathan Shefferman, $85,000 for the purchase of clothing, freezers, nylon sox, baby's diapers and a long list of other items for himself and members of his family.

5. Had bought two lots adjoining the Teamsters Joint Council building in Seattle for $39,000 and sold them some years later to the Teamsters for $135,000.

POLICE LOCATE "PAPER TRAIL" IN KIDNAPPING

By PARVIS RAEIN

TEHRAN, Iran (AP)—Government officials said today that troops and police had picked up a paper trail left by a pretty American woman kidnapped by bandit tribesmen who killed her husband and another U. S. aid official.

Government sources said they believed the band of nomads, about 12 in number, had kidnapped Mrs. Anita Huovar Carroll, 35, Issaquah, Wash., to "sell her on the Arab coasts of the Persian Gulf and the Gulf of Oman."

More than 1,000 Iranian troops and police were reported closing in on the bandits fleeing across the Tangesorkheh Desert of southeastern Iran. There was some speculation they might be trying to escape into Pakistan.

Useful In Pursuit

Reports reaching the capital from the remote area said the search force had "found little pieces of paper thrown away by Mrs. Carroll as she was forcibly taken away." The reports said the hunters found the paper trail very useful in their pursuit.

The dead Americans, according to Iranian officials, were Mrs. Carroll's husband Kevin, 37, a Point Four area development adviser for Kerman, Iran, and Brewster A. Wilson, 35, Portland, Ore., a regional specialist for the Near East Foundation and a contractor in Iran for the International Cooperation Administration.

Converge In 3 Columns

Gen. Alinaghi Golpiri, police commander in chief, said 700 gendarmes, 400 soldiers and about 100 camel-borne troops on direct orders from Shah Mohammed Reza Pahlevi were moving in on the bandits. These forces were converging in three columns from north, west and south through rugged desert country in southeastern Iran, near the Pakistani border.

"A trace has already been found by a unit which started from Tangesorkheh eastward," Golpiri said. "If not already arrested, I very much hope the bandits will be taken within the next 48 hours."

Ignoring the generally accepted three-mile limit, four nations — Chile, Ecuador, Peru and El Salvador — now claim 200-mile priorities off their coasts where foreign fishermen cannot drop their nets.

Miscegenation Law Up For Test In Md.

BALTIMORE (AP) — A Baltimore judge has taken under advisement a test of an old Maryland law making it a crime for a white woman to bear the child of a Negro.

The state's miscegenation law, which dates back to 1715 or possibly farther, was challenged for the first time yesterday. Atty. John J. O'Connor Jr. pleaded for dismissal of an indictment charging a 20-year-old white girl with illegally bearing a Negro baby.

O'Connor said the ancient statute is no longer applicable because "it was conceived in the hatred and hostility of a slave era."

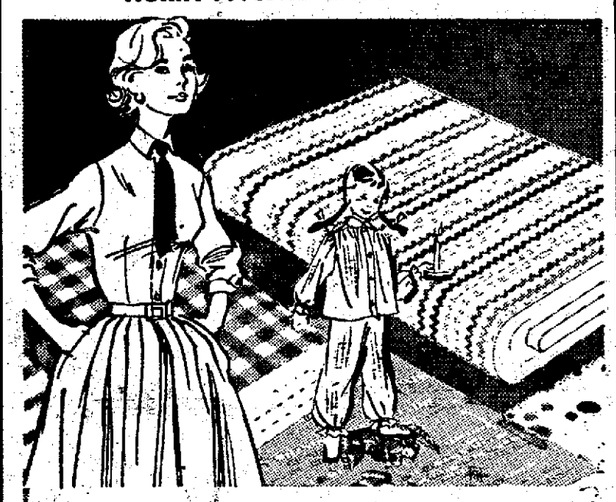

Probably the most familiar of all operas, Bizet's "Carmen," was first performed in Paris in 1875.

Investigators For Senate Probers Dig For Beck Data

By G. MILTON KELLY

WASHINGTON (AP) — Senate rackets probers turned today from public to private checking into their charge that Teamster President Dave Beck misappropriated $320,000 of union funds.

While Beck headed homeward to Seattle, Senate staff investigators dug for details that he had refused to provide on grounds his answers might tend to incriminate him.

Beck, head of the nation's biggest labor union, left the witness stand yesterday a wilted Fifth Amendment witness facing possible contempt of Congress action.

Not Through With Him

"We are not through with Mr. Beck," Chairman McClellan (D-Ark) of the special Senate committee conducting the inquiry told reporters. "He will be a matter of continuing interest to the committee and further testimony may be desired."

McClellan recessed the hearings indefinitely yesterday after accusing Beck of "flagrant . . . disrespect for honest unionism," "arrogant contempt" for members of his Teamsters Union and "utter contempt" for the committee.

Beck declined comment on McClellan's tongue lashing.

"I'll Come Out Clean"

He told the committee "I'll be able to come out of this clean and white 100 per cent" if he gets a chance to testify in a court. He said he expects to do so because of his income tax troubles.

Beck said he would not attend a meeting of the AFL-CIO Executive Council, which has been called Friday to consider his repeated use of the Fifth Amendment's protection against self-incrimination. A code of ethics adopted by the council early this year calls for expulsion of any labor official who uses the amendment to avoid answering questions about union affairs.

McClellan announced he expects about a two-week recess before the committee resumes hearings.

Many Refusals

In two days on the witness stand Beck refused—because, he said, the testimony "might" incriminate him—to tell whether he:

1. Had misappropriated some $320,000 of union funds, and borrowed $200,000 to help repay it after revenue agents started investigating him in March 1954.

2. Had signed an agreement with the union to make what Kennedy called "restitution" in chunks of $200,000, $50,000 and $20,000—the latter two payments as recently as last year. McClellan said this still left some $50,000 missing.

Had Used Union Funds

3. Had sold his Seattle home to the union for $163,000, though that has been publicly announced; and whether he already had used $196,000 of union funds to build a swimming pool and do other work on that property, in addition to other sums to pay for some costly gardening work.

4. Had used union funds to pay his friend, Chicago labor-management consultant Nathan Shefferman, $85,000 for the purchase of clothing, freezers, nylon sox, baby's diapers and a long list of other items for himself and members of his family.

5. Had bought two lots adjoining the Teamsters Joint Council building in Seattle for $39,000 and sold them some years later to the Teamsters for $135,000.

POLICE LOCATE "PAPER TRAIL" IN KIDNAPPING

By PARVIS RAEIN

TEHRAN, Iran (AP)—Government officials said today that troops and police had picked up a paper trail left by a pretty American woman kidnapped by bandit tribesmen who killed her husband and another U. S. aid official.

Government sources said they believed the band of nomads, about 12 in number, had kidnapped Mrs. Anita Huovar Carroll, 35, Issaquah, Wash., to "sell her on the Arab coasts of the Persian Gulf and the Gulf of Oman."

More than 1,000 Iranian troops and police were reported closing in on the bandits fleeing across the Tangesorkheh Desert of southeastern Iran. There was some speculation they might be trying to escape into Pakistan.

Useful In Pursuit

Reports reaching the capital from the remote area said the search force had "found little pieces of paper thrown away by Mrs. Carroll as she was forcibly taken away." The reports said the hunters found the paper trail very useful in their pursuit.

The dead Americans, according to Iranian officials, were Mrs. Carroll's husband Kevin, 37, a Point Four area development adviser for Kerman, Iran, and Brewster A. Wilson, 35, Portland, Ore., a regional specialist for the Near East Foundation and a contractor in Iran for the International Cooperation Administration.

Converge In 3 Columns

Gen. Alinaghi Golpiri, police commander in chief, said 700 gendarmes, 400 soldiers and about 100 camel-borne troops on direct orders from Shah Mohammed Reza Pahlevi were moving in on the bandits. These forces were converging in three columns from north, west and south through rugged desert country in southeastern Iran, near the Pakistani border.

"A trace has already been found by a unit which started from Tangesorkheh eastward," Golpiri said. "If not already arrested, I very much hope the bandits will be taken within the next 48 hours."

Ignoring the generally accepted three-mile limit, four nations — Chile, Ecuador, Peru and El Salvador — now claim 200-mile priorities off their coasts where foreign fishermen cannot drop their nets.

AIMING IN ADEN— Tribal guards in the British-allied Aden Protectorate fire from behind a stone barricade during rifle practice near Yemen border, scene of recent clashes.

Miscegenation Law Up For Test In Md.

BALTIMORE (AP) — A Baltimore judge has taken under advisement a test of an old Maryland law making it a crime for a white woman to bear the child of a Negro.

The state's miscegenation law, which dates back to 1715 or possibly farther, was challenged for the first time yesterday. Atty. John J. O'Connor Jr. pleaded for dismissal of an indictment charging a 20-year-old white girl with illegally bearing a Negro baby.

O'Connor said the ancient statute is no longer applicable because "it was conceived in the hatred and hostility of a slave era."

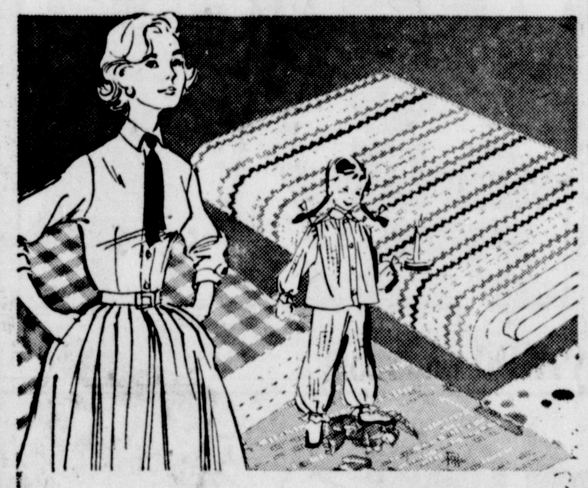

Probably the most familiar of all operas, Bizet's "Carmen," was first performed in Paris in 1875.

COUPLE REWED AFTER 50 YEARS OF SEPARATION

AKRON, Ohio (AP)—Half a century after their first marriage broke up, Mrs. Daisy Eye, 82, and Chester Innskeep, 80, are again bride and bridegroom.

They were married last night at the home of their daughter, and they're going back to Delavan, Ill., where they were once childhood sweethearts.

It was there they parted in the spring of 1907—parted to remain completely out of touch, to remarry and to live their separate lives until six weeks ago.

On Feb. 12, Mrs. Eye told her daughter, Mrs. Robert Thompson:

"I got a letter today that shook me all up."

Answers Letter

The letter was from Innskeep. He had learned her whereabouts from a friend in Delavan who was employed at the courthouse. The friend told Innskeep he'd seen a letter Mrs. Eye wrote about some property she owned in Delavan.

"Answer it, mother," advised the daughter, who was only two weeks old when her father last had seen her. And the mother did.

The result was a reunion two weeks ago and then the marriage by the Rev. Paul Kerschner of the First Congregational church.

3rd Marriage For Each

The ceremony was the third for each. After the 1907 separation, Innskeep stayed in Delavan and married another woman, who died. His divorced wife went to New York, remarried, then moved to nearby Greenfield, Ohio, where her husband died 17 years ago.

At the apartment of their daughter, where they will remain for a few weeks before moving back to Delavan, the bride said she didn't want a honeymoon trip. She said she just wants to be with Chester again.

"We never had a cross word or altercation in our lives, in spite of the fact we were divorced. Feuds between our families did that. We grew up within six miles of each other, went to school and church together, went buggy-riding and skating," she said.

Name Chairmen In Red Cross Drive

Mrs. Charles Shorb is in charge of collections on N. Seton Ave.; Mrs. Tokar on S. Seton Ave.; Mrs. Naill, Glenn Springer and Loy Hess, Taneytown Rd.; Mrs. Eckenrode, Motter's Station and Rocky Ridge; Harry Ewomley Jr., Thurmont Rd., and Mrs. S. Edward Meadows, Waynesboro Rd.

Volcano Erupts In Nicaragua

MANAGUA, Nicaragua (AP)—Concepcion volcano in the Lake of Nicaragua erupted violently last night and intermittent blasts continued today to send dense clouds of lava dust over a wide area.

The volcano is on the island of Ometepec in the 85-mile long lake in southern Nicaragua. Radio reports said the island was shaken by earthquakes and that one side of the volcano was almost covered by lava.

The volcanic blasts caused alarm among residents of Rivas, 18 miles to the west on the mainland.

There are six communities on Ometepec, the largest of which is Alta Gracia. Early reports from the island made no mention of casualties.

ASSUMPSIT SUIT FILED

The board of trustees of Gettysburg College for use of William D. Stock, New Oxford, has instituted an action in assumpsit against Aetna Casualty and Surety Co., Harrisburg. Attorney Donald G. Oyler, who filed the action for the plaintiffs, said it did not necessarily mean that an action would come to trial but a preliminary filing had been made to permit continued negotiations without danger of the statute of limitations preventing a suit if the negotiations fail. No details were given concerning the nature of the case.

PARKED CAR HIT

The car of Melvin E. Burton, 1 West St., was slightly damaged when another car apparently backed into it while it was parked at 4 o'clock this morning. Burton told police the driver of the other car apparently attempted to notify him, by knocking on the door, but left before the family was aroused. It was anticipated that the driver of the other car would contact Burton today, police said.

STARRY FIRST ON JUDGE LIST

R. M. "Bill" Starry, Gardners R. D., will have first position on the Republican ballot for associate judge at the May 21 primary. Clarence D. Deardorff, McKnightstown, will have second place and Howard D. Waybright third.

The drawing for positions on the ballot was completed between 12 noon and 1 p.m. today at the office of the Secretary of the Commonwealth at Harrisburg. Albert Eberman, director of the state election bureau, conducted the drawings for positions for associate judge on the ballots throughout the state. None of the Adams County candidates appeared for the drawing.

There was no drawing for position for associate judge on the Democratic ticket because G. Ed Taughinbaugh, Hunterstown, is the only candidate.

Drawings for positions of the candidates for other offices in Adams County will take place next Tuesday at the court house.

HOSPITALS ASK MORE STATE AID

HARRISBURG (AP)—The Hospital Assn. of Pennsylvania has asked the House-Senate Appropriations Committee to approve hospital grants of 10 million dollars more than the 24 millions recommended by Gov. Leader.

James C. Kirk of Pottsville, incoming president of the association, also asked approval of three millions in state aid for student nurse training. The governor's budget had set this figure at $2,150,000.

"The 180 community hospitals in Pennsylvania will pay for nearly 49 million dollars worth of charity care they will provide during the next two years," Kirk told a hearing of the committee last night.

He said that as proposed the state would put up $8 a day for each charity patient. The total cost is $14 a day and the hospitals want $10 from the state, he said.

"New drugs, complex life-saving apparatus, complicated techniques by highly trained personnel and rising costs of all goods and services are reasons that the charity bill in hospitals has risen," he said.

HARBAUGH RITES HELD

ANNUAL MISSION STUDY CONDUCTED

"Southeast Asia" was the subject of the annual Mission Study of the United Lutheran Church Women of St. Paul's Lutheran Church, Biglerville, Monday afternoon and evening in the Primary Room of the Sunday School. Mrs. Kenneth E. Lawver was in charge of the program. The program opened with devotions by Mrs. Lawver, followed by an airplane view depicting the land, climate, and people of the countries concerned, namely, Burma, Thailand, Indo-China, Malaya, Indonesia, Philippines, Formosa and Hong Kong. A general discussion period was then held during which time Mrs. C. L. Yost reviewed the book, "Anna and the King of Siam."

The following Junior Choir members, in costume, sang a Philippine folk song, "Planting Rice:" Pamela Wentzel, Janet Schwartz, Pauline Wright, Beverly Elicker and Donna Gilbert.

Guest speaker at the afternoon session was Teh-Ling Li of Formosa, a senior at Mt. St. Mary's College, Emmitsburg. He spoke on the educational, religious, political, economical, and other cultural aspects of Formosa, after which he conducted a question and answer period.

At 5:30 p.m. a ham supper was served in the church basement by the Ladies Auxiliary of the American Legion Post 262, Biglerville. In keeping with the theme, the tables were decorated with the native sweet potato vines, tropical fruits, and individual models of typical Filipino huts made of triscuit crackers and straws fused with melted caramels.

The evening session, which began at 7, opened with devotions by Mrs. Lawver, after which Mrs. Magnus Flaws Jr. reviewed the book, "Give and Take." This was followed by a resume of the countries. A film strip on the ULCA work in Malaya, the newest Lutheran Mission field, was shown. Miss Myrtle Raffensperger read a parable, "Channels of Bamboo." The program closed with meditation. Tables containing products from the different countries and reading materials were on display.

An organizational meeting of the United Lutheran Church Women of Trinity Lutheran Church, Arendtsville, will be held Friday evening at 7:30 o'clock at the church. All women of the congregation are invited and urged to attend.

The fourth in a series of Union Lenten services by Trinity Lutheran Church, and Zion Evangelical Reformed Church, Arendtsville, will be held at the former church Sunday evening at 7:30 o'clock. The program will feature a concert of sacred music by the Biglerville High School mixed chorus under the direction of C. L. Yost.

Mr. and Mrs. Ronald Alwine and sons, Dwight and Jeffrey, York R. D., visited recently with Mr. and Mrs. Kenneth Alwine and daughters, Gail and Sharon, Biglerville.

Recent visitors at the home of Mr. and Mrs. Clyde Dugan, Biglerville, were Mr. and Mrs. George Haring and son, John, New Cumberland, and Miss Dorothy Kosher, Harrisburg.

The Consistory of Trinity Evangelical Reformed Church, Biglerville, will meet this evening at 7:30 o'clock at the church.

Intermediate Girl Scout Troop 1 of Arendtsville met Tuesday evening at 7:30 o'clock at the Scout hut. The meeting opened with the pledge, promise and laws, after which members divided into patrols and completed badge work. The fly-ups finished their work for completion of their second class badge, and several othr girls completed work for the game badge. Two dances, to be held later this year, were discussed The meeting closed with taps and the handshake. Approximately 125 members attended and were supervised by the leaders, Mrs. Thomas Oyler, Mrs. Fred Garretson and Mrs. Lee Reinecker.

Mr. and Mrs. James Slauch and daughter, Ginny, Oxford, spent several days recently with Mrs. Slauch's parents, Mr. and Mrs Robert Price, Biglerville R. 2.

Mr. and Mrs. R. C. Rowe, New Kensington, visited recently with Mr. Rowe s aunt, Mrs. D. B. Lady, Arendtsville.

Mrs. MacPherson Hoffman, the former Miss Joan Hughes, Crestwood, Guernsey, remains a patient at the York Hospital.

The following attended the annual flower show held in Philadelphia, Tuesday: Mrs. Justin Horick and Miss Ann Lott, Aspers R 1; Mrs. Richard Trostel, Biglerville R. 1; Mrs. Lola Orner and Mrs. Guy Herring, Arendtsville; Miss Jean Hykes, Biglerville R. 2; Mrs. Charles Showers, Mrs. Fred Showers and Mrs. Ralph Taylor, Aspers R. than doubled without any increase in the amount of employes to handle the multitude of reports, vouchers and records kept by the office, plus innumerable state and other reports that have to be filled out on practically every subject of county work, not to mention social security and withholding tax calculations added within recent years.

For many years Mr. and Mrs. Smith resided on Chambersburg St. Later they bought a summer cottage in the Caledonia area. They found that so comfortable it has become their year-round home in recent years.

Father of four children and grandfather of 11, Smith has served for approximately 20 years on church councils, approximately 15 years at Mt. Joy Lutheran and about five years at Christ Lutheran since changing his church membership here. He is also a member of the Masons, the local Elks and the Good Samaritan Camping club.

He plans vacationing and "some traveling and fishing" at first, then will assume more active supervision of his farm in Mt. Joy Twp. plus closer attention to other interests, but mostly, he says, he "plans to take it easy."

DOES NOT SERVE IN HEARINGS

WASHINGTON (AP) — A source close to former Sen. James H. Duff, counsel to Teamsters President Dave Beck, said today Duff still declines to represent Beck in hearings of the Senate Rackets Committee.

This, the informant said, was the gist of a letter the Pennsylvania Republican, now practicing law here, sent the committee yesterday in the midst of its stormy hearings on Beck.

The source said the letter told Chairman McClellan (D-Ark) that Duff considered it would be "inappropriate" and improper for him to represent Beck before the committee, because the investigation of Beck had started prior to Duff's defeat last fall for re-election.

Sen. McCarthy (R-Wis) had let fly some critical comment about Duff's absence from the hearing room.

Sen. Mundt (R-SD) also complained about Beck having "counsel in absentia," particularly after Beck testified that it was Duff who advised him to invoke the Fifth Amendment and refuse to testify about alleged misappropriation of $320,000 of union funds.

"CENSORSHIP" IS REJECTED

WASHINGTON (AP)—Secretary of Defense Wilson rejected today a proposal that reporters be hauled before grand juries if necessary to discover the source of published "leaks" about military information.

The Pentagon chief also turned down as smacking of "censorship" recommendations to limit newsmen to "approved" interviews with defense officials, and to require that those interviews be in the presence of official monitors.

The recommendations were made last fall by a committee composed of Charles Coolidge, former assistant secretary of defense, and four retired generals and admirals.

The department committee was created to study information problems.

When the committee submitted its recommendations, Wilson expressed "serious reservations" about the proposal to summon reporters before grand juries.

Today's Talk

FEED THE BIRDS

All winter I have been feeding the birds about my home. It has afforded me much joy and satisfaction. Soon now, with the sun shining, getting warmer, there will be a gathering of many varieties of birds returning from the southland looking for their homes in the north and selecting nesting places.

Today, as I write, scores of birds have come to bathe in my water stand and to partake of the scattered food outside my kitchen door. They seem so grateful and happy. I wonder what their thoughts are, if they have any, and I believe they do.

From my window I feed my handsome grey squirrels, who take peanuts from my hand. What beautiful fur coats they have! I have never seen them so expensively clothed or so fat and seemingly healthy. It takes but a very short time to gain the confidence of such animals and birds.

Feed the birds about your home and you will get a big return in dividends from those who help in destroying insects and worms about your yard or garden. And don't forget about their songs of thankfulness! What a world this would be if fears of war never entered anywhere upon this earth! The animals and birds know nothing about wars.

Feed the birds and welcome them back from their sunny southland. They will sing for you when you are troubled or discouraged. They will even furnish you an orchestra of music at early morn and while the sun sets its glow in the western sky!

Tomorrow Mr. Adams will talk on the subject: "Like the Millions and Millions"

TRUST

The truth will let you sleep at night
And keep your friendships strong.
They'll come with comfort day and night
To aid when things go wrong.

If friends confide in you their trust,
In all you say and do,
To such great confidence you must
Remember to be true.

If no regret disturbs your mind,
And well you've lived the day,
You can step from your door to find
Good friends along the way.

SIX "SILENT POLICEMEN" BACK ON DUTY

PHILADELPHIA (AP)—Six "silent policemen" have been ordered back to duty in suburban Whitemarsh Township.

James J. Lawler, state highways secretary, so directed yesterday, thus reversing a recent strict interpretation of a state law.

The law specifies that "silent policemen," metal figures big as life and set out in school safety zones, must wear regulation blue and other suitable trappings of authority. And they must not bear a speed limit marking. Otherwise, in the state's views, motorists are confused or indifferent or perhaps even resentful.

When the signs were removed by highway officials last week Whitemarsh residents raised a protest that carried all the way to the state capitol in Harrisburg. They argued that although their silent policemen were in reality the images of schoolgirls, the effect was no less salutary than that of the men-in-blue figures. They said, too, that the reminder, "speed limit 15 m.p.h.," painted across the front of them, also helped to reduce the number of accidents.

MY CHUTE DIDN'T OPEN!
By Sgt. James Closson
11th Airborne Infantry

On the morning of January 11, 1956, 20 of us climbed aboard an Air Force C-119 "flying boxcar," at Fort Campbell, Kentucky. We sat facing each other across the aisle, about to make what some people might call a routine jump.

Sgt. James Closson

But there's no such thing as a routine parachute jump. No matter how many times we take off in a flying boxcar, no matter how many times we stand at the open door and look out at the maplike earth moving below . . . and then get ready to jump . . . the thought is always there: What happens if the chute doesn't open?

One by one the planes warmed up and took off down the runway. Inside our ship each of us was thinking his own thoughts. I was thinking, too. I said a prayer: God, I hope my chute will open when the time comes.

Some Were Nervous

The aircraft took a long time getting to the drop zone. Some of nervous, like Private Lessie Smith who sat across from me.

Smith had jumped only seven times. I went over and talked with him. As squad leader, part of my job was to keep the newer men from freezing up.

"You know the old one," I said to Smith. "Don't worry; your chute's guaranteed to open."

Smith looked puzzled.

"Guaranteed?"

"Yes," I said, "if it doesn't open, Uncle Sam will give you a new one."

The joke fell flat. I sat down and waited for the doors to open, as I had done 27 times before.

Near The Zone

We leveled off at 1,200 feet and banked towards the drop zone, only minutes away. The jump master gave us the commands. . . "Get ready" . . . "Stand up" . . . "Hook up" . . . "Sound off for equipment check," and down the two rows of paratroopers, scarcely rising above the persistent drone of engines, came . . . "twenty O.K.," "nineteen O.K.," "eighteen O.K.," . . and on down the line.

Nervously I flexed my knees and stared at the trooper by the door who would lead us out. The pilot's red warning light flashed on. We were near. Then the green light glowed.

The first man leaped, his legs bent slightly, ankles close together, chin dug tightly into his chest. He would be counting — "One thousand . . . two thousand . . . three thousand . . . four thousand" — the time required for a parachute to fully open.

Farm Lands Below

I stepped into the door myself and hesitated for a split second . . . Kentucky farm lands below had patches of green, against mid-winter gray.

Then I jumped — out of the droning aircraft into the soft, quiet air of 1,200 feet. "One thousand, two thousand, three . . ." the earth revolved weirdly.

Four thousand, and I was aware of the chute's trailing above me. It will open now I thought — but still I fell.

"Four thousand!" I shouted as if somebody didn't understand.

"Four thousand," I whispered in the manner of prayer.

But the world spun around and the earth continued to rush towards me. Open parachutes crossed my vision, one directly below. It appeared I would hit it. Instinctively I reached out for help.

A Violent Jerk

"Four thousand," I yelled again as my arms ran along the shroud lines. They slipped and I plunged past the open chute. Nothing remained between me and the frozen countryside below.

My hands were grasping at the handle of my reserve chute when a violent jerk threw me completely off balance.

I was still falling, but slower I turned and looked up. There was no open canopy right above me. Instead, there was Lessie Smith, fighting to hold on to my shroud lines. His hands slipped from the cutting weight. He grabbed again.

He tried to wrap the shroud lines around his wrists but couldn't. He just had to hold on with the strength that was in his hands

Down Together

Together we plummeted down past the other troopers.

And suddenly we hit.

I rolled to get out of Smith's way, and he landed almost on top of me. He rolled, too.

We both got up, and the reaction hadn't yet set in. We shook ourselves. And the other troopers were just beginning to settle down around us. The officers and newsmen who were on the ground ran toward us. Lessi Smith and I stood arm in arm, waiting for them, grinning.

DECLARES LAB TESTS NOT GOOD

By ALTON BLAKESLEE
AP Science Reporter

ST. LOUIS (AP)—A high percentage of certain laboratory tests on your health are wrong or not good enough, a doctor declared today.

The test results partly and sometimes vitally influence the treatment your doctor then gives said Dr. Lewis Smith, a pathologist from Dallas, Tex.

The main reason for poor tests is very low pay usually given medical technologists — the doctor's helpers who run the vital laboratory tests, Dr. Smith told the American Academy of General Practice.

Many Low Paid

He said too many are paid less than secretaries or typists. The result is too few good technologists and insufficient training.

Dr. Smith reported a three-state survey some years ago showed 42 to 62 per cent of tests for specific blood measurements were "not satisfactory — outside the bounds of acceptable accuracy."

These included tests for anemia, for blood sugar, blood salts, for nitrogen in uremia or blood poisoning, and for blood plasma proteins.

Dr. Smith declared erroneous or not-too-accurate laboratory reports "can be responsible for a major number of prolongations of illnesses and some deaths."

If you are simmering a smoked pork shoulder butt you'll probably need to allow 35 to 45 minutes per pound.

U. S. To Take New Look At Red Trade

WASHINGTON (AP) — The United States is expected to restudy its policy of asking free world partners to hold firm against nonstrategic trade with Communist China.

Assurances that the United States would take a new look at the East-West trade question reportedly were given British leaders during the Bermuda conference between President Eisenhower and Britain's Prime Minister Macmillan.

But there still is reported to be strong sentiment among top U. S. officials against any relaxation of trade barriers with Communist China.

An authoritative source said that before any possible change is made in the current policy there would be consultations between the Eisenhower administration and congressional leaders.

Yank Pilot Makes 25th Ocean Crossing

HAMBURG, Germany (AP)—Max Conrad, 51-year-old American pilot, yesterday delivered the aircraft that brought him on his 25th Atlantic crossing in a light plane.

Conrad, a band leader, turned pilot, had flown the $35,000 Piper Apache from the United States for the Gruner-Druck Co. of Hamburg, a large printing firm.

He completed the 25th transatlantic hop when he landed in Ireland Monday. From there he went to Amsterdam and then to Hamburg.

HOUSE DRIVE TO CUT BUDGET IN FINAL STAGE

WASHINGTON (AP) — A House drive to cut an estimated 200 million dollars from new appropriations asked for the Labor and Welfare Departments moved into its final stages today.

A coalition of Republicans and Southern Democrats showed no signs of weakening in their effort. In the last two days, they have persuaded the House to cut $14,408,100 from the amounts recommended by its Appropriations Committee.

The committee already had chopped 118 million dollars from President Eisenhower's requests for $2,862,502,881 to finance the two big departments and several minor agencies for the fiscal year starting July 1.

Passage Expected

The House cuts, voted over the opposition of many committee members, were designed to hold 1958 appropriations generally to their 1957 levels by denying funds for personnel expansion.

Similar amendments to cut from 60 to 85 million dollars deeper were pending as the bill moved toward expected passage.

All the cuts are tentative and subject to possible roll-call votes before passage.

If the House coalition reaches its goal on the pending bill, the House will have cut about 900 million dollars from funds requested in five annual appropriation bills it has considered this year. This would amount to close to 10 per cent on requests for $13,400,000,000 with the biggest bills still to be considered.

Five South Penn Cagers Get Honorable Mention In AP All-State Choices

PHILADELPHIA (AP)—Bob Mikvy of Palmerton and Bob Heffner of Allentown are the only repeaters on the 1957 Associated Press All-State scholastic basketball team announced today.

Joining Mikvy and Heffner on the first team are Mark Du Mars of Sharon, George Wise of Clearfield and Willie Pegram of Reading. The team was selected by sports editors and radio and television sportscasters throughout the state.

In all, 70 ballots naming 264 players were cast. Heffner and Mikvy outdistanced the field which otherwise was closely bunched in the voting.

Second Team

Named to the second team were Hal Redinger of Erie Strong Vincent; Mike Kwak, Nanticoke; Don Jones, Farrell; Jerry Foster, Chester, and Larry Van Eman, McKeesport.

Third Team

Third team berths went to Altoona's Jim Swanner; Marlan Biesecker, Steelton; Cal Fowler, from Pittsburgh's Oliver; Wayne Hightower, of Philadelphia's Overbrook High, and Jim Zimmerman, Coal Twp.

1-0 DEFEAT BY ROCHESTER IS UNDER PROTEST

By THE ASSOCIATED PRESS

A rhubarb has developed in the American Hockey League's Calder Cup playoffs with Providence protesting its 1-0 loss to Rochester in the opener of their best-of-seven semifinal series Tuesday night.

The Reds' general manager, Terry Reardon, contended Rochester had used an ineligible player.

John Chick, AHL president, said last night in St. Catherine's, Ont., that he would not make a statement until he officially receives the protest.

Bears Resume

Noel Price, brought up from Winnipeg recently under the league's emergency rule to replace an injured player is the player involved. However, both Price and Benny Woit, who was the injured player at the time, took part in the game against the Reds Tuesday night.

The teams meet in the second game tonight at Providence. The series then shifts to Rochester on Friday night.

The Cleveland Barons and the Hershey Bears also resume their best-of-seven semifinals at Cleveland tonight. Hershey won the opener 3-0. The third game will be played at Hershey Saturday night.

MODERN CIRCUS TAKES TO ROAD

SARASOTA, Fla. (AP)—The circus takes the road today, but being left behind are such familiar sights as the big top and the gaudy circus personnel trains.

Instead, a streamlined version of Ringling Bros. and Barnum & Bailey sets its sights on New York and a spring tour.

Performers and workers are to travel on a regular passenger train. Only the animals are setting out on the gaily painted circus cars.

Other circus folks already are on their way northward in private autos. Still others, particularly European performers, will join the circus in New York. Circus equipment is being carried in trucks.

John Ringling North, president of the circus, thought up the idea of a new styled circus after the show folded its tent in midseason in Pittsburgh last July.

North's plan is to have the circus play in coliseums, inside large buildings and at larger fairs.

PHILADELPHIA (AP) — The Atlantic Refining Co. today reduced the minimum fair trade price of its gasoline by one cent a gallon in all Pennsylvania counties east of Clinton, Centre, Mifflin, Huntingdon and Fulton, and south of Tioga, Bradford, Susquehanna, Wayne and Pike.

The company said the price cut was being made to enable dealers to meet competitive conditions. The new retail price of Atlantic gasoline in Zone 1 now is 18.9 cents per gallon, excluding tax.

Don Mueller of the New York Giants struck out only seven times in 453 official trips to the plate during 1956.

CHESTER AND SHARON AIM AT STATE CROWN

By THE ASSOCIATED PRESS

Sharon and Chester, high school basketball powers from the far west and the far east of the state, tucked away regional titles today and took aim at Pennsylvania's Class A championship Saturday night.

Sharon, unbeaten and champion in the tough WPIAL, spilled Pittsburgh's Oliver High 49-38 at Pittsburgh to take the western flag and complete 27 consecutive victories.

Chester's Clippers, paced by Billy Wilson's 25 points and heavily favored, ran into trouble from Reading's changing man-to-man defense before tumbling the Red Knights 52-46 at Hershey.

Get Another Chance

The eastern title gives Chester another chance to gain its first state championship. The Clippers lost in the finals in 1954 and 1955 but have never gone all the way. Their four-year record under Coach Bobby Forward is an impressive 101 victories against 8 losses. They posted a 26-2 season record with last night's victory.

Sharon, which displaced state champion Farrell to win the WPIAL Section III title and enter playoffs, last won the state title in 1930. Since World War II the title has gone to Section III more often than to any other district.

A capacity crowd at the Pitt Field House watched Sharon pile up a 16-8 lead into the second quarter, fight off a third-quarter Oliver rally and pull through despite 21 points by Oliver's Don Clisby.

To Fly To Philly

Mark Dumars, named to the Associated Press all-state team, was the Sharon playmaker and sank 15 points to lead the Bengal scoring.

Chester, faced with a 25-23 halftime score before about 7,500 fans at Hershey, found its normally fast moving offense snarled by Reading. The Knights took a 33-28 lead in the third period and battled the Clippers on even terms until Reading fouls mounted midway in the final frame.

Two Reading players fouled out and Wilson sank 15 of his points on free throws.

The Sharon team will fly to Philadelphia tomorrow morning for the title game in the University of Pennsylvania Palestra Saturday night. Fifteen players and three team managers will make the trip.

W. L. Batt Jr. Talks At Welfare Forum

HARRISBURG (AP) — William L. Batt Jr., secretary of labor and industry, told the Pennsylvania Welfare Forum today that everyone must help in the job of correcting "unfavorable beliefs and generalizations" about older workers.

"We need to do this since they have been translated into restrictive policies and practices barring older job seekers from employment on account of their age," Batt said in a speech.

He called the "plight of our senior citizens" as the "greatest unsolved social problem" of the day.

Batt added that "the worker should be hired according to his abilities and not his age."

Laurel Ready For Opening On Monday

LAUREL, Md. — Laurel race track's stable area was filled to capacity today as horsemen and track officials completed plans for the meet opening Monday.

The bulging barns and the presence of jockeys Sammy Boulmetis, Bobby Martin, Nick Shuk, Dave Gorman, Tony DeSpirito and Frankie Lovato among others, indicate a successful season being highlighted by the Chesapeake Stakes on April 20 and the Laurel Handicap on April 27.

A feature of the Laurel meet will be Ladies' Day every Thursday.

CLEARWATER, Fla. (AP)—Philadelphia Phillies' Manager Mayo Smith was cheered today by second baseman Ted Kazanski's resurgence at bat.

Kazanski collected four of the Phils' 11 hits against the Kansas City Athletics yesterday. In the past six grapefruit league games, he's had 12 safeties in 25 trips to the plate. Kazanski, who is trying to hit with the pitch more this season, figured in all the Phils' scoring innings. The 4-3 win over the A's, incidentally, was the Phils' fourth extra-inning victory.

SCOTTSDALE, Ariz. (AP) — Manager Paul Richards may have a problem when it comes time to trim down his young Baltimore Orioles squad.

Richards is confronted with youngsters like Brooks Robinson and Carl Powis who are slamming the ball and fielding too well to be casually sent out to pasture.

But he also has bonus boys Bob Nelson and Jim Pyburn who need more training but can't be optioned off until June.

Sullivan Rejects Bid Of All-Stars

Jack Sullivan, Mt. St. Mary's College basketball great, has turned down an offer to play with the College All-Stars in a barnstorming trip in 19 cities against the Harlem Globetrotters.

The Mount ace, only small college player to receive a bid, decided to devote his time to studies.

SCHOOLS BOOST SALES

WEST POINT, Miss. (AP)—Supt. B. D. McCallister of West Point's city schools says a survey in Mississippi shows that retail sales are higher in cities with better schools.

All other factors being equal, he said, cities with better schools have up to 22 per cent more retail business than those with poor schools. He said education increases individual productive capacity which in turn boosts living standards and purchasing power.

Big Little League Asks Manager, Board Members Be Selected Immediately

Plans are already underway for the Big Little Baseball League for boys 13 to 15 years of age, inclusive, although the first meeting of league officials will not be held until Monday, April 29.

Genn L. Bream, president, is urging all sponsors to secure two representatives and an alternate to serve on the board of directors. He also asks that each team secure its manager and assistant prior to the coming meeting.

The league will again be composed of teams sponsored by the Eagles, Elks, American Legion and Cities Service.

Each organization has been directed to provide 15 full uniforms for its squad.

Eligibility Bracket

It has been pointed out that candidates who become 16 years of age after the opening game will be eligible to participate the remainder of the season. Those whose 16th birthdays occur prior to the opening game are ineligible.

Tryouts will be started on May 1. All candidates are urged to start getting into condition immediately by working out on their own.

At the meeting April 29, the time and place for which will be announced later, officers will be elected and other plans completed for the summer program.

THOMAS SHINES AT THIRD BASE

FORT MYERS, Fla. (AP)—Frank Thomas once balked at playing third base because he was afraid he'd be killed by a line drive. Now the reformed outfielder finds the so-called hot corner a breeze compared with fly chasing.

"A fellow once told me all you have to have to become a good third baseman is a strong arm, a stout chest and lots of guts," Pittsburgh's third baseman of exactly 111 games said. "I'm beginning to believe it. All three have come in handy thus far."

Thomas has been surprisingly proficient since he made the big switch, at Manager Bobby Bragan's insistence, last May. Besides a strong arm, he is agile for a big fellow, gets a good jump on the ball, covers the necessary ground and comes in well on a slow-hit ball. There neve was any question about his hitting.

"Frank's new attitude has been the most pleasant surprise in camp," said Braan. "I've never seen him work so hard. He's pepped up the entire club."

Dr. James S. Feurig, Michigan State team physician, played pro football with the Green Bay Packers 18 years ago.

The Cincinnati Redlegs led the National League in slugging with a .441 mark in 1956.

Bucknell Reveals 1957 Grid Program

LEWISBURG, Pa. — Bucknell University will play a nine-game football schedule in 1957, it was announced today by Albert E. Humphreys, director of athletics. This will be one more contest than was played last fall. The addition of Carnegie Tech and Boston University to the card and the dropping of Buffalo account for the only changes, as seven of last year's opponents have been retained.

Coach Harry Lawrence will open his eleventh year as Bucknell coach September 21, when his Bisons will entertain Albright College at Lewisburg. The remainder of the schedule lists: Gettysburg, at Hershey, Sept. 28 (night); Temple, at Lewisburg, Oct. 5; Carnegie Tech, at Pittsburg, Oct 12; Boston University, at Lewisburg, Oct. 19; Lafayette, at Easton, Oct. 26; Lehigh, at Bethlehem, Nov. 2; Colgate, at Hamilton, N. Y., Nov. 9; and Delaware, at Lewisburg, Nov. 16.

Braves Show Pennant Fire As They Wallop Cincinnati 12-6

By BOB ROBERTSON
The Associated Press

Manager Fred Haney has said all along that if his pitchers and hitters ever decide to get together the Milwaukee Braves will be mighty tough to beat for the National League pennant.

They missed by only a game last year after frittering away a solid lead in the closing weeks.

And at the start of this season's exhibition games it appeared as if they were up to their old tricks. But they suddenly caught fire and won six of their last eight games.

Two Homers By Adcock

Yesterday they combined the ingredients that make a pennant contender as they beat the Cincinnati Redlegs 12-6. Warren Spahn allowed only six hits, one of them a homer by Bob Thurman, in seven innings.

The Milwaukee hitters backed up his southpaw slants with 14 hits, including two homers by Joe Adcock — one a grand-slammer — and another by Hank Aaron.

Smok Burgess hit a grand slam homer for Cinci in the ninth off Gene Conley.

The Braves were not the only ones who got good pitching.

Tigers Maul Dodgers

The Detroit Tigers got a three-hit job from Frank Larry and Jim Bunning as they mauled the Brooklyn Dodgers 18-1. Al Kaline hit two home runs and Charley Maxwell, Frank House and Reno Bertoia one each in the 20-hit assault on Sal Magie, Ken Lehman and Clem Labine.

Johnn Kucks held the St. Louis Cardinals to four hits as he went the route for the Yankees. But the world champions dropped a 1-0 decision to the St. Louis Cardinals for their second setback by the same score in as many games. A double by Del Ennis and a triple by Hobie Landrith in the second provided enough working margin for Herm Wenmeier and Larry Jackson.

Other Camp News

With Bob Lemon hurling the first five innings rookie Stan Pitula the next three and relief expert Don Mossi the final frame, the Cleveland Indians stopped the slugging Chicago Cubs 6-0.

Elsewhere, the New York Giants chalked up their third straight victory and their eighth in the last nine games with a 5-2 decision over the Boston Red Sox. The Chicago White Sox exploded for eight runs in the third inning and a 9-4 victory over Washington with Minnie Minoso getting three hits and Larry Doby and Dick Donovan one homer each. Alex Kellner walked Ed Bouchee home in the 10th inning with the run that gave the Philadelphia Phillies a 4-3 triumph over Kansas City.

Bullets Oppose Cornell Here Friday Afternoon At 2:30 In Opening Game

VAUGHN WINS IN SPLIT DECISION OVER GIARDELLO

KANSAS CITY (AP)—Middleweight Joey Giardello's anguished howl of protest at ringside after dropping a 10-round split decision to Willie Vaughn last night drew more attention than their dull bout.

Giardello did not go unseen, or unheard. A national television audience caught part of his act, after which two members of the Missouri Athletic Commission said a "no decision" would be declared today.

"Unfortunately, the judges were using the correct system of scoring and the referee was using the old system," Commissioner Charles W. Pian of St. Louis explained.

Mixup On Scoring

Their attention was called to the scoring mixup by coprometers John Antonello and Frankie Gatto, who also informed Giardello's corner.

The Philadelphian, reacting more quickly to this opening than he had to those presented by Vaughn, touched off a rhubarb over the judges table and soon had the officials on the ropes.

Giardello's manager Frank Carter threatened on the spot to take the matter to court.

Involved was a newly adopted but not previously announced Missouri scoring system. Giardello and his seconds challenged Referee Ray Sissom's card, which scored 52 points for Vaughn, 48 Giardello.

A check desclosed Sissom had not followed the National Boxing Assn. "5-point-must" scoring system, adopted by Missouri and had, instead, scored five rounds of the fight under the old rue. It awarded up to 10 points per round.

Under the "5-point-must" system, no one fighter in any round can be given more than a maximum of 5 points. The loser can be awarded four or less. An even round is scored 5-all.

On his scorecard Sissom gave the winner of the second, fifth, sixth, seventh and ninth rounds six points instead of five. It was these rounds Giardello ad Carter protested.

As a result of Giardello's challenge, the referee's card was officially changed to read 47-45 in Vaughn's favor.

The Hollywood Negro, a 5-1 underdog, carried the fight to Giardello all the way, and in the fifth bloodied Joey's brow over the right eye. Vaughn gained confidence as the bout progressed, winding up the stronger fighter and virtually unmarked. He weighed 160, Giardello 159¼.

HOCKEY AT A GLANCE
Today's Schedule
National League Semifinals

Boston at Detroit (Boston leads best of 7 series, 1-0).

Montreal at New York (Montreal leads best of 7 series, 1-0).

American League Semifinals

Rochester at Providence (Rochester leads best of 7 series, 1-0).

Hershey at Cleveland (Hershey leads best of 7 series, 1-0).

No games scheduled yesterday.

Baseball bows in locally Friday afternoon when the Gettysburg College baseball team entertains Cornell University as the Bullets open a 21-game schedule which includes many of the powerhouse schools of the East. The game will start at 2:30 o'clock.

Six veterans from last year are scheduled to appear in the opening lineup as announced by Coach "Hen" Bream who is winding up his long coaching career this season.

Two Gettysburg High School products will get starting roles Jack Bream, senior, first baseman, and Bobby Rohrbaugh, junior, left fielder, will open at those positions.

In addition to Bream, other lettermen will include Vince Scola, second base; Art Hendley, shortstop; Joe Robinski, catcher; Frank Capitani, centerfield, and John Schleicher, pitcher.

May Use Four Hurlers

Coach Bream plans to use a pair of right-handers and a pair of southpaws against Cornell but has not yet decided upon what order. The right-handers are Schleicher and Leroy Bream and the lefties Wally Kuligowski and Dick Hawkins.

The batting order for the first game will be as follows: Scola, 2b; Hendley, ss; Robinski, c; Capitani, cf; Larry Lidell, 3b; Harry Binger, rf; Rohrbaugh, lf; Bream, 1b, and the pitcher.

Cornell is currently on a southern trip. The Big Red walloped Virginia Military Institute on Tuesday 16-6 and then lost 5-3 Wednesday to the same team.

Last year Cornell compiled a 10-8 record and finished third in the Eastern Intercollegiate League with a 5-4 mark.

Richard Shigekane, a senior and star infielder who is a native of Hilo, Hawaii, is the captain of the Ithacans.

New Cornell Coach

George Patte, who is carrying a 22-man squad, is coaching Cornell for the first time.

The Big Red Squad includes: Catchers, Joe Conroy, Chris Hatton and Jim Suiter; infielders, Capt. Shigekane, Bob Flynn, Jay Reynolds; Nick Schiff, Bob Werstandig and John Williams; outfielders, Garry Davidson, Norm Juvonen, John Marchell, Ron Muzii and Ed Tibbits. Marchell and Tibbits are the only left-handed hitters. The pitching staff includes Joel Birnbaum, Louis Jordan, Ted Thelander and Pete Vrooman, right-handers, and Paul Gavitt, Bob Kelley, Bob List and Gene Mirrer, southpaws.

Busy Week Ahead

Next week the Bullets face three games. They meet Wilkes at Wilkes-Barre Tuesday, Elizabethtown at Elizabethtown Thursday, and Harvard University here Saturday, April 6.

Workmen are rushing to complete the erection of two cement block dugouts at the college field. The Gettysburg College Booster Club recently contributed $500 for the work.

Al Evans, who managed Abilene, Tex., in the Big State League in 1956, is the 1957 skipper of the Little Rock Travelers in the AA Southern Assn.

Jack Burke, 1956 Masters golf winner with 289, finished second in 1952 when he shot a 290.

Wins Taneytown Spelling Contest

Miss Norma Willet, 14, daughter of Mr. and Mrs. Norman Willet, Taneytown, and a student in Grade 8X, Taneytown, won the annual spelling contest. Miss Mary Ellen Stonesifer, Grade 8Y, was second and Jackie Myers, Grade 8X, was third. 160 pupils participated.

Section winners among grade students were Susan Riffle, Grade 7X; Arlene Baker, Grade 7Y; Norma Willet, and Mary E. Stonesifer.

ADVERTISE IN THE TIMES

1-0 DEFEAT BY ROCHESTER IS UNDER PROTEST

By THE ASSOCIATED PRESS

A rhubarb has developed in the American Hockey League's Calder Cup playoffs with Providence protesting its 1-0 loss to Rochester in the opener of their best-of-seven semifinal series Tuesday night.

The Reds' general manager, Terry Reardon, contended Rochester had used an ineligible player.

John Chick, AHL president, said last night in St. Catherine's, Ont., that he would not make a statement until he officially receives the protest.

Bears Resume

Noel Price, brought up from Winnipeg recently under the league's emergency rule to replace an injured player is the player involved. However, both Price and Benny Woit, who was the injured player at the time, took part in the game against the Reds Tuesday night.

The teams meet in the second game tonight at Providence. The series then shifts to Rochester on Friday night.

The Cleveland Barons and the Hershey Bears also resume their best-of-seven semifinals at Cleveland tonight. Hershey won the opener 3-0. The third game will be played at Hershey Saturday night.

MODERN CIRCUS TAKES TO ROAD

SARASOTA, Fla. (AP)—The circus takes the road today, but being left behind are such familiar sights as the big top and the gaudy circus personnel trains.

Instead, a streamlined version of Ringling Bros. and Barnum & Bailey sets its sights on New York and a spring tour.

Performers and workers are to travel on a regular passenger train. Only the animals are setting out on the gaily painted circus cars.

Other circus folks already are on their way northward in private autos. Still others, particularly European performers, will join the circus in New York. Circus equipment is being carried in trucks.

John Ringling North, president of the circus, thought up the idea of a new styled circus after the show folded its tent in midseason in Pittsburgh last July.

North's plan is to have the circus play in coliseums, inside large buildings and at larger fairs.

MIAMI — Estacion ($23.80) captured the $28,750 Suwanee Handicap at Gulfstream Park.

BOWIE, Md. — Dream Pattern ($27.60) came from off the pace to take the Lexington purse at Bowie.

PHILADELPHIA (AP) — The Atlantic Refining Co. today reduced the minimum fair trade price of its gasoline by one cent a gallon in all Pennsylvania counties east of Clinton, Centre, Mifflin, Huntingdon and Fulton, and south of Tioga, Bradford, Susquehanna, Wayne and Pike.

The company said the price cut was being made to enable dealers to meet competitive conditions. The new retail price of Atlantic gasoline in Zone 1 now is 18.9 cents per gallon, excluding tax.

CHESTER AND SHARON AIM AT STATE CROWN

By THE ASSOCIATED PRESS

Sharon and Chester, high school basketball powers from the far west and the far east of the state, tucked away regional titles today and took aim at Pennsylvania's Class A championship Saturday night.

Sharon, unbeaten and champion in the tough WPIAL, spilled Pittsburgh's Oliver High 49-38 at Pittsburgh to take the western flag and complete 27 consecutive victories.

Chester's Clippers, paced by Billy Wilson's 25 points and heavily favored, ran into trouble from Reading's changing man-to-man defense before tumbling the Red Knights 52-46 at Hershey.

Get Another Chance

The eastern title gives Chester another chance to gain its first state championship. The Clippers lost in the finals in 1954 and 1955 but have never gone all the way. Their four-year record under Coach Bobby Forward is an impressive 101 victories against 8 losses. They posted a 26-2 season record with last night's victory.

Sharon, which displaced state champion Farrell to win the WPIAL Section III title and enter playoffs, last won the state title in 1930. Since Worod War II the title has gone to Section III more often than to any other district.

A capacity crowd at the Pitt Field House watched Sharon pile up a 16-8 lead into the second quarter, fight off a third-quarter Oliver rally and pull through despite 21 points by Oliver's Don Clisby.

To Fly To Philly

Mark Dumars, named to the Associated Press all-state team, was the Sharon playmaker and sank 15 points to lead the Bengal scoring.

Chester, faced with a 25-23 halftime score before about 7,500 fans at Hershey, found its normally fast moving offense snarled by Reading. The Knights took a 33-28 lead in the third period and battled the Clippers on even terms until Reading fouls mounted midway in the final frame.

Two Reading players fouled out and Wilson sank 15 of his points on free throws.

The Sharon team will fly to Philadelphia tomorrow morning for the title game in the University of Pennsylvania Palestra Saturday night. Fifteen players and three team managers will make the trip.

W. L. Batt Jr. Talks At Welfare Forum

HARRISBURG (AP) — William L. Batt Jr., secretary of labor and industry, told the Pennsylvania Welfare Forum today that everyone must help in the job of correcting "unfavorable beliefs and generalizations" about older workers.

"We need to do this since they have been translated into restrictive policies and practices barring older job seekers from employment on account of their age," Batt said in a speech.

He called the "plight of our senior citizens" as the "greatest unsolved social problem" of the day.

Batt added that "the worker should be hired according to his abilities and not his age."

Laurel Ready For Opening On Monday

LAUREL, Md. — Laurel race track's stable area was filled to capacity today as horsemen and track officials completed plans for the meet opening Monday.

The bulging barns and the presence of jockeys Sammy Boulmetis, Bobby Martin, Nick Shuk, Dave Gorman, Tony DeSpirito and Frankie Lovato among others, indicate a successful season being highlighted by the Chesapeake Stakes on April 20 and the Laurel Handicap on April 27.

A feature of the Laurel meet will be Ladies' Day every Thursday.

CLEARWATER, Fla. (AP)—Philadelphia Phillies' Manager Mayo Smith was cheered today by second baseman Ted Kazanski's resurgence at bat.

Kazanski collected four of the Phils' 11 hits against the Kansas City Athletics yesterday. In the past six grapefruit league games, he's had 12 safeties in 25 trips to the plate. Kazanski, who is trying to hit with the pitch more this season, figured in all the Phils' scoring innings. The 4-3 win over the A's, incidentally, was the Phils' fourth extra-inning victory.

SCOTTSDALE, Ariz. (AP) — Manager Paul Richards may have a problem when it comes time to trim down his young Baltimore Orioles squad.

Richards is confronted with youngsters like Brooks Robinson and Carl Powis who are slamming the ball and fielding too well to be casually sent out to pasture.

But he also has bonus boys Bob Nelson and Jim Pyburn who need more training but can't be optioned off until June.

Sullivan Rejects Bid Of All-Stars

Jack Sullivan, Mt. St. Mary's College basketball great, has turned down an offer to play with the College All-Stars in a barnstorming trip in 19 cities against the Harlem Globetrotters.

The Mount ace, only small college player to receive a bid, decided to devote his time to studies.

SCHOOLS BOOST SALES

WEST POINT, Miss. (AP)—Supt. B. D. McCallister of West Point's city schools says a survey in Mississippi shows that retail sales are higher in cities with better schools.

All other factors being equal, he said, cities with better schools have up to 22 per cent more retail business than those with poor schools. He said education increases individual productive capacity which in turn boosts living standards and purchasing power.

Big Little League Asks Manager, Board Members Be Selected Immediately

Plans are already underway for the Big Little Baseball League for boys 13 to 15 years of age, inclusive, although the first meeting of league officials will not be held until Monday, April 29.

Genn L. Bream, president, is urging all sponsors to secure two representatives and an alternate to serve on the board of directors. He also asks that each team secure its manager and assistant prior to the coming meeting.

The league will again be composed of teams sponsored by the Eagles, Elks, American Legion and Cities Service.

Each organization has been directed to provide 15 full uniforms for its squad.

Eligibility Bracket

It has been pointed out that candidates who become 16 years of age after the opening game will be eligible to participate the remainder of the season. Those whose 16th birthdays occur prior to the opening game are ineligible.

Tryouts will be started on May 1. All candidates are urged to start getting into condition immediately by working out on their own.

At the meeting April 29, the time and place for which will be announced later, officers will be elected and other plans completed for the summer program.

THOMAS SHINES AT THIRD BASE

FORT MYERS, Fla. (AP)—Frank Thomas once balked at playing third base because he was afraid he'd be killed by a line drive. Now the reformed outfielder finds the so-called hot corner a breeze compared with fly chasing.

"A fellow once told me all you have to have to become a good third baseman is a strong arm, a stout chest and lots of guts," Pittsburgh's third baseman of exactly 111 games said. "I'm beginning to believe it. All three have come in handy thus far."

Thomas has been surprisingly proficient since he made the big switch, at Manager Bobby Bragan's insistence, last May. Besides a strong arm, he is agile for a big fellow, gets a good jump on the ball, covers the necessary ground and comes in well on a slow-hit ball. There neve was any question about his hitting.

"Frank's new attitude has been the most pleasant surprise in camp," said Braan. "I've never seen him work so hard. He's pepped up the entire club."

Bucknell Reveals 1957 Grid Program

LEWISBURG, Pa. — Bucknell University will play a nine-game football schedule in 1957, it was announced today by Albert E. Humphreys, director of athletics. This will be one more contest than was played last fall. The addition of Carnegie Tech and Boston University to the card and the dropping of Buffalo account for the only changes, as seven of last year's opponents have been retained.

Coach Harry Lawrence will open his eleventh year as Bucknell coach September 21, when his Bisons will entertain Albright College at Lewisburg. The remainder of the schedule lists: Gettysburg, at Hershey, Sept. 28 (night); Temple, at Lewisburg, Oct. 5; Carnegie Tech, at Pittsburg, Oct 12; Boston University, at Lewisburg, Oct. 19; Lafayette, at Easton, Oct. 26; Lehigh, at Bethlehem, Nov. 2; Colgate, at Hamilton, N. Y., Nov. 9; and Delaware, at Lewisburg, Nov. 16.

Braves Show Pennant Fire As They Wallop Cincinnati 12-6

By BOB ROBERTSON
The Associated Press

Manager Fred Haney has said all along that if his pitchers and hitters ever decide to get together the Milwaukee Braves will be mighty tough to beat for the National League pennant.

They missed by only a game last year after frittering away a solid lead in the closing weeks.

And at the start of this season's exhibition games it appeared as if they were up to their old tricks. But they suddenly caught fire and won six of their last eight games.

Two Homers By Adcock

Yesterday they combined the ingredients that make a pennant contender as they beat the Cincinnati Redlegs 12-6. Warren Spahn allowed only six hits, one of them a homer by Bob Thurman, in seven innings.

The Milwaukee hitters backed up his southpaw slants with 14 hits, including two homers by Joe Adcock — one a grand-slammer — and another by Hank Aaron.

Smok Burgess hit a grand slam homer for Cinci in the ninth off Gene Conley.

The Braves were not the only ones who got good pitching.

Tigers Maul Dodgers

The Detroit Tigers got a three-hit job from Frank Larry and Jim Bunning as they mauled the Brooklyn Dodgers 18-1. Al Kaline hit two home runs and Charley Maxwell, Frank House and Reno Bertoia one each in the 20-hit assault on Sal Magie, Ken Lehman and Clem Labine.

Johnn Kucks held the St. Louis Cardinals to four hits as he went the route for the Yankees. But the world champions dropped a 1-0 decision to the St. Louis Cardinals for their second setback by the same score in as many games. A double by Del Ennis and a triple by Hobie Landrith in the second provided enough working margin for Herm Wehmeier and Larry Jackson.

Other Camp News

With Bob Lemon hurling the first five innings rookie Stan Pitula the next three and relief expert Don Mossi the final frame, the Cleveland Indians stopped the slugging Chicago Cubs 6-0.

Elsewhere, the New York Giants chalked up their third straight victory and their eighth in the last nine games with a 5-2 decision over the Boston Red Sox. The Chicago White Sox exploded for eight runs in the third inning and a 9-4 victory over Washington with Minnie Minoso getting three hits and Larry Doby and Dick Donovan one homer each. Alex Kellner walked Ed Bouchee home in the 10th inning with the run that gave the Philadelphia Phillies a 4-3 triumph over Kansas City.

Bullets Oppose Cornell Here Friday Afternoon At 2:30 In Opening Game

VAUGHN WINS IN SPLIT DECISION OVER GIARDELLO

KANSAS CITY (AP)—Middleweight Joey Giardello's anguished howl of protest at ringside after dropping a 10-round split decision to Willie Vaughn last night drew more attention than their dull bout.

Giardello did not go unseen, or unheard. A national television audience caught part of his act, after which two members of the Missouri Athletic Commission said a "no decision" would be declared today.

"Unfortunately, the judges were using the correct system of scoring and the referee was using the old system," Commissioner Charles W. Pian of St. Louis explained.

Mixup On Scoring

Their attention was called to the scoring mixup by coprometers John Antonello and Frankie Gatto, who also informed Giardello's corner.

The Philadelphian, reacting more quickly to this opening than he had to those presented by Vaughn, touched off a rhubarb over the judges table and soon had the officials on the ropes.

Giardello's manager Frank Carter threatened on the spot to take the matter to court.

Involved was a newly adopted but not previously announced Missouri scoring system. Giardello and his seconds challenged Referee Ray Sissom's card, which scored 52 points for Vaughn, 48 Giardello.

A check desclosed Sissom had not followed the National Boxing Assn. "5-point-must" scoring system, adopted by Missouri and had, instead, scored five rounds of the fight under the old rue. It awarded up to 10 points per round.

Under the "5-point-must" system, no one fighter in any round can be given more than a maximum of 5 points. The loser can be awarded four or less. An even round is scored 5-all.

On his scorecard Sissom gave the winner of the second, fifth, sixth, seventh and ninth rounds six points instead of five. It was these rounds Giardello ad Carter protested.

As a result of Giardello's challenge, the referee's card was officially changed to read 47-45 in Vaughn's favor.

The Hollywood Negro, a 5-1 underdog, carried the fight to Giardello all the way, and in the fifth bloodied Joey's brow over the right eye. Vaughn gained confidence as the bout progressed, winding up the stronger fighter and virtually unmarked. He weighed 160, Giardello 159¼.

HOCKEY AT A GLANCE
Today's Schedule
National League Semifinals

Boston at Detroit (Boston leads best of 7 series, 1-0).

Montreal at New York (Montreal leads best of 7 series, 1-0).

American League Semifinals

Rochester at Providence (Rochester leads best of 7 series, 1-0).

Hershey at Cleveland (Hershey leads best of 7 series, 1-0).

No games scheduled yesterday.

Baseball bows in locally Friday afternoon when the Gettysburg College baseball team entertains Cornell University as the Bullets open a 21-game schedule which includes many of the powerhouse schools of the East. The game will start at 2:30 o'clock.

Six veterans from last year are scheduled to appear in the opening lineup as announced by Coach "Hen" Bream who is winding up his long coaching career this season.

Two Gettysburg High School products will get starting roles Jack Bream, senior, first baseman, and Bobby Rohrbaugh, junior, left fielder, will open at those positions.

In addition to Bream, other lettermen will include Vince Scola, second base; Art Hendley, shortstop; Joe Robinski, catcher; Frank Capitani, centerfield, and John Schleicher, pitcher.

May Use Four Hurlers

Coach Bream plans to use a pair of right-handers and a pair of southpaws against Cornell but has not yet decided upon what order. The right-handers are Schleicher and Leroy Bream and the lefties Wally Kuligowski and Dick Hawkins.

The batting order for the first game will be as follows: Scola, 2b; Hendley, ss; Robinski, c; Capitani, cf; Larry Lidell, 3b; Harry Binger, rf; Rohrbaugh, lf; Bream, 1b, and the pitcher.

Cornell is currently on a southern trip. The Big Red walloped Virginia Military Institute on Tuesday 16-6 and than lost 5-3 Wednesday to the same team.

Last year Cornell compiled a 10-8 record and finished third in the Eastern Intercollegiate League with a 5-4 mark.

Richard Shigekane, a senior and star infielder who is a native of Hilo, Hawaii, is the captain of the Ithacans.

New Cornell Coach

George Patte, who is carrying a 22-man squad, is coaching Cornell for the first time.

The Big Red Squad includes: Catchers, Joe Conroy, Chris Hatton and Jim Suiter; infielders, Capt. Shigekane, Bob Flynn, Jay Reynolds; Nick Schiff, Bob Werstandig and John Williams; outfielders, Garry Davidson, Norm Juvonen, John Marchell, Ron Muzii and Ed Tibbits. Marchell and Tibbits are the only left-handed hitters. The pitching staff includes Joel Birnbaum, Louis Jordan, Ted Thelander and Pete Vrooman, right-handers, and Paul Gavitt, Bob Kelley, Bob List and Gene Mirrer, southpaws.

Busy Week Ahead

Next week the Bullets face three games. They meet Wilkes at Wilkes-Barre Tuesday, Elizabethtown at Elizabethtown Thursday, and Harvard University here Saturday, April 6.

Workmen are rushing to complete the erection of two cement block dugouts at the college field. The Gettysburg College Booster Club recently contributed $500 for the work.

Al Evans, who managed Abilene, Tex., in the Big State League in 1956, is the 1957 skipper of the Little Rock Travelers in the AA Southern Assn.

Jack Burke, 1956 Masters golf winner with 289, finished second in 1952 when he shot a 290.

Today's Talk

FEED THE BIRDS

All winter I have been feeding the birds about my home. It has afforded me much joy and satisfaction Soon now, with the sun shining, getting warmer, there will be a gathering of many varieties of birds returning from the southland looking for their homes in the north and selecting nesting places.

Today, as I write, scores of birds have come to bathe in my water stand and to partake of the scattered food outside my kitchen door. They seem so grateful and happy I wonder what their though are if they have any, and I believe they do

From my window I feed my handsome grey squirrels, who take peanuts from my hand. What beautiful fur coats they have! I have never seen them so expensively clothed or so fat and seemingly healthy. It takes but a very short time to gain the confidence of such animals and birds.

Feed the birds about your home and you will get a big return in dividends from those who help in destroying insects and worms about your yard or garden. And don't forget about their songs of thankfulness! What a world this would be if fears of war never entered anywhere upon this earth! The animals and birds know nothing about wars.

Feed the birds and welcome them back from their sunny southland They will sing for you when you are troubled or discouraged. They will even furnish you an orchestra of music at early morn and while the sun sets its glow in the western sky!

Tomorrow Mr Adams will talk on the subject: "Like the Millions and Millions"

TRUST

The truth will let you sleep at night
And keep your friendships strong.
They'll come with comfort day and night
To aid when things go wrong.

If friends confide in you their trust,
In all you say and do,
To such great confidence you must
Remember to be true.

If no regret disturbs your mind,
And well you've lived the day,
You can step from your door to find
Good friends along the way.

SIX "SILENT POLICEMEN" BACK ON DUTY

PHILADELPHIA (AP)—Six "silent policemen" have been ordered back to duty in suburban Whitemarsh Township.

James J. Lawler, state highways secretary, so directed yesterday, thus reversing a recent strict interpretation of a state law.

The law specifies that "silent policemen," metal figures big as life and set out in school safety zones, must wear regulation blue and other suitable trappings of authority. And they must not bear a speed limit marking. Otherwise, in the state's views, motorists are confused or indifferent or perhaps even resentful.

When the signs were removed by highway officials last week Whitemarsh residents raised a protest that carried all the way to the state capitol in Harrisburg. They argued that although their silent policemen were in reality the images of schoolgirls, the effect was no less salutary than that of the men-in-blue figures. They said, too, that the reminder, "speed limit 15 m.p.h.," painted across the front of them, also helped to reduce the number of accidents.

MY CHUTE DIDN'T OPEN!
By Sgt. James Closson
11th Airborne Infantry

On the morning of January 11, 1956, 20 of us climbed aboard an Air Force C-119 "flying boxcar," at Fort Campbell, Kentucky. We sat facing each other across the aisle, about to make what some people might call a routine jump.

Sgt. James Closson

But there's no such thing as a routine parachute jump. No matter how many times we take off in a flying boxcar, no matter how many times we stand at the open door and look out at the maplike earth moving below . . . and then get ready to jump . . . the thought is always there What happens if the chute doesn't open?

One by one the planes warmed up and took off down the runway. Inside our ship each of us was thinking his own thoughts I was thinking, too. I said a prayer: God, I hope my chute will open when the time comes.

Some Were Nervous

The aircraft took a long time getting to the drop zone. Some of nervous, like Private Lessie Smith who sat across from me.

Smith had jumped only seven times. I went over and talked with him. As squad leader, part of my job was to keep the newer men from freezing up.

"You know the old one," I said to Smith. "Don't worry; your chute's guaranteed to open."

Smith looked puzzled.

"Guaranteed?"

"Yes." I said, "if it doesn't open, Uncle Sam will give you a new one."

The joke fell flat. I sat down and waited for the doors to open, as I had done 27 times before.

Near The Zone

We leveled off at 1,200 feet and banked towards the drop zone, only minutes away. The jump master gave us the commands. . . "Get ready" . . . "Stand up" . . . "Hook up" . . . "Sound off for equipment check," and down the two rows of paratroopers, scarcely rising above the persistent drone of engines, came . . . "twenty O.K.," "nineteen O.K.," "eighteen O.K." . . and on down the line.

Nervously I flexed my knees and stared at the trooper by the door who would lead us out. The pilot's red warning light flashed on. We were near. Then the green light glowed.

The first man leaped, his legs bent slightly, ankles close together, chin dug tightly into his chest. He would be counting — "One thousand . . . two thousand . . . three thousand . . . four thousand" — the time required for a parachute to fully open

Farm Lands Below

I stepped into the door myself and hesitated for a split second . . . Kentucky farm lands below had patches of green, against mid-winter gray.

Then I jumped — out of the droning aircraft into the soft, quiet air of 1,200 feet "One thousand, two thousand, three . . ." the earth revolved weirdly.

Four thousand, and I was aware of the chute's trailing above me. It will open now I thought — but still I fell.

"Four thousand!" I shouted as if somebody didn't understand.

"Four thousand," I whispered in the manner of prayer

But the world spun around and the earth continued to rush towards me. Open parachutes crossed my vision, one directly below. It appeared I would hit it. Instinctively I reached out for help.

A Violent Jerk

"Four thousand," I yelled again as my arms ran along the shroud lines. They slipped and I plunged past the open chute. Nothing remained between me and the frozen countryside below.

My hands were grasping at the handle of my reserve chute when a violent jerk threw me completely off balance.

I was still falling, but slower I turned and looked up. There was no open canopy right above me. Instead, there was Lessie Smith, fighting to hold on to my shroud lines. His hands slipped from the cutting weight. He grabbed again.

He tried to wrap the shroud lines around his wrists but couldn't. He just had to hold on with the strength that was in his hands

Down Together

Together we plummeted down past the other troopers.

And suddenly we hit.

I rolled to get out of Smith's way, and he landed almost on top of me. He rolled, too.

We both got up, and the reaction hadn't yet set in. We shook ourselves. And the other troopers were just beginning to settle down around us. The officers and newsmen who were on the ground ran toward us Lessi Smith and I stood arm in arm, waiting for them, grinning.

TOMORROW — Bill Cunningham, Boston newspaper columnist, tells the story of a romance he once watched develop and of its climax which made even a hard boiled newspaperman weep.

DECLARES LAB TESTS NOT GOOD

By ALTON BLAKESLEE
AP Science Reporter

ST. LOUIS (AP)—A high percentage of certain laboratory tests on your health are wrong or not good enough, a doctor declared today.

The test results partly and sometimes vitally influence the treatment your doctor then gives said Dr. Lewis Smith, a pathologist from Dallas, Tex.

The main reason for poor tests is very low pay usually given medical technologists — the doctor's helpers who run the vital laboratory tests, Dr. Smith told the American Academy of General Practice.

Many Low Paid

He said too many are paid less than secretaries or typists. The result is too few good technologists and insufficient training.

Dr. Smith reported a three-state survey some years ago showed 42 to 62 per cent of tests for specific blood measurements were "not satisfactory — outside the bounds of acceptable accuracy."

These included tests for anemia, for blood sugar, blood salts, for nitrogen in uremia or blood poisoning, and for blood plasma proteins.

Dr. Smith declared erroneous or not-too-accurate laboratory reports "can be responsible for a major number of prolongations of illnesses and some deaths."

U. S. To Take New Look At Red Trade

WASHINGTON (AP) — The United States is expected to restudy its policy of asking free world partners to hold firm against nonstrategic trade with Communist China.

Assurances that the United States would take a new look at the East-West trade question reportedly were given British leaders during the Bermuda conference between President Eisenhower and Britain's Prime Minister Macmillan.

But there still is reported to be strong sentiment among top U. S. officials against any relaxation of trade barriers with Communist China.

An authoritative source said that before any possible change is made in the current policy there would be consultations between the Eisenhower administration and congressional leaders.

Yank Pilot Makes 25th Ocean Crossing

HAMBURG, Germany (AP)—Max Conrad, 51-year-old American pilot, yesterday delivered the aircraft that brought him on his 25th Atlantic crossing in a light plane.

Conrad, a band leader, turned pilot, had flown the $35,000 Piper Apache from the United States for the Gruner-Druck Co. of Hamburg, a large printing firm.

He completed the 25th transatlantic hop when he landed in Ireland Monday. From there he went to Amsterdam and then to Hamburg.

HOUSE DRIVE TO CUT BUDGET IN FINAL STAGE

WASHINGTON (AP) — A House drive to cut an estimated 200 million dollars from new appropriations asked for the Labor and Welfare Departments moved into its final stages today.

A coalition of Republicans and Southern Democrats showed no signs of weakening in their effort. In the last two days, they have persuaded the House to cut $14,408,100 from the amounts recommended by its Appropriations Committee.

The committee already had chopped 118 million dollars from President Eisenhower's requests for $2 862 502 881 to finance the two big departments and several minor agencies for the fiscal year starting July 1.

Passage Expected

The House cuts, voted over the opposition of many committee members, were designed to hold 1958 appropriations generally to their 1957 levels by denying funds for personnel expansion.

Similar amendments to cut from 60 to 85 million dollars deeper were pending as the bill moved toward expected passage.

All the cuts are tentative and subject to possible roll-call votes before passage.

If the House coalition reaches its goal on the pending bill, the House will have cut about 900 million dollars from funds requested in five annual appropriation bills it has considered this year. This would amount to close to 10 per cent on requests for $13,400,000,000 with the biggest bills still to be considered.

May Direct Investigation On Early Pardon Board Cases

HARRISBURG (AP) — Sen. Joseph J. Yosko (D-Northampton) said today he hoped to focus a legislative investigation of the State Pardons Board on cases heard by previous boards.

"I feel that since this probe began several weeks ago we have been giving the present board a bad break by talking about nothing but the cases which appeared before it," Yosko told a newsman.

"I will fight with all that's in me to have cases that were heard before the present board came into office investigated by the committee," he added.

Yosko made the statement in advance of public hearings which recessed last night after members of the committee differed on the procedure followed in hearing the cases.

"Political Inquisition"

Henry S. Harner, who as commonwealth secretary sat on the board last year before leaving the office, told a crowded hearing room yesterday:

"This is essentially a political inquisition and has not more than five cents worth of principle in it."

He said the Philadelphia Inquirer "began this whole thing for what ulterior motive they may have had."

He added that other newspapers "picked up a sort of gossip and carried it along."

In another development, Harner testified that committee counsel, David Kohn, had contacted him in 1956 regarding a case Kohn was to present to the board.

Sought Favorable Hearing

Harner said Kohn told him on the telephone that "he would appreciate anything I might be able to do to get him a favorable hearing."

The conversation, Harner said, referred to a man he identified as Bowman F. Kennedy, Blair County, who was sentenced in 1947 to 17-40 years on charges of burglary, robbery and assault.

The board turned down Kennedy's appeal for a commutation of sentence.

"All I asked Mr. Harner was that the case deserved some deep consideration and I asked him to look carefully into the case," Kohn said.

Chairman Edwin W. Tompkins (R-Cameron) complained that records called for by the committee were not submitted until "it pleased the attorney general to do so at his good time and leisure."

Atty. Gen. Thomas D. McBride, also a member of the board, said he did not purposely delay in submitting any records asked by the committee.

PROBE SHOTS AT STRUCK PLANT

ESSINGTON, Pa. (AP) — A report of pistol shots at the struck Linde Air Products Co. plant here has prompted an investigation by the Delaware County district attorney's office.

Donald Robertson, president of Local 12548, Oil Chemical and Atomic Workers, said pickets were fired upon Tuesday night by "strike breakers" he reported had entered the plant through a rear railroad gate.

Company officials said the firm had nothing to do with the reported shooting.

Union members turned over to Tinicum Twp. police a 22 caliber automatic rifle and a .45 caliber pistol. Two of them went before Justice of the Peace William H. Dunn of Tinicum and had a warrant sworn out for Charles Cox, a Linde supervisor, charging assault with intent to kill.

Vienna Academy Chorus To Sing Here Saturday Night

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—For a man who tried to make like a clam, Dave Beck made a lot of noise. He ducked behind the Fifth Amendment to keep his mouth shut but insisted on keeping it open the better part of two days.

The result: the roundish president of the Teamsters Union talked more and said less than any man in recent memory. But, except for raising questions about what he wouldn't tell, Beck managed to tell a Senate investigating committee very little.

A witness before such a committee can rightfully use the Fifth Amendment to refuse answers to questions only if he thinks his replies might tend to incriminate him. Did Beck think his answers might tend to incriminate him? "Definitely," he said.

Liked Long Statements

But where another witness might mumble the amendment and shut up, Beck persisted on making a long statement, the same one over and over, bringing in not only the Fifth Amendment but also the Fourth Amendment dealing with search and seizure, the first three articles of the Constitution which establish the legislative, executive and judicial branches of government, the committee's authority, and the relevancy of the questions it asked.

Can he get away with his almost blanket refusal to cooperate with the committee which is investigating his handling of union funds? Sen. McClellan (D-Ark), committee chairman, isn't sure and says he will find out.

A man cited by Congress for contempt in refusing to answer questions can, if tried and convicted in federal court, be fined and jailed for a year.

Didn't Follow Own Rule

Ordinarily a witness using the Fifth Amendment can't be cited for contempt. But if he tries to choose what question to answer, and what to ignore by using the amendment, he gets on ticklish ground.

Beck did not follow his own rule of no answers 100 per cent. For example: He volunteered the information his union had authorized a 1½-million-dollar loan to the Fruehauf Trailer Corp. which, he said, paid it back in 14 months.

But when committee counsel Robert F. Kennedy asked Beck if he himself had ever received money directly or indirectly from Fruehauf, Beck took the Fifth Amendment. Kennedy then asked this double-barreled one:

Took Cover

Was Beck in trouble with the income tax people in 1954 because he had taken $320,000 from the union in the past? And had Beck gone to Fruehauf for $200,000 which he turned over to the union? Beck took the Fifth Amendment.

It is a violation of federal law—the Taft-Hartley Act — for an employer to give money to a representative of any of his employes or for such a representative to accept money from such an employer.

Evidence Of Crime

There is no such charge against Beck now. There is no charge against him by the income tax people. In fact, there is no charge of any kind against him at this moment. Beck says he'll come out of all this "clean and white."

But McClellan told Beck "evidence has been developed that you have misappropriated funds" from the union. If so, it would not be a violation of any federal law since there is no federal law covering such an offense.

If there was such an offense, and it could be proved, the only action which could be taken against Beck would have to come under state law, on some such charge as larceny.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—For a man who tried to make like a clam, Dave Beck made a lot of noise. He ducked behind the Fifth Amendment to keep his mouth shut but insisted on keeping it open the better part of two days.

The result: the roundish president of the Teamsters Union talked more and said less than any man in recent memory. But, except for raising questions about what he wouldn't tell, Beck managed to tell a Senate investigating committee very little.

A witness before such a committee can rightfully use the Fifth Amendment to refuse answers to questions only if he thinks his replies might tend to incriminate him. Did Beck think his answers might tend to incriminate him? "Definitely," he said.

Liked Long Statements

But where another witness might mumble the amendment and shut up, Beck persisted on making a long statement, the same one over and over, bringing in not only the Fifth Amendment but also the Fourth Amendment dealing with search and seizure, the first three articles of the Constitution which establish the legislative, executive and judicial branches of government, the committee's authority, and the relevancy of the questions it asked.

Can he get away with his almost blanket refusal to cooperate with the committee which is investigating his handling of union funds? Sen. McClellan (D-Ark), committee chairman, isn't sure and says he will find out.

A man cited by Congress for contempt in refusing to answer questions can, if tried and convicted in federal court, be fined and jailed for a year.

Didn't Follow Own Rule

Ordinarily a witness using the Fifth Amendment can't be cited for contempt. But if he tries to choose what question to answer, and what to ignore by using the amendment, he gets on ticklish ground.

Beck did not follow his own rule of no answers 100 per cent. For example: He volunteered the information his union had authorized a 1½-million-dollar loan to the Fruehauf Trailer Corp. which, he said, paid it back in 14 months.

But when committee counsel Robert F. Kennedy asked Beck if he himself had ever received money directly or indirectly from Fruehauf, Beck took the Fifth Amendment. Kennedy then asked this double-barreled one:

Took Cover

Was Beck in trouble with the income tax people in 1954 because he had taken $320,000 from the union in the past? And had Beck gone to Fruehauf for $200,000 which he turned over to the union? Beck took the Fifth Amendment.

It is a violation of federal law—the Taft-Hartley Act — for an employer to give money to a representative of any of his employes or for such a representative to accept money from such an employer.

Evidence Of Crime

There is no such charge against Beck now. There is no charge against him by the income tax people. In fact, there is no charge of any kind against him at this moment. Beck says he'll come out of all this "clean and white."

But McClellan told Beck "evidence has been developed that you have misappropriated funds" from the union. If so, it would not be a violation of any federal law since there is no federal law covering such an offense.

If there was such an offense, and it could be proved, the only action which could be taken against Beck would have to come under state law, on some such charge as larceny.

May Direct Investigation On Early Pardon Board Cases

HARRISBURG (AP) — Sen Joseph J. Yosko (D-Northampton) said today he hoped to focus a legislative investigation of the State Pardons Board on cases heard by previous boards

"I feel that since this probe began several weeks ago we have been giving the present board a bad break by talking about nothing but the cases which appeared before it" Yosko told a newsman

"I will fight with all that's in me to have cases that were heard before the present board came into office investigated by the committee" he added

Yosko made the statement in advance of public hearings which recessed last night after members of the committee differed on the procedure followed in hearing the cases.

"Political Inquisition"

Henry S. Harner, who as commonwealth secretary sat on the board last year before leaving the office, told a crowded hearing room yesterday·

"This is essentially a political inquisition and has not more than five cents worth of principle in it"

He said the Philadelphia Inquirer "began this whole thing for what ulterior motive they may have had"

He added that other newspapers "picked up a sort of gossip and carried it along"

In another development, he testified that committee counsel, David Kohn, had contacted him in 1956 regarding a case Kohn was to present to the board

Sought Favorable Hearing

Harner said Kohn told him on the telephone that "he would appreciate anything I might be able to do to get him a favorable hearing"

The conversation Harner said referred to a man he identified as Bowman F Kennedy Blair County, who was sentenced in 1947 to 17-40 years on charges of burglary, robbery and assault

The board turned down Kennedy's appeal for a commutation of sentence

"All I asked Mr Harner was that the case deserved some deep consideration and I asked him to look carefully into the case," Kohn said.

Chairman Edwin W Tompkins (R-Cameron) complained that records called for by the committee were not submitted until "it pleased the attorney general to do so at his good time and leisure."

Atty. Gen Thomas D McBride, also a member of the board, said he did not purposely delay in submitting any records asked by the committee

PROBE SHOTS AT STRUCK PLANT

ESSINGTON, Pa. (AP) — A report of pistol shots at the struck Linde Air Products Co plant here has prompted an investigation by the Delaware County district attorney's office.

Donald Robertson, president of Local 12548, Oil Chemical and Atomic Workers, said pickets were fired upon Tuesday night by "strike breakers" he reported had entered the plant through a rear railroad gate

Company officials said the firm had nothing to do with the reported shooting.

Union members turned over to Tinicum Twp. police a 22 caliber automatic rifle and a .45 caliber pistol. Two of them went before Justice of the Peace William H. Dunn of Tinicum and had a warrant sworn out for Charles Cox, a Linde supervisor, charging assault with intent to kill.

DISPUTED CLARK PORTRAIT WILL HANG AFTER ALL

By RUSSELL LANDSTROM

PHILADELPHIA (AP) — They're going to hang that disputed portrait of Sen. Joseph S. Clark among the familiar faces of other Philadelphia mayors after all.

The painting has had a dubious status since March 16.

That was when it was delivered to Mayor Richardson Dilworth's reception room and some of the mayor's official family and a smattering of art experts got first peek at the work of the sometimes unorthodox Franklin C. Watkins.

Some Were Anguished

An "Oh, my God" was wrung from Dilworth as he gazed glassily at what associates told him was a likeness of his long-time friend and Democratic colleague, elected senator last fall after four years as mayor of Philadelphia.

Others were anguished too, and there was an outcry that "It ain't so much like Joe as it's like Hamlet." That impression was created by the poor, as dissimilar to the usual picture of an illustrious ex-mayor as a bust of Mozart is unlike the craggy contours of Casey Stengel. "It isn't traditional," cried the critics, pointing to the folded arms, the downcast eyes.

"That's the way I saw him," asserted artist Watkins, "and that's the way I painted him." Clark, himself, said, "I am content with it."

Has Defenders, Too

Watkins had his champions as well as his derriders, but neither their voices nor Clark's own sentiments were strong enough to keep the portrait from being turned with its face to the wall. Later, however, there was some relenting and the portrait was placed in what was described merely as "a temporary location."

Watkins, paid $2,000 for his work, yesterday offered to take back the portrait but only "to save the Philadelphia Art Commission embarrassment." But the commission said, no, adding that if anybody had been embarrassed it wasn't the commission.

Reaffirm Approval

"If I were engaged to do it again," Watkins made clear, "I would use the same approach." The commission agreed and adopted a resolution reaffirming its approval of the painting.

All that remains is for the commission, which is held responsible for such matters, to pick a permanent spot for the portrait in the gallery of mayors from colonial times onward. And to soothe the outraged sensibilities of the painting's detractors.

SHIPBUILDING FIRM SEEKING RELIEF ON TAX

HARRISBURG (AP) — The Sun Shipbuilding and Drydock Co. of Chester has asked the Board of Finance and Revenue to relieve it of $212,915 it was ordered to pay from the old 1 per cent sales tax.

David Dohan, counsel for the company, told the board yesterday that legal title to tankers built at Chester at a cost of 21 million dollars did not actually pass to the customers until delivery in New Jersey and Delaware.

The Revenue Department, which ordered the payment a month before the 1 per cent tax expired in August, 1955, maintained that ownership was transferred in Pennsylvania because of installment payments.

Changed By Court

"The ownership clause gave . . . only a security interest," Dohan said. "No title passes until final delivery is made. Since title passed out of the state, the transaction was in interstate commerce and therefore exempt from the sales tax."

Under questioning, Dohan said the contracts for the tankers were amended after Sept. 1, 1953, the effective date of the tax, to provide for delivery in New Jersey and Delaware.

"Even if our motive was tax avoidance, the Supreme Court said that was perfectly all right," he declared. He said the Supreme Court had ruled that legal avoidance of taxes was not a violation of the law. The board took the appeal under advisement.

It Wasn't Liquor, It Was Nail Polish

PITTSBURGH (AP)—Mrs. Alberta G. Reed, 58, of nearby Bridgeville, testified in Criminal Court yesterday at her drunken driving trial that she wasn't drunk when two patrolmen stopped her car.

Why, she said, the officers had not smelled liquor on her breath —they smelled a "heavy" coat of nail polish she had applied about an hour before being involved in a minor accident.

The arresting officers were asked to smell a bottle of nail polish and whether it had the odor they sniffed when they arrested Mrs. Reed. Both replied negatively. Mrs. Reed was convicted and fined $200.

Duke and Wake Forest first met in a basketball game in 1906. Duke then was known as Trinity.

HERE AND THERE

We are indeed a nation of warm-hearted people.

Our great store of affection is lavished not only upon family and friends, but also on some 23 million dogs, 27 million cats and an untold number of other pets.

* * *

These "other" pets run the gamut from "A" (for armadillos) to "Z" (for zebra finches). If you read the various publications devoted to pets you'll be amazed at the proportions. You'll learn for instance that in seeking a companion from the animal kingdom you may acquire a giant anteater for $300, a jaguar for $1,000 or a porcupine for $45. If your preference is a feathered creature you are offered a bewildering assortment from canaries and budgies at a few dollars each to penguins at $200 and Andes condors at $500.

* * *

In this teeming world of other pets, cats are without a doubt the most desirable, judging from the nation's Gargantuan feline population. Some idea of the widespread enthusiasm that exists for tabby can be drawn from the fact that there are a number of different cat associations with scores of member clubs in cities and towns from coast to coast.

Then, there are the tiny pets of the aquarists whose love of living things is bestowed upon tanks of guppies, gold fish and tropical fish in great variety. The followers of these wee denizens of the deep also have their clubs, societies and peculiar jargon. A discussion of aquariums, aerators, aquatic plants, filters and special fish foods will carry them into the small hours of the morning!

* * *

The canary has long been the pride and joy of those who respond to our little feathered friend's gay song. Now, however, he must share his popularity with the handsome, colorful parakeet, for these miniature parrots have caught the fancy of a vast segment of the pet-loving public. And "Budgie" (some say) can be taught to talk!

Space simply will not permit detailed comment on the almost countless members of Pet Land. Needless to say, some find pleasure and companionship in guppies and puppies, monkeys and donkeys, cats and rats. Others take to goats, turtles, crows, ponies, hamsters, rabbits and even alligators. And say . . . a little ol' "fumigated" skunk is about as cuddly a pet as one could wish for!

* * *

It is easy to understand why Americans are such pet-loving people when you realize that the money spent on them each year runs into astronomical figures. The total sales of bird food alone is estimated at some $20,000,000 annually! Step into one of the country's more than 10,000 pet stores. You'll find it a thrilling experience. Not only do you see all manner of chattering, chirping, barking and yowling pets, but you also are amazed at viewing an endless array of foods, medicines, garments, furniture, toys, trinkets, gadgets and gimmicks, all of which are calculated to keep our much adored birds and beats properly fed, healthy, happy and . . . occupied.

* * *

May we, however, offer just a few words of advice to you who choose pets for yourselves and your children? You are actually "adding another member to your family" when you buy a dog, cat, pony, rabbit, bird or other creature from the pet world. You immediately acquire a definite responsibility to that trusting, friendly living thing. You owe him something in return for all the pleasure and happiness he is so willing to bestow upon you and yours. Please see that he is comfortably housed and properly fed. Protect him from harm and abuse. Give him some of your time and attention. Never be guilty of the offense committed by many so-called "sportsmen" who wax extremely enthusiastic over their fine dogs during the hunting season and virtually forget them the rest of the year! It is no credit to a legion of pet owners who, according to the National Humane Society, have aflowed 15 million dogs and 25 million cats to become homeless, unwanted strays!

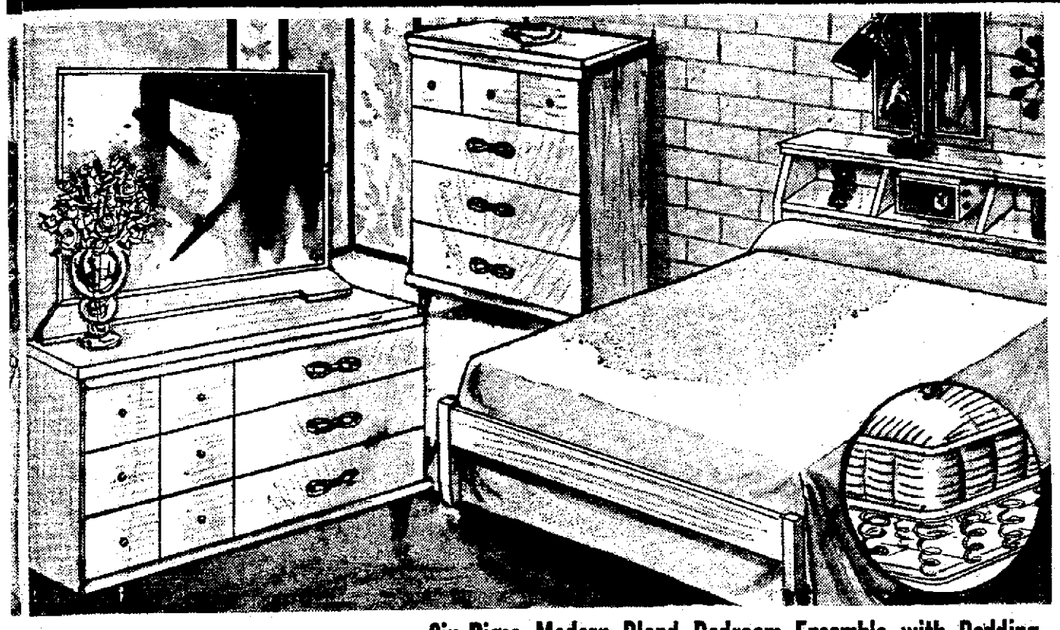

So if you want to have a pet, give him loving care and attention. He will reward you a thousand fold!

PLAN GARDEN CONTEST DURING BICENTENNIAL

During the bicentennial celebration in Emmitsburg, June 22-28, 1957, the Silver Fancy Garden Club will conduct a garden contest. A first prize of $25, second prize of $15 and third prize of $10 will be awarded to the winners. It is urged that residents of Emmitsburg begin early to beautify their gardens and premises preparatory to entering this contest. This is a project in which all home owners can participate and individual effort in beautifying gardens will add to the general appearance of the entire town.

There will be many visitors in Emmitsburg during the bicentennial celebration who will be interested in touring beautiful gardens. It is suggested that the gardens be made available to visitors during this week. Contest blanks will be available at various business establishments which will be announced later, or may be obtained from Mrs. Thomas J. Frailey, chairman of the committee in charge of the contest. All residents of the corporation of Emmitsburg, except members of the Silver Fancy Garden Club, will be eligible to enter this garden contest.

A reduction sale will be held Saturday at 10 a.m. in the firemen's hall by the CSMC of St. Joseph's High School. Many articles will be sold at half price. A food sale will be held at the same time for the benefit of the missions.

Fifteen members of the local Homemakers Club were present at the annual spring homemakers meeting in Frederick Tuesday at Hood College.

Mrs. Robert Dougherty was a member of the program committee and Mrs. J. Ward Kerrigan represented the local club on the luncheon committee. Delegates from Emmitsburg included Mrs. E. L. Higbee, Mrs. Victor Fiery and Mrs. Charles Harner.

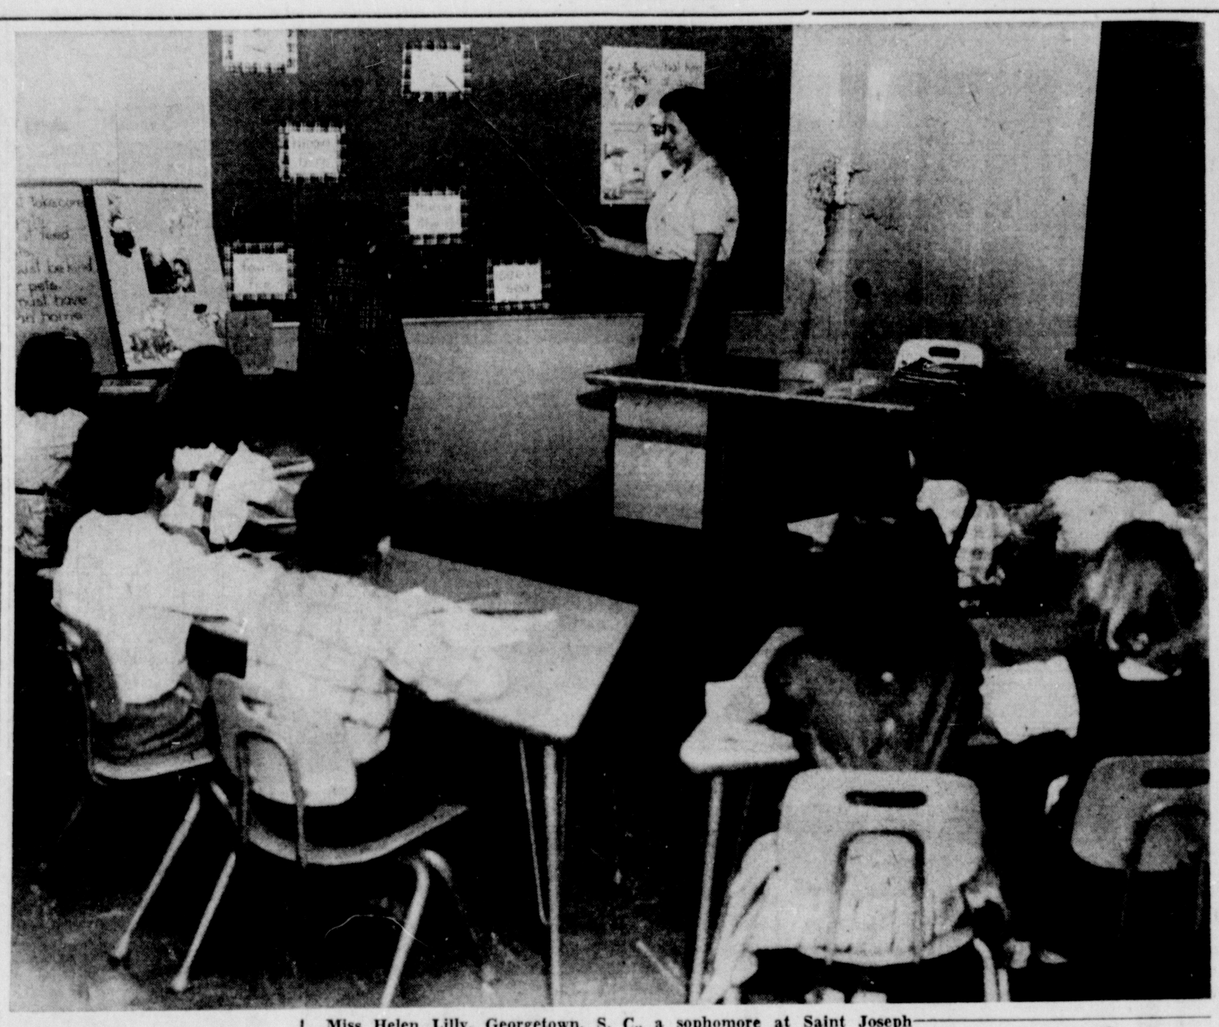

Mrs. Kerrigan was in charge of the flower arrangement from the Emmitsburg Homemakers Club.

Approximately 500 attended the annual luncheon. Mrs. Hester Beall Provenson, assistant professor in the speech department of the University of Maryland, spoke on "Maturity."

The buffet luncheon was held in Cobentz Hall on the Hood College campus, Frederick.

A course in nuclear energy is the latest addition to correspondence studies, the National Home Study Council reports.

Throws Knife At Mate; Kills Child

SCRANTON, Pa. (AP)—A woman, who told police she threw a knife which by accident fatally wounded her child, is being held on a charge of involuntary manslaughter.

Mrs. Dorothy Donvito, 28, was held in $5,000 bail yesterday after telling police she hurled the knife at her husband, Richard, 30, in a fit of rage during a quarrel last Thursday night.

The knife glanced off a washing machine in the family kitchen and struck six-year-old Loretta in the thigh. The child died from a severed artery the next day.

Emmitsburg

EMMITSBURG — It was reported at the Emmitsburg Lions Club meeting Monday evening in the Lutheran parish house that $72 was cleared from the annual Talent Show held February 22.

Charles Fuss presided over the meeting with 21 members and one new member, Joseph Sullivan, present.

A letter was read from the Maryland State Police accepting an invitation to attend the meeting on Monday, May 13. A safety film will be shown by a representative from the Frederick barracks.

Ralph Lindsey, Clarence Hahn, Clarence Frailey, John Hollinger, Charles Stouter and Paul Claypool were appointed to a committee to remove the horse jumps from the Civic Field on the Taneytown Rd. to the Firemen's barn on the community field.

The president appointed Charles Stouter and Arthur Elder to a committee to check the Lions Club signs at the edge of town on Routes 15 and 32. The Lions want to have the signs in good condition is preparation for the bicentennial week celebration in June.

The members voted to donate $20 to the Emmitsburg Boy Scouts for a picnic table for the Scout camping area.

Philip Sharpe, a member of the Lions Club, is in the Arlington Hospital, after suffering a heart attack at the Arlington airport last week.

A committee appointed to outline plans for a community sale to be held in the near future includes: Ralph McDonnell, Ralph Lindsey, Clarence Hahn and Ralph Ireland.

Project On Sunday

The annual Hunting Creek project of the Indian Lookout Conservation Club was scheduled for Sunday at the monthly meeting Tuesday evening in the Firemen's Hall. Clay Green presided with 35 members in attendance. The president urged the members to help with the project Sunday. It has been the practice of the Club to build small dams and repair old ones in Hunting Creek. The members were asked to meet at the Firemen's Hall at 1 p.m. Sunday and go to Thurmont in a group. Fourteen were approved for membership.

A proposed increase in membership dues of fifty cents was voted. The additional increase will be used for the building fund.

On April 7 the club will clean and weed an area around Rainbow Lake.

The members agreed to have the secretary order buttons and cards for 1957. The buttons have a pink background and are lettered in black this year.

Elwood Elker showed a film on the Everglades and a movie of local bowmen and tame deer in the Thurmont area. The film also featured the Indian collection and museum of John Elker, Fairfield.

Refreshments were served.

INVESTIGATION IS SIDETRACKED

WASHINGTON (AP) — Proposals for an investigation of the nation's credit and money structure appeared today to have been sidetracked indefinitely.

The House yesterday killed a Democratic backed resolution which would have authorized an inquiry under the direction of Rep. Patman (D-Tex), long a critic of administration "hard money" policies for restraining inflation.

In the wake of the 225-17 vote against the Patman proposal, Republican leaders said they saw little prospect of any kind of an investigation now—even an independent commission type of study suggested by President Eisenhower.

Democratic leaders were less positive, but agreed there was no immediate prospect of action.

HARRISBURG (AP) — A bill transferring $4,781,690 from the special disaster relief fund to the general fund has been sent to Gov. Leader by the House.

When Did Science Begin?

Science began the day man first asked "why?" This search for facts sprang from the dark days of magic, superstition, and demonology. The laws of nature were known. It was the task of science to understand them. In the Middle Ages the average life span was twenty-five years. Today you have a life expectancy of sixty-five years. This is a direct result of medical progress.

As pharmacists, we are proud of our function in the distribution of lifesaving medical supplies.

DISPUTED CLARK PORTRAIT WILL HANG AFTER ALL

By RUSSELL LANDSTROM

PHILADELPHIA (AP) — They're going to hang that disputed portrait of Sen. Joseph S. Clark among the familiar faces of other Philadelphia mayors after all.

The painting has had a dubious status since March 16.

That was when it was delivered to Mayor Richardson Dilworth's reception room and some of the mayor's official family and a smattering of art experts got first peek at the work of the sometimes unorthodox Franklin C. Watkins.

Some Were Anguished

An "Oh, my God" was wrung from Dilworth as he gazed glassily at what associates told him was a likeness of his long-time friend and Democratic colleague, elected senator last fall after four years as mayor of Philadelphia.

Others were anguished too, and there was an outcry that "It ain't so much like Joe as it's like Hamlet." That impression was created by the pose, as dissimilar to the usual picture of an illustrious ex-mayor as a bust of Mozart is unlike the craggy contours of Casey Stengel. "It isn't traditional," cried the critics, pointing to the folded arms, the downcast eyes.

"That's the way I saw him," asserted artist Watkins, "and that's the way I painted him." Clark, himself, said, "I am content with it."

Has Defenders, Too

Watkins had his champions as well as his deriders, but neither their voices nor Clark's own sentiments were strong enough to kepp the portrait from being turned with its face to the wall. Later, however, there was some relenting and the portrait was placed in what was described merely as "a temporary location."

Watkins, paid $2,000 for his work, yesterday offered to take back the portrait but only "to save the Philadelphia Art Commission embarrassment." But the commission said, no, adding that if anybody had been embarrassed it wasn't the commission.

Reaffirm Approval

"If I were engaged to do it again," Watkins made clear, "I would use the same approach." The commission agreed and adopted a resolution reaffirming its approval of the painting.

All that remains is for the commission, which is held responsible for such matters, to pick a permanent spot for the portrait in the gallery of mayors from colonial times onward. And to soothe the outraged sensibilities of the painting's detractors.

SHIPBUILDING FIRM SEEKING RELIEF ON TAX

HARRISBURG (AP) — The Sun Shipbuilding and Drydock Co. of Chester has asked the Board of Finance and Revenue to relieve it of $212,915 it was ordered to pay from the old 1 per cent sales tax.

David Dohan, counsel for the company, told the board yesterday that legal title to tankers built at Chester at a cost of 21 million dollars did not actually pass to the customers until delivery in New Jersey and Delaware.

The Revenue Department, which ordered the payment a month before the 1 per cent tax expired in August, 1955, maintained that ownership was transferred in Pennsylvania because of installment payments.

Changed By Court

"The ownership clause gave . . . only a security interest," Dohan said. "No title passes until final delivery is made. Since title passed out of the state, the transaction was in interstate commerce and therefore exempt from the sales tax."

Under questioning, Dohan said the contracts for the tankers were amended after Sept. 1, 1953, the effective date of the tax, to provide for delivery in New Jersey and Delaware.

"Even if our motive was tax avoidance, the Supreme Court said that was perfectly all right," he declared. He said the Supreme Court had ruled that legal avoidance of taxes was not a violation of the law. The board took the appeal under advisement.

It Wasn't Liquor, It Was Nail Polish

PITTSBURGH (AP)—Mrs. Alberta G. Reed, 58, of nearby Bridgeville, testified in Criminal Court yesterday at her drunken driving trial that she wasn't drunk when two patrolmen stopped her car.

Why, she said, the officers had not smelled liquor on her breath —they smelled a "heavy" coat of nail polish she had applied about an hour before being involved in a minor accident.

The arresting officers were asked to smell a bottle of nail polish and whether it had the odor they smiffed when they arrested Mrs. Reed. Both replied negatively. Mrs. Reed was convicted and fined $200.

Duke and Wake Forest first met in a basketball game in 1906. Duke then was known as Trinity.

SPRING BREAKS OUT ALL OVER

By THE ASSOCIATED PRESS

Early spring weather was nearly normal in most of the nation today.

There were a few wet spots and cloudy skies and a little cool weather in some northern areas. But no severe cold or stormy weather was reported.

The precipitation in the Northeast, rain and drizzle with some snow in the Northern areas, diminished during the night to light showers in eastern Pennsylvania and eastward to the coast.

Thunderstorms which rumbled across the Southern Plains yesterday also diminished as they moved eastward. However, thunderstorms hit areas in eastern Texas during the night. Mostly light showers extended through Arkansas into western Tennessee. Heaviest falls were more than an inch. A shower belt during the day was indicated from eastern Texas through Alabama.

Three Negroes Are Involved In Murder

PHILADELPHIA (AP) — John J. Kelly, chief inspector of police, said last night that three young Negroes have been arrested for the slaying of Lewis Viner, 65-year-old druggist, in a $300 holdup of his North Philadelphia store.

Kelly said all three admitted taking part in the crime but that each denied firing the shot that felled the man Tuesday night in the presence of his horrified wife, Bella.

Kelly named the three as Robert Lee Williams, 20; George Lee Rivers, 18; and James Cator, 19, all of Philadelphia.

They were questioned far into the night and then formally charged with homicide.

Capt. David H. Roberts, head of the homicide squad, said Williams admitted carrying the gun at the time of the holdup and quoted Williams as saying the pistol "just went off" while he was talking to Viner.

One acre out of every 10 planted in the United States is lost annually to insect damage, the Twentieth Century Fund reports.

SPRING BREAKS OUT ALL OVER

By THE ASSOCIATED PRESS

Early spring weather was nearly normal in most of the nation today.

There were a few wet spots and cloudy skies and a little cool weather in some northern areas. But no severe cold or stormy weather was reported.

The precipitation in the Northeast, rain and drizzle with some snow in the Northern areas, diminished during the night to light showers in eastern Pennsylvania and eastward to the coast.

Thunderstorms which rumbled across the Southern Plains yesterday also diminished as they moved eastward. However, thunderstorms hit areas in eastern Texas during the night. Mostly light showers extended through Arkansas into western Tennessee. Heaviest falls were more than an inch. A shower belt during the day was indicated from eastern Texas through Alabama.

Three Negroes Are Involved In Murder

PHILADELPHIA (AP) — John J. Kelly, chief inspector of police, said last night that three young Negroes have been arrested for the slaying of Lewis Viner, 65 year-old druggist, in a $300 holdup of his North Philadelphia store.

Kelly said all three admitted taking part in the crime but that each denied firing the shot that felled the man Tuesday night in the presence of his horrified wife, Bella.

Kelly named the three as Robert Lee Williams, 20; George Lee Rivers, 18; and James Cator, 19, all of Philadelphia.

They were questioned far into the night and then formally charged with homicide.

Capt. David H. Roberts, head of the homicide squad, said Williams admitted carrying the gun at the time of the holdup and quoted Williams as saying the pistol "just went off" while he was talking to Viner.

UNION SECRETS FROWNED UPON

PITTSBURGH (AP) — David J. McDonald, president of the United Steelworkers, feels working men "have the right to know what goes on in their organization, financially and otherwise."

McDonald told the annual AFL Pennsylvania Federation of Labor convention yesterday he will continue his support of the AFL-CIO code of ethics because "the integrity of the labor movement transcends any individual."

McDonald made no mention of Dave Beck, international president of the Teamsters Union, who has been invoking the Fifth Amendment in a current congressional probe. But McDonald said he will attend a meeting tomorrow of the AFL-CIO Executive Council, a session at which Beck's actions is expected to be discussed."

The AFL-CIO code of ethics holds that any union leader who invokes the Fifth Amendment for personal protection and to avoid scrutiny by law agencies has no right to continue to hold office in his union.

McDonald said he helped write the code and will support it at the meeting in Washington.

The PFL was scheduled to wind up its session today by discussing merger plans with the CIO Pennsylvania Industrial Union Council. Under terms of the national AFL-CIO merger the two groups must unite by next Dec. 5.

PLAN GARDEN CONTEST DURING BICENTENNIAL

During the bicentennial celebration in Emmitsburg, June 22-28, 1957, the Silver Fancy Garden Club will conduct a garden contest. A first prize of $25, second prize of $15 and third prize of $10 will be awarded to the winners. It is urged that residents of Emmitsburg begin early to beautify their gardens and premises preparatory to entering this contest. This is a project in which all home owners can participate and individual effort in beautifying gardens will add to the general appearance of the entire town.

There will be many visitors in Emmitsburg during the bicentennial celebration who will be interested in touring beautiful gardens. It is suggested that the gardens be made available to visitors during this week. Contest blanks will be available at various business establishments which will be announced later, or may be obtained from Mrs. Thomas J. Frailey, chairman of the committee in charge of the contest. All residents of the corporation of Emmitsburg, except members of the Silver Fancy Garden Club, will be eligible to enter this garden contest.

A reduction sale will be held Saturday at 10 a.m. in the firemen's hall by the CSMC of St. Joseph's High School. Many articles will be sold at half price. A food sale will be held at the same time for the benefit of the missions.

Fifteen members of the local Homemakers Club were present at the annual spring homemakers meeting in Frederick Tuesday at Hood College.

Mrs. Robert Dougherty was a member of the program committee and Mrs. J. Ward Kerrigan represented the local club on the luncheon committee. Delegates from Emmitsburg included Mrs. E. L. Higbee, Mrs. Victor Fiery and Mrs. Charles Harner.

Mrs. Kerrigan was in charge of the flower arrangement from the Emmitsburg Homemakers Club.

Approximately 500 attended the annual luncheon. Mrs. Hester Beall Provenson, assistant professor in the speech department of the University of Maryland, spoke on "Maturity."

The buffet luncheon was held in Cobentz Hall on the Hood College campus, Frederick.

Throws Knife At Mate; Kills Child

SCRANTON, Pa. (AP)—A woman, who told police she threw a knife which by accident fatally wounded her child, is being held on a charge of involuntary manslaughter.

Mrs. Dorothy Donvito, 28, was held in $5,000 bail yesterday after telling police she hurled the knife at her husband, Richard, 30, in a fit of rage during a quarrel last Thursday night.

The knife glanced off a washing machine in the family kitchen and struck six-year-old Loretta in the thigh. The child died from a severed artery the next day.

Emmitsburg

EMMITSBURG — It was reported at the Emmitsburg Lions Club meeting Monday evening in the Lutheran parish house that $72 was cleared from the annual Talent Show held February 22.

Charles Fuss presided over the meeting with 21 members and one new member, Joseph Sullivan, present.

A letter was read from the Maryland State Police accepting an invitation to attend the meeting on Monday, May 13. A safety film will be shown by a representative from the Frederick barracks.

Ralph Lindsey, Clarence Hahn, Clarence Frailey, John Hollinger, Charles Stouter and Paul Claypool were appointed to a committee to remove the horse jumps from the Civic Field on the Taneytown Rd. to the Firemen's barn on the community field.

The president appointed Charles Stouter and Arthur Elder to a committee to check the Lions Club signs at the edge of town on Routes 15 and 32. The Lions want to have the signs in good condition is preparation for the bicentennial week celebration in June.

The members voted to donate $20 to the Emmitsburg Boy Scouts for a picnic table for the Scout camping area.

Philip Sharpe, a member of the Lions Club, is in the Arlington Hospital, after suffering a heart attack at the Arlington airport last week.

A committee appointed to outline plans for a community sale to be held in the near future includes: Ralph McDonnell, Ralph Lindsey, Clarence Hahn and Ralph Ireland.

Project On Sunday

The annual Hunting Creek project of the Indian Lookout Conservation Club was scheduled for Sunday at the monthly meeting Tuesday evening in the Firemen's Hall. Clay Green presided with 35 members in attendance. The president urged the members to help with the project Sunday. It has been the practice of the Club to build small dams and repair old ones in Hunting Creek. The members were asked to meet at the Firemen's Hall at 1 p.m. Sunday and go to Thurmont in a group. Fourteen were approved for membership.

A proposed increase in membership dues of fifty cents was voted. The additional increase will be used for the building fund.

On April 7 the club will clean and weed an area around Rainbow Lake.

The members agreed to have the secretary order buttons and cards for 1957. The buttons have a pink background and are lettered in black this year.

Elwood Elker showed a film on the Everglades and a movie of local bowmen and tame deer in the Thurmont area. The film also featured the Indian collection and museum of John Elker, Fairfield.

Refreshments were served.

INVESTIGATION IS SIDETRACKED

WASHINGTON (AP) — Proposals for an investigation of the nation's credit and money structure appeared today to have been sidetracked indefinitely.

The House yesterday killed a Democratic backed resolution which would have authorized an inquiry under the direction of Rep. Patman (D-Tex), long a critic of administration "hard money" policies for restraining inflation.

In the wake of the 225-17 vote against the Patman proposal, Republican leaders said they saw little prospect of any kind of an investigation now—even an independent commission type of study suggested by President Eisenhower.

Democratic leaders were less positive, but agreed there was no immediate prospect of action.

HARRISBURG (AP) — A bill transferring $4,781,690 from the special disaster relief fund to the general fund has been sent to Gov. Leader by the House.

When Did Science Begin?

Science began the day man first asked "why?" This search for facts sprang from the dark days of magic, superstition, and demonology. The laws of nature were known. It was the task of science to understand them. In the Middle Ages the average life span was twenty-five years. Today you have a life expectancy of sixty-five years. This is a direct result of medical progress.

COUNCIL BUYS PICKUP TRUCK, STONE AND OIL

The Littlestown Borough Council at its March meeting Tuesday evening bought a ¾-ton pickup truck for the borough, arranged for a demonstration of an air compressor, bought summer supplies of oil and stone for street repair work and voted to get bids on the cost of landscaping and fencing the Quarry pumping station area.

The truck is being bought from the Village Chevrolet, Inc. of Littlestown at its low basic bid of $1,527. Optional additions brought the possible cost of the truck to $1,844.50. The truck will have an eight-cylinder motor and will be painted red.

The only bidder on bituminous road material was the Lansdell Co., Inc., of Baltimore. It offered to deliver and apply the oil at $0.185 per gallon. Stone bids were received from the Bethlem Limestone Company of Hanover, William V. Sneeringer and Sons, Inc., Littlestown, and from Teeter's Quarry, Gettysburg. The bid of the Sneeringer firm was accepted offering to deliver and spread No. 1B stone at $2.15 per ton and all other wash stone at $2.05 per ton. The stone will come from Bethlehem quarries.

To Push Street Work

After opening bids of the American Equipment Corporation of Mechanicsburg for two sizes of new air compressors and a used compressor from the Maitland Brothers of Littlestown, council arranged to have the Mechanicsburg firm send one of its machines to Littlestown for a demonstration without obligation. Some councilmen felt that the used machine of the Maitland Brothers now being used in Littlestown was using too much fuel to be a good buy. Bids on the new machines were $3,575 and $2,740. The price on the used machine is $2,850.

President Lewis H. Fox presided at the council meeting with all members present.

There was considerable discussion on the need for street and alley repairs and Commissioner Joseph H. Redding explained that borough workmen had been needed for the last few weeks at the sewage disposal plant where thick sludge trouble had developed in the digester. Council agreed that if labor is available extra help be put on to push the street work.

To Repair Fire Hall

After a report from the Building committee, council agreed unanimously to have I. H. Crouse and Sons make necessary repairs to the Alpha Fire hall building. Repairs to several pumping stations are to be included in the project.

Ordinance 161, covering the ordaining of W. Myrtle St. and tentatively adopted at council's January meeting and approved by the burgess, was adopted finally. That action was deferred a month ago until council could make further investigation of the problems involved.

Water permits were issued as follows: Carl M. Morehead, 331 S. Queen St., for service connection at 424 Prince St.; I. H. Crouse and Sons, service connection for 506 Glenwyn Drive; Dennis S. Wallick, 174 W. King St.; I. H. Crouse and Sons for 450 Glenwyn Drive; C. A. Sneeringer, for house at 553 E. King St.; Claude A. Snyder, 65 Crouse Park for additional toilet; Orndorff Bros., Gettysburg R. 5, for service connection at 509 W. Myrtle St.; and Charles L. Gartrell, 40 Lumber St.

Treasurer, Chief Report

Treasurer John H. Flickinger reported $7,000 from sewer rentals and $7,500 from water rentals; from Justice of the Peace F. Loy Lindaman in fines, $70; from the Towne theater in admission taxes, $222.15; from plumber's permits to George W. Strevig and Walter L. Stair, $25 each, and from Burgess Rittase in parking fines, $55. Bills approved for payment from the borough fund totaled $2,000.03; from the water fund, $3,389.53; and from the sanitary sewer fund, $6,218, including a $5,037 payment to the Littlestown Borough Authority under the terms of the lease. There was a sinking fund payment of $2,550 to the Littlestown National Bank on the retirement of bonds and interest.

Chief of Police Calvin W. Mummert presented his reports showing 36 overtime parking violations, six other violations of parking rules; 16 motor code violations including four for driving too fast for conditions. He investigated two robberies and escorted four payrolls and 10 funerals. He reported parking meter collections of $451.75 for the month.

Building permits were granted to the following: Charles W. Kump, W. Myrtle St., to install asbestos siding on a dwelling at 131 Cemetery St.; R. J. Stonesifer, 12½ Queen St., to display new sign; Charles A. Hofe, to construct dwelling at 553 E. King St. for C. A. Sneeringer; general repairs to dwelling for Paul Weaver, M St.; general repairs to Eagles Home on W. King St., and for construction of a dwelling for Carl Morehead at 424 Prince St.

Council adjourned shortly after 10 o'clock until April 23 at 8 p.m.

HOUSE VOTES $100,000 FUND FOR ROAD PROBE

HARRISBURG (AP) — Legislation for an extended investigation of the state highways department at a cost of $100,000 moved to the Senate today with House approval.

Rep. Albert W. Johnson, Republican floor leader, predicted favorable Senate action next week. The measure would then go to Gov. Leader.

The House, with Republicans describing the investigation as "eagerly awaited" and Democrats saying it was "playing politics," voted 123-43 for the appropriations and the probe.

Final favorable action would create a highway investigation commission for 21 months to be composed of 10 members named by the house speaker and the president pro tempore.

The commission would have subpoena powers and would continue its investigation after the legislature adjorns. The commission's findings would be reported to the next legislature, convening in January, 1959.

"We don't want this spread over the next one and a half years," Rep. Albert S. Readinger, Democratic floor leader, argued in yesterday's debate.

"You could really play politics with a commission of this kind and I think you will," he told Republicans. "We are not basically opposed to an investigation of the highways department, but it seems you are going about this in the wrong way."

"This is not a witch-hunt or a means to gain political advantage," Johnson replied. He maintained the $100,000 appropriation was necessary "if we are to do the job right." He said the commission would require a staff whose expenses would be high.

Anthony J. Walsh, assistant Scranton district engineer, issued a statement in which he said "improved management" in the department had resulted in three times as many road construction projects in his district than in 1955.

SCOUTS TO SKATE

Boy Scout Troop 124, of Hunterstown, will hold the first of a series of roller skating parties at Zook's rink, Waynesboro, next Thursday. General admission tickets at 50 cents and half-price tickets for children under 10 are available from any member of the troop or at Sherman's Store, York St.

100 MEXICANS DEAD, INJURED IN TWO BLASTS

MEXICO CITY (AP) — Rescue workers dug through a wrecked block of rubble today seeking more victims of two explosions in a fireworks factory that left more than 100 Mexicans dead or injured. Police hunted the factory owner for questioing.

Eleven bodies — four of them firemen—had been recovered late last night. A hundred persons were hospitalized. Many were not expected to live.

Most of the casualties resulted from the second blast, which came as hundreds of curious neighbors watched firemen fighting the fire after the first explosion. Because it was lunchtime, the factory — in a poor residen- empty.

To Question Owner

Police said they wanted to question Antonio Joyas Chavez, owner of the factory. Officers said his adjoining warehouse was illegally filled with dynamite and other explosives.

The factory was less than a mile from Mexico City's International Airport and many windows in airport buildings were shattered.

The sound of the two explosions could be heard over the noise of noonday traffic in the heart of the city five miles away.

The explosions left a crater nearly 100 feet long and 30 feet deep where the factory and warehouse had stood. Damage was estimated at $320,000.

Pork shoulder steaks come three ways: with blade bone, round bone and boneless. The steaks usually are less expensive than pork chops.

TO PROVE TO YOU WHAT THE EXPERTS ALREADY KNOW ABOUT AMERICA'S NUMBER ① ROAD CAR!

Drive the Champ!

First the automotive writers said, "Keep your eye on Pontiac . . . this one's a sleeper"! Then the California Highway Patrol chose Pontiac after three days of grueling competitive tests of six of America's top performers. Next, in the top stock car event of the year, NASCAR's 160-mile Daytona Grand National*, Pontiac outperformed everything on the beach including super-charged and fuel injection cars!

NOW IT'S YOUR TURN—Slip into that roomy driver's seat. Gently nudge the accelerator and feel Pontiac's barrel-chested 347 cu. in. Strato-Streak V-8 go into action. Put its instant response and Precision-Touch Control to a traffic test. Choose your own rough stretch and feel it disappear under Pontiac's Level-Line Ride. Then head for the open road and give that deep-breathing power plant a chance to show its mettle in the fresh open air. *Man—you've got a champ on your hands for sure!* And to make it even more fun—there's a chance to win a free Pontiac! Just follow the instructions at the right—you may be a winning driver!

HERE'S ALL YOU DO!

1. **Go to your nearest authorized Pontiac dealer during April and test drive the 1957 Pontiac.**
2. **Fill out the official entry blank and deposit it with your dealer. That's all there is to it!**

PENNSY WILL LAY OFF 1,600 MEN MONDAY

PHILADELPHIA (AP)—Some 1,600 Pennsylvania Railroad maintenance workers will be furloughed starting Monday, due to a sharp drop in business since the first of the year, the railroad says.

About 600 of those to be laid off in the big Altoona shops, where 200 men were relieved last March 5 because of reduced workload.

A. J. Greenough, vice president of transportation and maintenance for the PRR, said the company regretted "very much the necessity for this action."

"With the railroads strictly regulated, the margin between income and outgo is so small that when business drops off we are compelled to move quickly to cut expenses, a large part of which is wages," he said.

Carloadings Drop

PRR carloadings since the first of the year have dropped an average of seven percent compared with the same period of 1956, he said.

Details of the layoffs at other railroad installations besides Altoona haven't yet been worked out. The company was unable to say how many men would be laid off at what points.

The railroad said stockholders at the annual meeting in Philadelphia May 7 will be asked to approve a change in the par value of company stock from $50 to $10.

Reduction of the par value "would reduce the stock transfer taxes paid by the stockholders and would make it possible for the company in the future to issue and sell new stock," a spokesman declared.

A stock option plan also will be proposed at the meeting. It would allow officers and employes in key positions to buy shares at 100 per cent of the market price when an option is granted. Also on the agenda for the meeting will be proposals to change the leases of several companies in the PRR system, one of which will permit the elimination of five companies.

If the stockholders approve the proposals they must then be passed on by the Interstate Commerce Commission before becoming effective.

SAYS BUSINESS NEEDS RELIEF

WASHINGTON (AP) — Tax relief for small business firms is "desperately needed," Rep. Van Zandt (R-Pa) asserted yesterday.

They need it, he told the House, "not only to exist, but to grow and modernize in keeping with the nation's expanding economy."

The Altoona veteran, in a speech calling for passage of a bill he introduced March 6 to reduce the corporate income tax rates from the present 30 per cent to 22 per cent on income under $25,000 also said the measure would increase the surtax rate from the present 22 per cent to 30 per cent on income over $25,000.

Van Zandt said only 200,000 of the nation's 4,280,000 business firms are really in the big business class. Thus, he went on, 95 per cent of all business concerns are classifiable as small.

"This is especially true in Pennsylvania," he said, "where of the 255,000 business concerns, only 13,000 are classified as big business."

VOTE TODAY ON TAX EXTENSION

WASHINGTON (AP) — Only House acceptance of a Senate amendment was needed today to complete action on a bill to extend three billion dollars of annual business taxes to July 1, 1958.

The House was expected to act during the day to accept the 15-month extension voted by the Senate rather than the one-year limit it had passed. The administration has approved the 15-month provision.

President Eisenhower must sign the bill into the law by Sunday or the rates on corporation income and excise taxes will drop automatically Monday.

The Senate passed the bill by voice vote late yesterday after seven hours of debate in which all attempts to add special relief provisions were beaten.

The moves which got the most support were designed to aid small business. Although they lost, advocates of such relief said today they believed the debate had advanced their cause and that some tax benefits for little businessmen might well be enacted this session.

REDS RELEASE PRIESTS

TOKYO (AP) — Peiping radio announced tonight that the Rev. Fulgence Gross, a Roman Catholic missionary from Omaha, Neb., had been released in Shanghai after six years' imprisonment on spy charges.

Father Gross, a member of the Franciscan order, was released a day ahead of the completion of his sentence. He was arrested March 29, 1951.

Junior Gilliam of the Brooklyn Dodgers batted .348 against the Milwaukee Braves in 1956.

SCHOLARSHIP EXAMS SLATED FOR APRIL 13

Scholarship examinations for Carroll County High School graduates will be conducted Saturday, April 13, at 9 o'clock in the Westminster High School. Scholarship winners may attend any non-public college having an approved teacher preparatory course and must sign a bond that they will teach in the state public schools for two years.

The first grading period of the second semester will end Friday, March 29. Report cards will be distributed April 10.

A Teen-Age Road-e-o to determine teen-agers' knowledge and ability in handling of automobiles is being sponsored this year by the Westminster Junior Chamber of Commerce. To enter the contest the student must have a driver's license or permit, a clean record of no moving traffic violations for the past six months and must pass a written examination. The driving portion of the contest will be held Sunday, April 28, at the Westminster Municipal parking lot.

Sewing Contest

The Misses Sandra Remsburg and Barbara Rinehart, grade nine students, have entered clothing in Mather's second annual "Make-it-Yourself" contest. Judging will take place Friday, April 5, at 4 p.m. Prizes amounting to $110 will be awarded to winners in 18 different classifications. Winning entries will be displayed in Mather's windows in Westminster all day Saturday, April 6.

Eighteen members of the Taneytown High School Library Club attended the annual spring convention of the Maryland Council of Student Library Clubs at Hood College, Frederick, Md., last week. Those who attended with the sponsor, Mrs. Virginia Sanders, were: Sylvia Keeney, Deanna Salley, Mabel Perry, Reavina Arvin, Eileen Davidson, Sandra Harver, Auth Ann Sentz, Susan Riffle, Kathy Jennings, Victor Welty, Alice Hunt, Kenneth Gilds, Diana Davidson, Phyllis Clingan, Mary Pittinger, Betty Waddell and Arlene Baker.

UNION SECRETS FROWNED UPON

PITTSBURGH (AP) — David J. McDonald, president of the United Steelworkers, feels working men "have the right to know what goes on in their organization, financially and otherwise."

McDonald told the annual AFL Pennsylvania Federation of Labor convention yesterday he will continue his support of the AFL-CIO code of ethics because "the integrity of the labor movement transcends any individual."

McDonald made no mention of Dave Beck, international president of the Teamsters Union, who has been invoking the Fifth Amendment in a current congressional probe. But McDonald said he will attend a meeting tomorrow of the AFL-CIO Executive Council, a session at which Beck's actions is expected to be discussed."

The AFL-CIO code of ethics holds that any union leader who invokes the Fifth Amendment for personal protection and to avoid scrutiny by law agencies has no right to continue to hold office in his union.

McDonald said he helped write the code and will support it at the meeting in Washington.

The PFL was scheduled to wind up its session today by discussing merger plans with the CIO Pennsylvania Industrial Union Council. Under terms of the national AFL-CIO merger the two groups must unite by next Dec. 5.

BURY MRS. KEMPER

Funeral services were held Thursday afternoon for Mrs. Fannie L. Kemper, 88, who died Monday morning at her Heidlersburg home. The services were conducted at 2 o'clock at the Heidlersburg Lutheran Church with the Rev. Jack Gardner officiating. Interment was made in the Heidlersburg Cemetery. The pallbearers were Donald Kemper, Harold and Kenneth Kemper, Samuel Gladfelter, Wilmer Rodgers and Lester Jackson.

MILWAUKEE (AP) — Judges at the 36th annual Wisconsin Designer-Craftsman Show had to admit the coat woven by Mrs. Belle Schultz of Milwaukee was her pet project.
The warp was nothing unusual, but the woof — !
The woof was the combings from her pet Scotch collie.

University of Texas football rivals set a record by compiling a total of 32 extra points in 1956. Eight rival extra-point attempts were blocked.

MILWAUKEE (AP) — Judges at the 36th annual Wisconsin Designer-Craftsman Show had to admit the coat woven by Mrs. Belle Schultz of Milwaukee was her pet project.
The warp was nothing unusual, but the woof — !
The woof was the combings from her pet Scotch collie.

University of Texas football rivals set a record by compiling a total of 32 extra points in 1956. Eight riva! extra-point attempts were blocked.

HIGH LIVING — An actress plays many roles and Gladys Cooper at sixty-five doesn't spare herself as she is whirled into air at rehearsal of a new musical show in London.

Bergman, Brynner And "Around The World" Get Academy Honors

By JAMES BACON

HOLLYWOOD (AP) — Ingrid Bergman who exiled herself from Hollywood eight years ago amid scorn and scandal said today that she is "delighted and very happy" that the movie industry has given her its highest honor.

The 42-year-old Swedish star won the Academy Oscar at its 29th annual awards presentation last night. The gold award was for her portrayal of the bewildered pretender princess in "Anastasia."

Yul Brynner won the top-actor award for "The King and I" and "Around the World in 80 Days" was acclaimed the best picture of 1956.

Win Supporting Roles

Miss Bergman, in Paris, could not at first be reached when the news that she had won her second Oscar arrived just before dawn. Later, she expressed her delight and said she was especially glad that Brynner had received an award. She said "we became very good friends" when they co-starred in "Anastasia."

Winners of supporting-player awards were Dorothy Malone, as a sexy Texan heiress in "Written on the Wind," and Anthony Quinn, as eccentric artist Gauguin of "Lust for Life."

Ingrid was the wife of a Beverly Hills surgeon and the mother of his daughter when she went to Italy and became the mother of a child by Italian director Roberto Rossellini. She later married him.

Won Last In '44

"Anastasia," which marked her return to American films, had a European locale, Miss Bergman asked onetime co-star Cary Grant to accept her Oscar in case she won.

She won an Oscar in 1944 for "Gas Light."

A top studio executive who asked not to be identified said last night that he tried five years ago to cast Miss Bergman in a film, but encountered so much industry pressure he had to drop the plan.

"Now that Hollywood has awarded her its highest honor," he added, "I know that all is forgiven, that she will be welcomed back to Hollywood by the industry — and, I'm sure, by the public."

George Stevens received the best-director award for his sweeping portrayal of a Texas oil family in "Giant." He won the 1951 directorial Oscar for "A Place in the Sun."

Dynamic producer Mike Todd, accepting the best-picture award for "Around the World in 80 Days," his first picture, said, "This is especially wonderful for me because it's my first time at bat."

A surprise winner was the song "Que Sera, Sera" Whatever Will Be, Will Be," written by Ray Evans and Jay Livingston.

On The House

There is a growing awareness among prospective home owners of the necessity of a place for the home workshop.

Of the millions of home workshops in existence, few were planned that way. Most of the time, a workshop — whether it be in the basement, the attic, a garage or a spare room — is a gradual thing. You buy a hammer and screwdriver and a pliers and for minor repair work around the house. Then, some time later, you decide you want a portable electric drill and some of its accessories. Before you know it, you find yourself with a workshop of sorts.

Planning Pays

After your workshop has grown, you wish you had done a little planning ahead of time. You discover you have tools which you seldom, if ever, use . . . and you learn, one way or another, that there are some tools you need but do not have. You discover that things are getting a bit crowded because you failed to allow room for expansion. You are forced to string an extension cord in some awkward arrangement because there is no handy outlet. Any you run into other little annoyances which do not exactly prevent you from fixing and making things, but which do make you job more difficult.

A lot of this can be avoided with a little planning at the start. When you select a place to work, pick one that will allow for expansion — even if, at the time, you do not think you will get that serious about doing things yourself. Consider such matters as light, ventilation, heat, the availability of electrical outlets and space for wood and other materials you may be using.

Avoid The Makeshift

Buy or make a workbench that will be serviceable over the years, not one that is a makeshift affair that you'll never get around to changing. Give some thought to the kind and quality of the tools you buy. Decide that each new purchase will become part of a workshop that will last many years. In that way, you will not make the common mistake of buying the cheapest tools available — and being forced to replace them when you become a more serious craftsman.

Keep in mind the noise factor when selecting a place for the workshop. If you are the type of person who sometimes will be working in the shop late at night, you want to be sure you will not disturb members of your household who retire early. There are certain steps you can take later on to prevent some of the noise from leaving the workshop, but generally speaking, the best safeguard is the proper location for the shop in the first place.

You're bound to get into the power tool field sooner or later, since you'll want to do your work faster and without so much effort. It's almost inevitable that you'll buy a portable electric drill. But from that point on use care in the selection of power tools, unless you have so much money you don't care how you spend it.

You should select each tool on the basis of the type of work you expect to do most of the time. A lathe is useless if you aren't going to do much wood-turning. A circular saw is fine for straight-cutting and bevel jobs. A bandsaw and a jigsaw handle curves, the former doing its best work in the heavy-duty line, the latter in the intricate-design category. Or you may want to consider one of the combination power tools, especially where space is at a premium. The important thing is to choose a machine that will perform the kind of work YIU want it to perform . . . not the kind your neighbor has.

We're certain that most persons will continue to let their workshops grow without direction, figuring they will meet their needs as the occasion demands. But in the long run, those persons will spend more money to equip their shops than the planner. . . and with less satisfactory results.

Capt. Traeger, Pa. Fire Marshal, Dies

HARRISBURG (AP)—Capt. W. F. Traeger, fire marshal for Pennsylvania since 1932, died yesterday after a two-week illness. He was 65.

Traeger joined the state fire marshal's office in 1916 and was credited with developing one of the country's foremost arson divisions within the Justice Department. He also helped establish the state fire school at Lewistown.

He was a native of Altoona. Funeral services will be there tomorrow.

100 IDLE OVER COAL MINE CASE

SHENANDOAH, Pa. (AP) - At least 100 men were idle in this area today owing to a dispute over a coal mine lease. Repercussions may cause many more to be out of work temporarily.

The controversy hinges on the renting rights of two men who mine coal on property owned by the Girard Estate. The estate leased part of the nearby William Penn colliery to John Rich for open pit stripping work, and another part to George Ryon for underground operations. Both men live in Pottsville.

Earlier in the week the Girard Estate stopped Ryon's operations, alleging that he had overreached the terms of the lease. That prompted picketing of the Girard offices yesterday. About 25 men carrying protesting signs demonstrated against what they called Giard's disregard of the lease terms. Of the 100 idled, about 75 are employes of Rich. The others are on Ryon's payroll.

A widely held unofficial view was that the shutdown might by the end of the week, extend to Rich's other holdings in Schuylkill County, the Gilberton Coal Co. in particular.

LONG BEACH, Calif. (AP) — Dr. Robert Cohen says there are few places in the word that are any healthier than the Fiji Islands in the Pacific.

Dr. Cohen is the senior surgeon of the British government medical service in the Fiji Islands.

Said Cohen: "In the Fijis, there are very few tropical diseases, no malaria and most people live to a ripe old age. We have many Europeans there who are over 90."

PENNSY WILL LAY OFF 1,600 MEN MONDAY

PHILADELPHIA (AP)—Some 1,600 Pennsylvania Railroad maintenance workers will be furloughed starting Monday, due to a sharp drop in business since the first of the year, the railroad says.

About 600 of those to be laid off in the big Altoona shops, where 200 men were relieved last March 5 because of reduced workload.

A. J. Greenough, vice president of transportation and maintenance for the PRR, said the company regretted "very much the necessity for this action."

"With the railroads strictly regulated, the margin between income and outgo is so small that when business drops off we are compelled to move quickly to cut expenses, a large part of which is wages," he said.

Carloadings Drop

PRR carloadings since the first of the year have dropped an average of seven percent compared with the same period of 1956, he said.

Details of the layoffs at other railroad installations besides Altoona haven't yet been worked out. The company was unable to say how many men would be laid off at what points.

The railroad said stockholders at the annual meeting in Philadelphia May 7 will be asked to approve a change in the par value of company stock from $50 to $10.

Reduction of the par value "would reduce the stock transfer taxes paid by the stockholders and would make it possible for the company in the future to issue and sell new stock," a spokesman declared.

A stock option plan also will be proposed at the meeting. It would allow officers and employes in key positions to buy shares at 100 per cent of the market price when an option is granted. Also on the agenda for the meeting will be proposals to change the leases of several companies in the PRR system, one of which will permit the elimination of five companies.

If the stockholders approve the proposals they must then be passed on by the Interstate Commerce Commission before becoming effective.

SAYS BUSINESS NEEDS RELIEF

WASHINGTON (AP) — Tax relief for small business firms is "desperately needed," Rep. Van Zandt (R-Pa) asserted yesterday.

They need it, he told the House, "not only to exist, but to grow and modernize in keeping with the nation's expanding economy."

The Altoona veteran, in a speech calling for passage of a bill he introduced March 6 to reduce the corporate income tax rates from the present 30 per cent to 22 per cent on income under $25,000 also said the measure would increase the surtax rate from the present 22 per cent to 30 per cent on income over $25,000.

Van Zandt said only 200,000 of the nation's 4,280,000 business firms are really in the big business class. Thus, he went on, 95 per cent of all business concerns are classifiable as small.

"This is especially true in Pennsylvania," he said, "where of the 255,000 business concerns, only 13,000 are classified as big business."

VOTE TODAY ON TAX EXTENSION

WASHINGTON (AP) — Only House acceptance of a Senate amendment was needed today to complete action on a bill to extend three billion dollars of annual business taxes to July 1, 1958.

The House was expected to act during the day to accept the 15-month extension voted by the Senate rather than the one-year limit it had passed. The administration has approved the 15-month provision.

President Eisenhower must sign the bill into the law by Sunday or the rates on corporation income and excise taxes will drop automatically Monday.

The Senate passed the bill by voice vote late yesterday after seven hours of debate in which all attempts to add special relief provisions were beaten.

The moves which got the most support were designed to aid small business. Although they lost, advocates of such relief said today they believed the debate had advanced their cause and that some tax benefits for little businessmen might well be enacted this session.

REDS RELEASE PRIESTS

TOKYO (AP) — Peiping radio announced tonight that the Rev. Fulgence Gross, a Roman Catholic missionary from Omaha, Neb., had been released in Shanghai after six years' imprisonment and house arrest on spy charges.

Father Gross, a member of the Franciscan order, was released a day ahead of the completion of his sentence. He was arrested March 29, 1951.

Junior Gilliam of the Brooklyn Dodgers batted .348 against the Milwaukee Braves in 1956.

Sheath Lines Are Eased, Feminine Look Prevails In Graceful New Styles

Fashion relaxes and glorifies the slim line for spring '57. Attractive shaping and softened slenderness characterize the newest styles, pointing up the importance of a look that's sometimes called "pretty," sometimes "lady-like" and then again, "feminine." By any name, the look is flattering and this season it's the height of fashion.

Many significant trends emerge as ways of expressing this look. Outstanding — and charming — is the cape, which has just about taken over the fashion world. Dresses, costumes, separates, suits, coats and toppers display the cape influence in many forms.

There are cape-like flounces at the shoulder line — flirtatious as the flutter of a fan — cape collars, detachable capelets, cape jackets, and of course, three-quarter and full-length capes. Cocoon shapes look newsiest.

Pretty Evidence

Pretty evidence of the trend to gently feminine fashions is seen in the spring liking for shirtwaist dresses. News here is the softening of classic styles — through the use of lantern-shaped sleeves, for example.

Appearing as another major trend is the softened skirt. Usually somewhat longer this spring, skirts move away from severe sheath lines to the pegged, pleated, draped or paneled silhouette.

In the "Dutch Boy" or Flemish skirt for suits and dresses, pleats or gathers provide easy roundness just below the waistline and taper in at the hem.

Empire Line Lowered

Other attractive ways of developing skirt interest are tunics, harem hemlines, back or front fullness and attached, curving panels.

New interpretations of the basically-slim line provide a variety of bodice treatments. Rounding the top of the silhouette, for symmetry with easier skirts, is frequently achieved by the use of dolman sleeves.

The blouson, or bloused top, looks refreshing in combination with bloused sleeves, and bloused or pleated backs continue important.

The high empire line is now lowered, placing the "artificial" waist at a point two or three inches above the natural waistline. Sometimes both the modified-empire and the normal waist are defined.

Waistlines are marked by belts, cummerbunds or draping.

Necklines Softened

Necklines, too, get soft treatment. Scoops and bateaus are gentled by gathers, draping or bows. The high-in-front, low-in-back neckline often has a bow or streamer as a finishing touch.

Spring's varied styles are interpreted in a wealth of fabrics and colors. Significantly for the femininity of fashion, silk exercises a great influence, appearing in many textures and many blends.

Soft and drapable, too, are wools and knits in tissue weights. Tweeds often have an open, almost lacy weave, and even the boldest of tweeds take the lady-like touch of demure pastel colors.

Simplicity Keynotes Headgear For 'Teens

Simplicity stars in teen hats for spring.

Lightweight straws, felts and synthetics flatter young heads in pastels, white or natural shades, and are seldom trimmed with more than a grosgrain band ending in a bow or streamer.

For dress-up, teen hats sometimes take a flower wreath or nosegay.

Lingerie Has Big Full Lines

In keeping with fashion's eased slim line and fuller silhouette, spring lingerie features both slim slips and bouffant petticoats, and in both cases, fabric emphasis is clearly on softness.

Lightweight crepes and tricots are favored for their ability to adapt to the smooth flow of the over-all silhouette.

Cotton blends and silk blends, both shape-holding and non-clinging, play an important spring role for under-suit wear.

With fashions getting longer, lingerie too is inching its way downward. Under-cover ideas include slip-off hemlines and tucks that can be let out.

Soft violet tones and pearl grays join beiges, whites and pinks as spring lingerie colors.

Sleepwear runs the gamut from the feminine and frilly, with eyelet embroidered bodices and pretty jabot ruffles, to the classic, with Ivy League influences evident in stripes and button-down collars.

Robes range in length from short to long, with the shortie duster heading the list.

SOFT HUES CUE NEW STOCKINGS

Taking their cue from spring fashion and color preferences, hosiery stylists have designed new stockings as costume accessories in soft pale hues and color blends.

To harmonize with navy costumes, there are nylons in Wedgwood grays and smoky blue grays.

For the beige family, hose take a new color slant. Hoisery beiges have been blended with warm color tones — rosy beige, cream, gold or apricot beige, and — very new — gray beige.

Nylons in gray tones have also been color warmed. They range from misty pearl grays through pink, blue and mauve grays and grays with a touch of violet or newly-tinged opalescence.

For the high-fashion violet family, nylons show a variety of delicate, fresh-looking mauve tones, including mauve beige, mauve taupe, rose and pink mauves, lavender and violet shadings.

Obi-wrap sash gives spring fashion's favored high-waisted look to this youthful, full-skirted shirtdress with pretty bow at collar. The cotton fabric, with attractive print-striped pattern, is processed for easy care, requires little or no ironing. It's Everglaze Minicare cotton, in Peter Pan's Brocara print, and the shirtdress is by Vera Maxwell.

Unusual design for compacts and cigarette cases features free-hanging stones that look light and airy and tinkle delicately in motion.

Only two gray horses ever won the Preakness at Pimlico. They were Native Dancer and Belmar.

DESIGNED FOR BRIDES

Brides who want a change from traditional white can choose from wedding gowns in combinations of pale yellow and white or gray and white embroidery on pink, as well as all-over pink or ice blue gowns.

PRETTY PINNINGS

Bar pins with pendants and floral-bouquet pins, set with pearls and pastel stones, look pretty for spring.

TOP ATTRACTION — A basket-shaped hat of white-dotted black silk is the dominant feature of a red gabardine suit ensemble displayed at Milan, Italy, fashion show.

SLIM, SHEATH SILHOUETTE IS STILL FAVORITE

Gently does it for dresses this spring. The slim sheath silhouette is still a favorite, but now it is softer and rounder with a new look of ease in the waist-through-midriff area.

One of the biggest influences on this look is the "Dutch Boy" or peg-top skirt. Most often achieved by darts or tucks at the waist, it is sometimes carried through to full scale pleats.

Draping offers another highly favored way to ease the slim skirt. Skirts are draped to side or back, eased with harem hemlines or panels, draped with swags or modified versions of the hobble hemline treatment.

Pleats Preferred

For more tailored dresses, pleats are preferred to drapery. There are many variations including pegged pleats, straight-up-and-down pleats, released pleats in sections and wrap-arounds.

There are also many pretty fuller-skirted styles, such as dresses with darts, pleating and back fullness.

Many empire-mood dreses have self-bands or pleated cummerbunds that circle the waist and lower part of the midriff. Often, a high waistline is suggested by tabs or bows.

Bloused-top dresses, with belts at the normal waistline, and shirtwaist styles both contribute to the increasing importance of belts in spring fashion.

BELTS ARE BACK

Belts return to the fashion spotlight. Besides leather and fabric belts, spring features a variety of cummerbunds and sashes.

Flower, Fruit Shades Appear In Spring's Garden Of Color

From vivid peony pinks to delicate lilacs, spring fashion is a garden of color. Purples are blooming in profusion — not only lilac, but violet, iris, lavender, wisteria, mauve. New-leaf greens, geranium, larkspur, tiger lily, blues and pinks with a mauvy cast all add to fashion's flower-like look.

There are fruits in the fashion garden, too — luscious shades of melon, orange, peach, pear, lemon, apricot and lime ready for the picking. And, as in every garden, there are the hardy perennials — navy and black, both important this spring, both branching out in an important variety of ways.

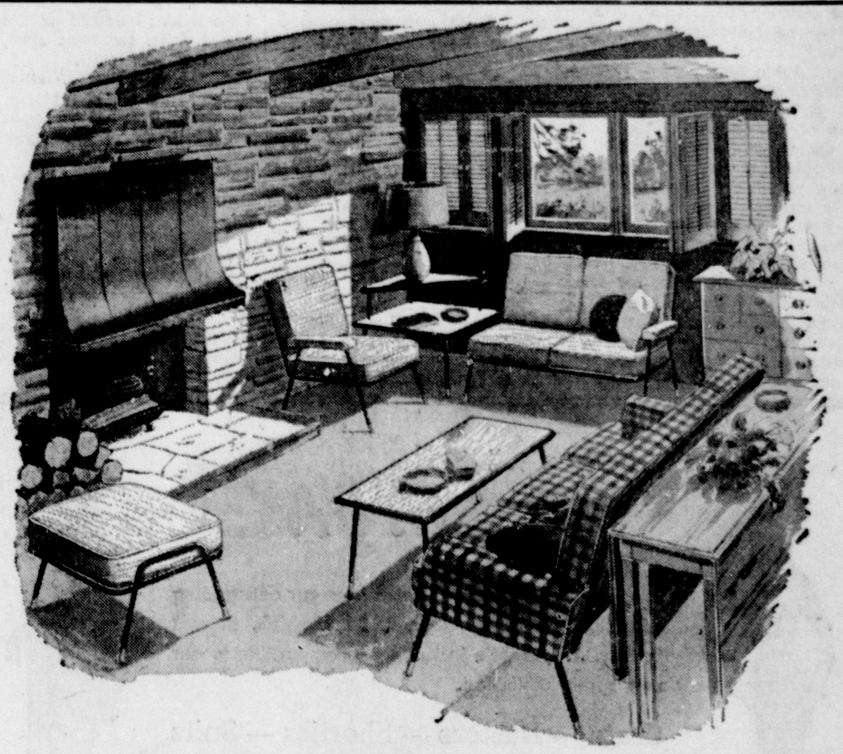

Lighter-than-traditional navies are news, and so is navy that has a rich, almost royal-blue cast. Black, liked alone or touched with white, looks especially fresh in black-and-white patterns that give a gray effect.

Gray blossoms as the newest of neutrals, in pale, pearly shades that are a delight to the eye.

There's a good crop of off-white to brown tones.

Among the vivid colors, red reaps a lot of interest.

Prints continue the garden theme.

Sheath Lines Are Eased, Feminine Look Prevails In Graceful New Styles

Fashion relaxes and glorifies the slim line for spring '57. Attractive shaping and softened slenderness characterize the newest styles, pointing up the importance of a look that's sometimes called "pretty," sometimes "lady-like" and then again, "feminine." By any name, the look is flattering and this season it's the height of fashion.

Many significant trends emerge as ways of expressing this look. Outstanding — and charming — is the cape, which has just about taken over the fashion world. Dresses, costumes, separates, suits, coats and toppers display the cape influence in many forms.

There are cape-like flounces at the shoulder line — flirtatious as the flutter of a fan — cape collars, detachable capelets, cape jackets, and of course, three-quarter and full-length capes. Cocoon shapes look newsiest.

Pretty Evidence

Pretty evidence of the trend to gently feminine fashions is seen in the spring liking for shirtwaist dresses. News here is the softening of classic styles — through the use of lantern-shaped sleeves, for example.

Appearing as another major trend is the softened skirt. Usually somewhat longer this spring, skirts move away from severe sheath lines to the pegged, pleated, draped or paneled silhouette.

In the "Dutch Boy" or Flemish skirt for suits and dresses, pleats or gathers provide easy roundness just below the waistline and taper in at the hem.

Empire Line Lowered

Other attractive ways of developing skirt interest are tunics, harem hemlines, back or front fullness and attached, curving panels.

New interpretations of the basically-slim line provide a variety of bodice treatments. Rounding the top of the silhouette, for symmetry with easier skirts, is frequently achieved by the use of dolman sleeves.

The blouson, or bloused top, looks refreshing in combination with bloused sleeves, and bloused or pleated backs continue important.

The high empire line is now lowered, placing the "artificial" waist at a point two or three inches above the natural waistline. Sometimes both the modified-empire and the normal waist are defined.

Waistlines are marked by belts, cummerbunds or draping.

Necklines Softened

Necklines, too, get soft treatment. Scoops and bateaus are gentled by gathers, draping or bows. The high-in-front, low-in-back neckline often has a bow or streamer as a finishing touch.

Spring's varied styles are interpreted in a wealth of fabrics and colors. Significantly for the femininity of fashion, silk exercises a great influence, appearing in many textures and many blends.

Soft and drapable, too, are wools and knits in tissue weights. Tweeds often have an open, almost lacy weave, and even the boldest of tweeds take the lady-like touch of demure pastel colors.

Lingerie Has Big Full Lines

In keeping with fashion's eased slim line and fuller silhouette, spring lingerie features both slim slips and bouffant petticoats, and in both cases, fabric emphasis is clearly on softness.

Lightweight crepes and tricots are favored for their ability to adapt to the smooth flow of the over-all silhouette.

Cotton blends and silk blends, both shape-holding and non-clinging, play an important spring role for under-suit wear.

With fashions getting longer, lingerie too is inching its way downward. Under-cover ideas include snip-off hemlines and tucks that can be let out.

Soft violet tones and pearl grays join beiges, whites and pinks as spring lingerie colors.

Sleepwear runs the gamut from the feminine and frilly, with eyelet embroidered bodices and pretty jabot ruffles, to the classic, with Ivy League influences evident in stripes and button-down collars.

Men's Shoe Wardrobe Will Gain Diversity From 57's Many Lightweight Leathers

The American male has acquired a new flexibility with regard to the clothes he wears and this is nowhere more apparent than in the shoes for spring and summer 1957.

New leathers have encouraged this diversification. Leading the list is the new lightweight tropical leather, which has meant a whole new warm-weather shoe wardrobe for most men. The new leather grains, used alone and in combination with smooth leather, are another factor. Latest is the new brushed, or suede leather with the two-way nap.

Leather shoes for dress and business wear will have a luster this season in keeping with the lustered look in men's suits. Smooth calf and pebble-grained shoes will have a natural gloss which takes to a high polish. Shrunken calf will have a lustered finish. Even suede, when used alone, will be glossy, though in combination with smooth leather it may be dull-finished for contrast.

Ankle Line Varies

Another factor multiplying men's shoe styles has been the emergence of the continental look and its adaptations. First was the modification of the ankle line, until now we have the re-emergence of the six-eyelet oxford for dress-up wear, with business shoes generally settling for three or four eyelets and casuals for two. Slip-ons may be low or high, but low models have cross-over vamp strap or gores to insure fit. Welt construction with its superior shape retention and comfort features is the general rule for dress and leisure shoes.

The general appearance of the shoe will be trim and carefully designed, with tailored leather soles, fine stitching, and light well-executed perforations.

The trend toward elegance is apparent even in casual shoes and is particularly noticeable in the long Continental-type slip-on with high tongue. While the moc toe still leads among casuals, the plain toe and the medallion borrowed from the classic brogue are making their appearance.

On shoes for town, leading leather colors will be black, medium tan, teak brown, London tan, cordeau and dark maple. For dress-casual wear there will be combinations of black and gray and of light tan with darker tan or tan with brown.

Ivywood will be popular for both dress and casual wear for coordination with the Loden greens and the new bronze and khaki tones in suits and coats. Casual shoes will be seen most often in wheat, gray, beech, suntan, and related colors, but some reversed calf and shag leathers will sport dull red and olive hues.

SURPLICE STYLED

Graceful newcomer among cashmere sweaters is a surplice style which buttons just at the waist, with three large pearl buttons. Cross-over front closing is outlined in a wide band of self cashmere.

MINNEAPOLIS (AP) — Minneapolis Laker Coach Johnny Kundla doesn't need a schedule to tell him when a tough road trip is coming up. "My stomach tells me," Kundla explains. "It never fails. I get queasy and the food doesn't taste good."

EASY CURVES, TAPERED LINE NOW APPEAR

It's a wonderful spring for suits, with many styles to choose from. Ease is the prevailing theme as the slim-line suit gives way to a softer, more fluid silhouette.

Jackets make use of rounded shoulder lines as they gently taper to waist or just-below-waist length, giving only the merest hint of fitted curves to the silhouette. To carry out the balance, skirts make use of open pegged pleating, creating the rounded hip effect with gentle tapering to reed-slimness at the bottom.

Detachable capelets, a new and important note in spring suit fashions, add to the rounded grace of the silhouette. The influence of Dior's magnet or "Dutch Boy" look, combining top and bottom symmetry, is in evidence throughout the spring line of suits.

While the pegged, pleated or "Dutch Boy" skirt is one of this spring's most important suit-skirt fashions, the eased slim line in skirts is also obtained by the side draped skirt, the tunic skirt, and the panel back skirt.

On the fuller side, all-around knife or pressed box pleats, and the bell skirt featuring open, unpressed pleats play a significant role.

The emphasis on eased skirts calls most naturally for the short and — to retain the fluid grace of the silhouette — the oh, so lightly fitted jacket.

Other jacket lengths range from waist to hip-bone length. Styles include the bloused back, belted or tied at the waist, and the box jacket, as well as the semi-fitted silhouette.

Hinted at in fall fashions and now reaching fashion's forepoint are the suit capes, three-quarter length oval capes which replace the jacket, detachable elbow length capes which complement the jacket, and hip length cocoon and full capes.

Newly lightweight, black-dyed Southwest African Persian lamb makes a cocoon-stole to wear over suits, dresses. From Zimmerman Scher, Inc.

Leather Plans Important Role In Style Scene

Softer and lighter, artfully drape tucked and pleated, leather appears prominently on the spring fashion scene.

Full length coats, short jackets and car coats are crafted in a variety of ingenious fashions from both suede and grain leathers.

Brand new this spring are smart leather capes, as well as a cape-like appearance for coats, achieved by gentle fullness falling in gathers from a yoke, slant pockets and scarf-like ties.

Soft, velvety suede and smooth capeskin and cabretta share popularity as well as versatility. Suede is no longer exclusively a country leather, nor are smooth leathers confined to the city. Both are designed for either city or country wear.

New leather shades in the beige to brown range are in the lead, and make effective tone-on-tone combinations with knit, silk and linen.

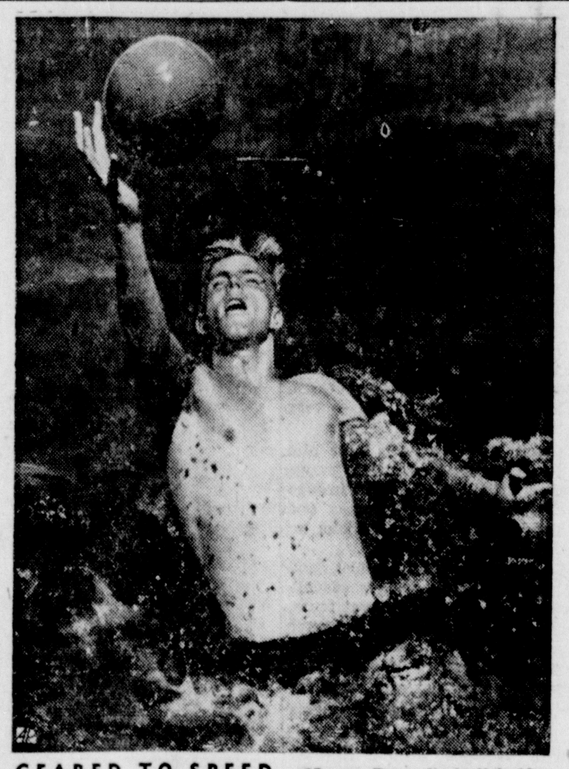

Like Bright Colors

There's interest, too, in bright colors such as hyacinth, peacock, bayberry and jasmine, in suave black and snowy white and in black leather with white leather piping.

Black and white contrasts, however, are usually achieved in large areas rather than by trim. For instance, a white cabretta jacket is lined with black tweed and has matching tweed skirt.

The "half-and-half" idea appears in leather coats, with front of smooth leather and back of suede in the same or another color.

Leather jackets fill more functions than ever. One new model, copied from the Italian motorcycle jacket, is teamed with Jamaica shorts. Others, for after-five wear, are trimmed with mink, fox or rhinestones.

GEARED TO SPEED — Murray Rose, Australia's 18-year-old swim sensation of the recent Olympics, leaps out of water like a porpoise to snare ball during a Sydney workout.

Mix together those small quantities of leftover vegetables and add to a cheese sauce; serve on toast for lunch. Top with hard-cooked sliced eggs if you like.

Remove yeast rolls and bread from pans as soon as they come from the oven and place on cooling racks.

Add a little dry mustard to the mixture of flour, salt and pepper pounded into beef round when preparing Swiss steak.

Slice frankfurters into penny-size rounds and brown lightly in a little butter in a skillet. Add beaten eggs and scramble. Nice for lunch with a cooked green vegetable or salad.

HIGH LIVING — An actress plays many roles and Gladys Cooper at sixty-five doesn't spare herself as she is whirled into air at rehearsal of a new musical show in London.

Bergman, Brynner And "Around The World" Get Academy Honors

By JAMES BACON

HOLLYWOOD (AP) — Ingrid Bergman who exiled herself from Hollywood eight years ago amid scorn and scandal said today that she is "delighted and very happy" that the movie industry has given her its highest honor.

The 42-year-old Swedish star won the Academy Oscar at its 29th annual awards presentation last night. The gold award was for her portrayal of the bewildered pretender princess in "Anastasia."

Yul Brynner won the top-actor award for "The King and I" and "Around the World in 80 Days" was acclaimed the best picture of 1956.

Win Supporting Roles

Miss Bergman, in Paris, could not at first be reached when the news that she had won her second Oscar arrived just before dawn. Later, she expressed her delight and said she was especially glad that Brynner had received an award. She said "we became very good friends" when they co-starred in "Anastasia."

Winners of supporting-player awards were Dorothy Malone, as a sexy Texan heiress in "Written on the Wind," and Anthony Quinn, as eccentric artist Gauguin of "Lust for Life."

Ingrid was the wife of a Beverly Hills surgeon and the mother of his daughter when she went to Italy and became the mother of a child by Italian director Roberto Rossellini. She later married him.

Won Last In '44

"Anastasia," which marked her return to American films, had a European locale, Miss Bergman asked onetime co-star Cary Grant to accept her Oscar in case she won.

She won an Oscar in 1944 for "Gas Light."

A top studio executive who asked not to be identified said last night that he tried five years ago to cast Miss Bergman in a film, but encountered so much industry pressure he had to drop the plan.

"Now that Hollywood has awarded her its highest honor," he added, "I know that all is forgiven, that she will be welcomed back to Hollywood by the industry — and, I'm sure, by the public."

George Stevens received the best-director award for his sweeping portrayal of a Texas oil family in "Giant." He won the 1951 directorial Oscar for "A Place in the Sun."

Dynamic producer Mike Todd, accepting the best-picture award for "Around the World in 80 Days," his first picture, said, "This is especially wonderful for me because it's my first time at bat."

A surprise winner was the song "Que Sera, Sera" Whatever Will Be, Will Be," written by Ray Evans and Jay Livingston.

ON THE HOUSE

There is a growing awareness among prospective home owners of the necessity of a place for the home workshop.

Of the millions of home workshops in existence, few were planned that way. Most of the time, a workshop — whether it be in the basement, the attic, a garage or a spare room — is a gradual thing. You buy a hammer and screwdriver and a pliers and for minor repair work around the house. Then, some time later, you decide you want a portable electric drill and some of its accessories. Before you know it, you find yourself with a workshop of sorts

Planning Pays

After your workshop has grown, you wish you had done a little planning ahead of time. You discover you have tools which you seldom, if ever, use . . . and you learn, one way or another, that there are some tools you need but do not have. You discover that things are getting a bit crowded because you failed to allow room for expansion You are forced to string an extension cord in some awkward arrangement because there is no handy outlet. Any you run into other little annoyances which do not exactly prevent you from fixing and making things, but which do make you job more difficult.

A lot of this can be avoided with a little planning at the start. When you select a place to work, pick one that will allow for expansion — even if, at the time, you do not think you will get that serious about doing things yourself. Consider such matters as light, ventilation, heat, the availability of electrical outlets and space for wood and other materials you may be using.

Avoid The Makeshift

Buy or make a workbench that will be serviceable over the years, not one that is a makeshift affair that you'll never get around to changing. Give some thought to the kind and quality of the tools you buy. Decide that each new purchase will become part of a workshop that will last many years. In that way, you will not make the common mistake of buying the cheapest tools available — and being forced to replace them when you become a more serious craftsman.

Keep in mind the noise factor when selecting a place for the workshop. If you are the type of person who sometimes will be working in the shop late at night, you want to be sure you will not disturb members of your household who retire early. There are certain steps you can take later on to prevent some of the noise from leaving the workshop, but generally speaking, the best safeguard is the proper location for the shop in the first place.

You're bound to get into the power tool field sooner or later, since you'll want to do your work faster and withut so much effort. It's almost inevitable that you'll buy a portable electric drill. But from that point on use care in the selection of power tools, unless you have so much money you don't care how you spend it.

You should select each tool on the basis of the type of work you expect to do most of the time. A lathe is useless if you aren't going to do much wood-turning. A circular saw is fine for straight-cutting and bevel jobs. A bandsaw and a jigsaw handle curves, the former doing its best work in the heavy-duty line, the latter in the intricate-design category. Or you may want to consider one of the combination power tools, especially where space is at a premium. The important thing is to choose a machine that will perform the kind of work YIU want it to perform . . . not the kind your neighbor has.

We're certain that most persons will continue to let their workshops grow without direction, figuring they will meet their needs as the occasion demands. But in the long run, those persons will spend more money to equip their shops than the planner. . . and with less satisfactory results.

Capt. Traeger, Pa. Fire Marshal, Dies

HARRISBURG (AP)—Capt. W F. Traeger, fire marshal for Pennsylvania since 1932, died yesterday after a two-week illness. He was 65.

Traeger joined the state fire marshal's office in 1916 and was credited with developing one of the country's foremost arson divisions within the Justice Department. He also helped establish the state fire school at Lewistown.

He was a native of Altoona. Funeral services will be there tomorrow.

100 IDLE OVER COAL MINE CASE

SHENANDOAH, Pa. (AP)—At least 100 men were idle in this area today owing to a dispute over a coal mine lease. Repercussions may cause many more to be out of work temporarily.

The controversy hinges on the renting rights of two men who mine coal on property owned by the Girard Estate. The estate leased part of the nearby William Penn colliery to John Rich for open pit stripping work, and another part to George Ryon for underground operations. Both men live in Pottsville.

Earlier in the week the Girard Estate stopped Ryon's operations, alleging that he had overreached the terms of the lease That prompted picketing of the Girard offices yesterday. About 25 men carrying protesting signs demonstrated against what they called Giard's disregard of the lease terms. Of the 100 idled, about 75 are employes of Rich. The others are on Ryon's payroll.

A widely held unofficial view was that the shutdown might by the end of the week, extend to Rich's other holdings in Schuylkill County, the Gilberton Coal Co. in particular.

LONG BEACH, Calif. (AP) — Dr. Robert Cohen says there are few places in the word that are any healthier than the Fiji Islands in the Pacific.

Dr. Cohen is the senior surgeon of the British government medical service in the Fiji Islands.

Said Cohen: "In the Fijis, there are very few tropical diseases, no malaria and most people live to a ripe old age. We have many Europeans there who are over 90."

Little Furs Take New Shapes For Spring In Exciting Hues

There's nothing small about the selection of "little furs" available this spring. They appear in a greater-than-ever variety, in many styles and shades.

The cape, important everywhere this spring, is equally so in fur. There are elegant fur capes with slim lines that taper from round capes and countless other versions.

Cropped jackets, another fashion signature of spring '57, also appear in many young and versatile variations, with white mink the most luxurious looking. Some are waist-length with decorative button accents, others are hip-length and bowed with a touch of satin or velvet.

Little fur briefs and boleros, in both casual and dressy styles, are highly favored for wear over the new softened skirts.

Coming into renewed prominence is the fur stole, sometimes reflecting a Spanish-shawl influence, or displaying the same tapered cocoon shape that capes make much of.

The color story is an exciting one, with a wide range of new shades, including such delicate spring pastels as pale pink and green, as well as the more traditional hues.

"Flat, not fluffy" continues as the theme for fur surfaces, and the emphasis is on light weight. Persian lamb, for example, is processed to be lighter, softer, more lustrous and drapable.

Ethereal Air Wins Favor In Bride Designs

The girls who marry this spring can look as ethereal as angels in airy gowns with full skirts, short sleeves and many pretty trims and back details.

The windswept back look and the domed silhouette with back and side fullness are the most popular. While the empire line is still a favorite, many of the new gowns feature peaked or basque bodices with gently rounded V-lines.

Back interest details include intricate cut of material that unfold like huge petals, cartridge-pleated back folds, perky butterfly bows, trailing panels, ruffles, drapery and sashes.

Adding to the airy look are a wide range of lightweight, fragile fabrics such as filmy organdies, chiffon, lace, silk bombazine and taffeta. One of the newest is a sheer tulle completely re-embroidered to resemble an allover lace.

Reminiscent of the romantic Old South are gowns of organdie and eyelet bastiste with delicate floral embroidery. Scattered lace appliques and set-in bands of chiffon or satin are other favored trims.

Necklines are softer and more flattering with wide, shallow cuts replacing the high, covered-up types.

A very romantic look is achieved through such fashions as gowns with wide tiers, pleated satin midriffs, floral sprays, delicate beading and shirred or smocked chiffon empire bodices.

SKIRTS LONGER; BUT NOT MUCH

Whither hemlines? Are skirts drastically longer this spring? What about lengths for day and late day?

Evolution, not revolution, is the answer. Fashion isn't shouting, "Down with hemlines!" but there's more than a whisper of change in the spring air.

Many daytime fashions are an inch or two longer than last season, while cocktail-hour and informal garb often reaches to ankle-bone length, a la Dior.

"How low" to lower the hemline is still a matter of individual taste and becoming appearance.

Height enters into it. The tall woman can wear 13-inches-from-the-floor lengths gracefully, while the smaller woman can wear somewhat shorter skirts and still achieve a lowered hemline look.

Temple University's basketball and gymnastic team members all are Philadelphia natives.

FABRICS GIVE FEMININE AIR TO MILLINERY

Softness of line and texture are the keynote of spring '57 hats. Even the most symmetrically balanced hats often have a flattering lift above the brow, a softly cushioned edge or an uprolled brim. The toque shope, with its prominent crown, is prettily rounded, tapered, dimpled or draped.

The profile hat with a dashing tilt of crown or a deep side dip of brim recalls the glamourous styles of the 30's.

Look Feminine

Fabrics contribute a feminine, milliner-made look. Chiffon, georgettes, organdy and "souffle" straw (a silky, sheer, ribbony braid) are intricately tucked, pleated, puffed and draped to make both small an dlarger hats look light and lovely as clouds.

Fine felts, supple as fabric, vie witn real and artificial silks. Straws have a spongy softness and transparency in designs that interweave flossy souffle with yarn, ribbon, beads and braids.

Transparent hairbraid combined with straw has a frothy depth, while basket weave straws are often latticed with light. Balibuntals and linen-straws are intricately tucked and shirred, and even fine-sewn straw has a delicate three-dimensional air.

Add To Flattary

Spring flowers of fine silk and sheers further the light and feminine look, and the complexion-smoothing softness of lacy veiling often adds the finishing touch to flattering spring hats.

Trimmings are intricate, yet inconspicuous. Velvet ribbon, novelty ribbons striped with straw or satin, tiny tufts of feathers, touches of embroidery anl jeweled motifs appear in matching or contrasting hues.

Hat colors are carefully coordinated with spring fashions.

Say Modern Life Tensions Often Cause Of Sterility

ST. LOUIS (AP) — Stresses and tensions of modern life have made some men and women sterile, Dr. Robert N. Creadick of Duke University said Wednesday.

Emotions and stress can affect body hormones and nerves with consequent effects on fertility, he told the American Academy of General Practice.

Study of psychological factors in sterility has been a major part of newest scientific efforts to help such couples, Dr. Creadick said.

Cites Physical Causes

Sterility is most times due to physical causes, some of which can be detected and corrected. In about 30 per cent of cases, failure to have children is due to lack of fertility in the husband.

Emotional stresses apparently act through a vital brain center, the hypothalamus, the physician explained.

"Both in man and in animals, this center can produce changes in body hormones, in nervous responses, and consequent functioning or malfunctioning of the reproductive organs."

PERENNIAL QUALIFIERS

Emotional stresses apparently act through a vital brain center, the hypothalamus, the physician explained.

"Both in man and in animals, this center can produce changes in body hormones, in nervous responses and consequent functioning or malfunctioning of the reproductive organs."

Costume Comes Into Its Own As Important Spring Fashion

The costume has really come into its own as a top fashion this spring, and costumes with capes are the newest and most important of all. Short jackets of all types and full-length coats, often with short sleeves or sleeveless, offer other popular variations of the ensemble look.

Capes for costumes range from the very brief to seven-eighths, three-quarter and full lengths. Of special interest are the cocoon shapes, narrower at the bottom than the top.

One of the most popular costumes is that of the semi-fitted jacket that just hits the top of the hipbone over a pegged-skirt dress. Another is the Eton or bolero jacket over a dress with printed bodice and cummerbund. The "complete look" through coordination of fabrics is highly favored

Semi-Fitted Jackets

In general, semi-fitted, short dresses are the rule. Blouson jackets of all types are big favorites. Popular back treatments include cape backs and mock boleros. An interesting variation is the "capelero," a cross between the cape and the bolero. Other boxy jackets come just down to the waistline or flare out above it.

Many of the companion dresses feature empire bodices of silk or chiffon in colors or prints to match the linings of capes or jackets worn over them. This idea also extends to woolen coats lined in chiffon to match companion chiffon dresses. Another favorite combination is pastel chiffon shirtwaist dresses under coats of matching pastel tweed.

The influence of capes is seen in ensembles with jackets that look like capes, little capelets or cape-back jackets and cocoon-like wrap coats. Capes add a costume look to suits and companion skirts and blouses, as well as dresses. Bloused-back boleros and seven-eighth tunics are further interesting new version o the costume.

Belts Add Drama To Spring Outfits

Narrow belts in unusual shapes and wider ones with decorative accents add drama to spring outfits.

In the first category are belts with scalloped edges and belts dipping from high in front to low in back. Others are interwoven bands of leather.

Girdle-like belts in suede or kid, for evening, are often draped, tucked or pleated, and usually have giant jeweled buckles.

Influence Of Cape Seen In Spring Coats

Whatever the color or fabric, and whether the style be slim, or full, coats generally are cut on easier lines, for more wearability over spring's newly rounded dresses and suits.

Most importantly, this is a season when a coat is often a cape — or at least, cape-conscious in design. The full, full coat comes into its own, either as a real cape, sleeveless and with armhole slits in its graceful folds, or as a pyramid shape with cape sleeves or back.

The real cape appears in straight-flowing or cocoon designs, in topper to full lengths.

Slim coats, too, show the pretty and prevalent influence of the cape. Wrap or clutch styles look relaxed but regal with cape-effect dropped shoulder lines or cape-like dolman sleeves and full backs.

Betwixt-and-between coats, neither slim nor full, get new impetus from the cape. These coats have flat, slim fronts, often with little neckline ties, and cape fullness in the back.

Then of course there's the cape collar, topping a full coat or lending width to many an otherwise slender silhouette. Conversely, full-flaring capes sometimes have only the daintiest and tiniest of collars.

Continuing in the news is the coat with high-placed detail, front or back. Generally, the back of the coat gets the softening detail, while the front stays slender.

Noted For Daring

Blousing, panels, martingales, pleats, yokes and V seams all help to provide back interest and ease.

Coat fabrics and colors are notable for the way they combine a demure look with a dash of daring — for instance, lacy tweeds, pale pastel in hue but boldly plaid in pattern.

Distinguished simplicity marks this light, bright spring suit with round collar, bracelet sleeves, interesting hip detail and slim lines throughout. By Handmacher in an Integrity fabric of Avisco rayon with acetate.

Delicate To Elegant Is Range Of Jewelry For Spring Season

Jewelry displays two distinct spring looks, one light and delicate, the other bulky and elegant in the Edwardian manner.

Pastel colors are an important part of the delicate look. Mauve tints are popular, along with such flower shades as soft blue, pink, yellow and green.

Spring flowers inspire many new jewelry designs as well as colors, even to the use of more green foliage effects.

Also contributing to the delicate look are the increased use of crystals, frosty shimmering beads in iridescent tones, jet iris and aurora stones. White and gold combinations continue in popularity.

Rope necklaces are enjoying a revival and look especially new in crystals of varying sizes and combinations of clear and pastels.

Among the leading bulky and elegant styles are enamel bracelets shaped like wide cuffs, gold Edwardian-type chain bracelets and neckwear with pendant balls of flowers, chunky stones set in burnished gold and bead necklaces with center pendants and gold filigree.

York Springs

Sunday dinner guests of Mrs. Margaret Franquist and Mrs. Lewis Elliot, R. D., were Mr. and Mrs. James E. Behney and children, James, Susan Anna, Chester and Irvin, Miss Jean Bretzman, Bendersville; Mr. and Mrs. Stanley C. Myers and daughters, Lorrene, Margaret and Janet, of Palmyra; Mr. and Mrs. Jere D Proctor and sons, Jere Jr. and Gary Lee, of Mt. Joy; Lewis Criswell and son, Harold, of Carlisle.

Miss Kathryn O'Boyle visited Mrs. William B. Hicks, Hagerstown, Sunday afternoon. Mrs. Hicks has been bedfast for several years.

At the next meeting of the North Adams PTA April 8 in the York Springs elementary building a presentation of first grade reading will be explained by an elementary teacher. This will be of interest to parents of children who will enter school this fall.

Pvt. Harold "Sam" McCauslin, son of Mr. and Mrs. Lee McCauslin, was guest of honor at a Sunday dinner recently. Those present were: Harold McCauslin, Mr and Mrs. Dean McCauslin and daughters, Biglerville; Mr. and Mrs. Jack McCauslin, Dillsburg R. 1; Mr. and Mrs. Donald Black and family, Biglerville, and Janie, Paul and Reid McCauslin. Pvt. McCauslin returned to Fort Knox, Kentucky, where he expects to be given an overseas assignment in the near future.

The York Springs Girl and Boy Scouts will hold a skating party at Haar's this evening.

The Sophomore Class of the York Springs High School is sponsoring a square dance in the York Springs Fire Hall Friday night. Fred Crouse will be the caller. The class is also taking orders and will sell Easter flowers.

HEAVY CHECK OUT

COLUMBUS, Ga. (AP) — A man checked into a motel here, paid for his room and in the middle of the night checked out with the following items:

A table-model television set, four sheets, two bedspreads, two lamps, two blankets, four towels, a bath cloth, a small rug, four pillows and four pillow cases.

The motel manager valued the loot at $244.75.

SAYS GOVERNOR SHOULD APPEAR IN BOARD PROBE

By BOB HOLTON

HARRISBURG (AP)—The head of a legislative committee probing the State Pardons Board said Wednesday Gov. Leader should appear before the group to clarify "issues raised in public hearings."

Rep. Edwin W. Tompkins R-Cameron) made the state as the six-member committee resumed public hearings after a two-week recess.

The Cameron County lawmaker said Atty. Gen. McBride would be allowed to call witnesses today. McBride said he would call two members of the board. Commonwealth Secretary James A. Finnegan and Lt. Gov. Furman.

"If we had the subponea power to call the governor, there is no question that he suould be called to clarify some of the issues raised at the hearings," Tompkins said in an interview.

Will Hear Leader

Just before Tompkins made his statement, the committee sent to Leader by special messenger a letter "advising" the governor that he would be "welcome" to appear before the board to make a statement.

"We are not asking the governor to come before the committee, we are merely advising him that he will be welcomed if he comes to testify," Tompkins added

McBride, who also is a member of the board, said he would advise against Leader's appearing before the committee.

"I certainly would advise against his appearing before the committee but I would have to give my reasons in a formal opinion as they have so many ramifications," McBride said.

System Is Outmoded

Asked about the progress of the investigation which began five weeks ago, Tompkins said:

"All the members agree generally that the system (Pardons board) has outmoded itself and some remedial legislative action is needed."

Tompkins admitted the committee would have to extend its April 13 deadline for completing the probe.

"We will have to ask the General Assembly to give us until May 1 to complete the investigation and make our report," he said, adding:

"We hope to have the work done by then and our recommendations ready for possible legislative action in this session on any remedial legislation we feel is needed."

ADMIT MAKING BOGUS MONEY

MINNEAPOLIS (AP)—The Secret Service said Wednesday two men arrested with a huge cache of counterfeit $20 bills have admitted making the bogus currency in a Salt Lake City printing plant.

F. E. Strout, special Secret Service agent in charge at St. Paul, said "there is reason to believe about $600,000 in counterfeit money" had been printed.

Arrested at a motel here last night were two men identified by police as Max C. Christopherson, 31, Salt Lake City, and Edward L. Montoro, 21, Los Angeles.

The pair orally admitted making the money, using materials and equipment without the knowledge of the management, Strout said. The name of the plant was not disclosed.

The bogus money was found packed into seat cushions of the car in which the men arrived here yesterday. They came under suspicion when they decided to carry the cushions into their motel. The motel operator called police.

NEHRU'S FOE IS DEFEATED

NEW DELHI (AP)—Asoka Mehta, Praja Socialist party leader and one of the outstanding figures in the opposition to Prime Minister Nehru's Congress party, has lost his seat in Parliament.

A Congress candidate in a Bombay state district defeated Mehta by 92,000 votes, according to results reported Wednesday from the national election which ended March 14.

Mehta, 45, is a veteran politican who was jailed by the British for his independence agitation. He has written many books on Indian politics and his speeches in Parliament were praised for their clarity and grasp of problems.

Election results reported so far gave the Congress party 350 of the 494 seats at stake in Parliament's lower house. The Communinists have 27, Praja Independents 24, Praja Socialists 18, Jana Sangh 4 and others 41. Thirty lower house. The Communists have 27, Praja Independents 24, Praja Socialists 18, Jana Sangh 4 and others 41. Thirty seats are still to be decided.

BIG SPARTAN SCHEDULE

EAST LANSING, Mich. (AP) — Michigan State will play a hefty 37-game baseball schedule this year, starting with a 12-game southern trip.

The Spartans will play 12 games in 13 days in Tallahassee and Winter Park, Fla., before returning north for 15 Big Ten games and 10 contests with non-conference opponents.

Men's Shoe Wardrobe Will Gain Diversity From 57's Many Lightweight Leathers

The American male has acquired a new flexibility with regard to the clothes he wears and this is nowhere more apparent than in the shoes for spring and summer 1957.

New leathers have encouraged this diversification. Leading the list is the new lightweight tropical leather, which has meant a whole new warm-weather shoe wardrobe for most men. The new leather grains, used alone and in combination with smooth leather, are another factor. Latest is the new brushed, or suede leather with the two-way nap.

Leather shoes for dress and business wear will have a luster this season in keeping with the lustered look in men's suits. Smooth calf and pebble-grained shoes will have a natural gloss which takes to a high polish. Shrunken calf will have a lustered finish. Even suede, when used alone, will be glossy, though in combination with smooth leather it may be dull-finished for contrast.

Ankle Line Varies

Another factor multiplying men's shoe styles has been the emergence of the continental look and its adaptations. First was the modification of the ankle line, until now we have the re-emergence of the six-eyelet oxford for dress-up wear, with business shoes generally settling for three or four eyelets and casuals for two. Slip-ons may be low or high, but low models have cross-over vamp strap or gores to insure fit. Welt construction with its superior shape retention and comfort features is the general rule for dress and leisure shoes.

The general appearance of the shoe will be trim and carefully designed, with tailored leather soles, fine stitching, and light well-executed perforations.

The trend toward elegance is apparent even in casual shoes and is particularly noticeable in the long Continental-type slip-on with high tongue. While the moc toe still leads among casuals, the plain toe and the medallion borrowed from the classic brogue are making their appearance.

On shoes for town, leading leather colors will be black, medium tan, teak brown, London tan, cordeau and dark maple. For dress-casual wear there will be combinations of black and gray and of light tan with darker tan or tan with brown.

Ivywood will be popular for both dress and casual wear for co-ordination with the Loden greens and the new bronze and khaki tones in suits and coats. Casual shoes will be seen most often in wheat, gray, beech, suntan, and related colors, but some reversed calf and shag leathers will sport dull red and olive hues.

SURPLICE STYLED

Graceful newcomer among cashmere sweaters is a surplice style which buttons just at the waist, with three large pearl buttons. Cross-over front closing is outlined in a wide band of self cashmere.

MINNEAPOLIS (AP) — Minneapolis Laker Coach Johnny Kundla doesn't need a schedule to tell him when a tough road trip is coming up. "My stomach tells me," Kundla explains "It never fails. I get queasy and the food doesn't taste good."

EASY CURVES, TAPERED LINE NOW APPEAR

It's a wonderful spring for suits, with many styles to choose from. Ease is the prevailing theme as the slim-line suit gives way to a softer, more fluid silhouette.

Jackets make use of rounded shoulder lines as they gently taper to waist or just-below-waist length, giving only the merest hint of fitted curves to the silhouette. To carry out the balance, skirts make use of open pegged pleating, creating the rounded hip effect with gentle tapering to reed-slimness at the bottom.

Detachable capelets, a new and important note in spring suit fashions, add to the rounded grace of the silhouette. The influence of Dior's magnet or "Dutch Boy" look, combining top and bottom symmetry, is in evidence throughout the spring line of suits.

While the pegged, pleated or "Dutch Boy" skirt is one of this spring's most important suit-skirt fashions, the eased slim line in skirts is also obtained by the side draped skirt, the tunic skirt, and the panel back skirt.

On the fuller side, all-around knife or pressed box pleats, and the bell skirt featuring open, unpressed pleats play a significant role.

The emphasis on eased skirts calls most naturally for the short and — to retain the fluid grace of the silhouette — the oh, so lightly fitted jacket.

Other jacket lengths range from waist to hip-bone length. Styles include the bloused back, belted or tied at the waist, and the box jacket, as well as the semi-fitted silhouette.

Hinted at in fall fashions and now reaching fashion's forepoint are the suit capes, three-quarter length oval capes which replace the jacket, detachable elbow length capes which complement the jacket, and hip length cocoon and full capes.

Newly lightweight, black-dyed Southwest African Persian lamb makes a cocoon-stole to wear over suits, dresses. From Zimmerman Scher, Inc.

Leather Plans Important Role In Style Scene

Softer and lighter, artfully drape tucked and pleated, leather appears prominently on the spring fashion scene.

Full length coats, short jackets and car coats are crafted in a variety of ingenious fashions from both suede and grain leathers.

Brand new this spring are smart leather capes, as well as a cape-like appearance for coats, achieved by gentle fullness falling in gathers from a yoke, slant pockets and scarf-like ties.

Soft, velvety suede and smooth capeskin and cabretta share popularity as well as versatility. Suede is no longer exclusively a country leather, nor are smooth leathers confined to the city. Both are designed for either city or country wear.

New leather shades in the beige to brown range are in the lead, and make effective tone-on-tone combinations with knit, silk and linen.

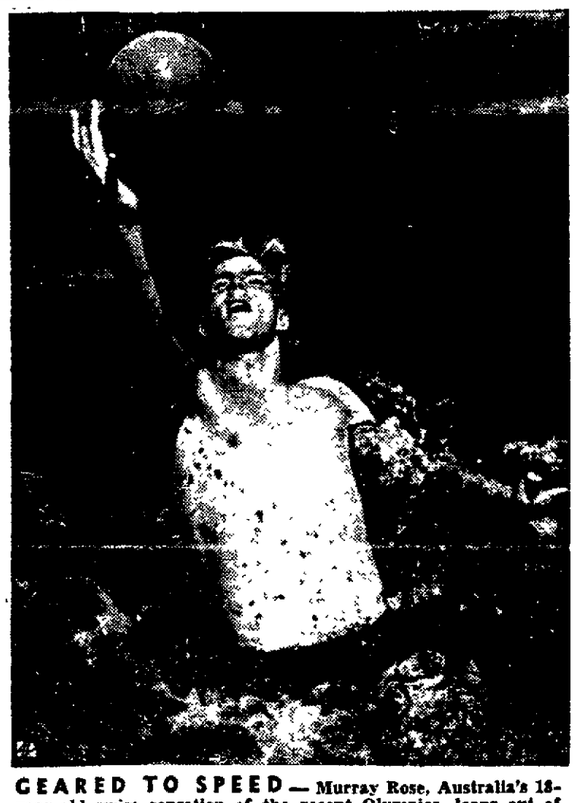

Like Bright Colors

There's interest, too, in bright colors such as hyacinth, peacock, bayberry and jasmine, in suave black and snowy white and in black leather with white leather piping.

Black and white contrasts, however, are usually achieved in large areas rather than by trim. For instance, a white cabretta jacket is lined with black tweed and has matching tweed skirt.

The "half-and-half" idea appears in leather coats, with front of smooth leather and back of suede in the same or another color.

Leather jackets fill more functions than ever. One new model, copied from the Italian motorcycle jacket, is teamed with Jamaica shorts. Others, for after-five wear, are trimmed with mink, fox or rhinestones.

GEARED TO SPEED — Murray Rose, Australia's 18-year-old swim sensation of the recent Olympics, leaps out of water like a porpoise to snare ball during a Sydney workout.

Mix together those small quantities of leftover vegetables and add to a cheese sauce; serve on toast for lunch. Top with hard-cooked sliced eggs if you like.

Remove yeast rolls and bread from pans as soon as they come from the oven and place on cooling racks.

Add a little dry mustard to the mixture of flour, salt and pepper pounded into beef round when preparing Swiss steak.

Slice frankfurters into penny-size rounds and brown lightly in a little butter in a skillet. Add beaten eggs and scramble. Nice for lunch with a cooked green vegetable or salad.

Foundations Take Shape For Spring Grace; Inspire Styles

With the basically narrow, eased silhouette in fashion prominence, new foundation garments are designed to make all the many variations of slender styles wearable and becoming to the majority of figures.

Long brassieres, high girdles and one-piece garments are the leading contenders for under-fashion honors.

The long brassieres, more often than not, fasten in front. Thus they're easy to put on, and afford the smooth back line required by many slim dresses and skirts.

The pegged skirt seen in Flemish or Dutch Boy styles, observes this back slimness and eases softly in front. Since it starts from a flat midriff and tapers narrowly over the thighs, midriff and thigh control may be indicated.

Mold The Midriff

Foundations meet the need, molding the midriff by extending two to three inches above the waist, and slimming the thighs by fitting long on the body.

Some girdles take special note of thigh control with panels of rigid fabric or doubled elastic from the fullest curve of the hip to the base of the garment.

The corselet, a new-found favorite of the slender woman and the old standby of the mature figure, is seen more often in all-elastic versions.

Starting with sheer cup sections to lift the bosom, it molds midriff, waist, hips and thighs with one unbroken sheath of light yet persuasive stretch fabric. Backs are low and straps are detachable, to suit the dress neckline as well as the dress line.

Low-back foundation garment cued to fashion has criss-cross back construction, zipper front, can be worn with or without straps. By Diana.

Low Backline

A low backline marks many of the newest foundations, for both sheath and bouffant outer fashions now frequently have low-cut backs. These low back foundations are available with or without straps, in white, black or a pastel, and in the form of bandeaus, long line brassieres, bra-letles and corselets.

Brassieres and corselets with rounded cups lift the bosom and shape it gently, for a definitive line under cocoon capes and other fashions that fit close to the figure. Lace, satin and embroidered fabric make new brassieres pretty and feminine as well as functional.

Color also figures in foundations, with pastels favored.

When you are baking halves of acorn squash, place them cut-side down in the baking pan and add a little water to the pan. About halfway through the baking period. Acorn squash halves bake in riod, turn halves so cavities are about one hour.

Small-fry favorite: peanut butter frosting for cupcakes. To prepare, blend a couple of tablespoons of butter or margarine with a quarter-cup of peanut butter. Then mix in sifted confectioners' sugar and add enough hot milk to make spreading consistency.

GENTLE LOOK, SILKEN TOUCH SEEN IN STYLES

Sportswear never looked prettier or more feminine than it does this spring. "Borrowed from the boys" styling and the "rough and ready" look have been replaced with newly lady-like fashions that feature softer silhouettes, luxurious fabrics and a lovely color palette.

Slim lines are still the most favored, but with a new look of roundness and ease. Casual dresses are no longer starkly tailored. They have a gentle look achieved through front or back fullness, draped necklines, more pleats, sashes and bows, peg top effects and tapered lines.

The big popularity of silk has done much to soften sportswear. Linens look fresh and pretty in such new patterned effects as lacy tapestry types, lattice designs and damask looks.

Pale Hues Favored

Cottons have a gentle silky look, and a lightweight cavalry twill cotton is newsworthy for white duck and sharkskin, are also making a big comeback.

Pale colors are the favorites, especially deepened pastel flower tones. Pink with a new mauve cast, grayish greens and blues, dull gold, vanilla and faint gray are all popular.

Dubonnet and wine colors look new and attractive with white, and white alone is favored for separates od doeskin, sharkskin and flannel. Hot tropical shades of yellow, orange, coral and apricot round out the color picture.

Off-beat prints add interest to separates of every variety, even to classic blazer jackets. There are India-inspired curry and black patterns, floral designs, staccato black and white combinations, racing flag prints, tweeds, stripes, blocks and soft plaids.

Like Match-Mates

Embroidery appears on everything from dresses to silk or linen Bermuda shorts. There are many pretty jewelled buttons as well as gold or brass buttons for the "all-American" look.

The peasant influence shows up mainly in blouses decorated with embroidery and braid, on shirt backs and patio skirts.

Separates favor the one-piece look, with shirtwaist effects in both tailored and soft versions. Color matching coordinates all kinds of related and unrelated fabrics.

DOGDOM'S BEST QUARTET — These Maltese, owned by Dr. Vincenzo Calvaresi of Bedford, Mass., won best team honors at the Westminster Kennel Club Show in New York City.

SPRING SHOES APPEAR WITH SHEATH LINES

The shoe sheath—newest fashion trend in women's shoes since high buttons went out of style—dominates the passing scene below the ankle this spring.

It's an artfully designed pump, closed up front and back, with tapered toes for a slender look, and it's crafted in every leather imaginable — smooth, suede, grain, patent.

Shoe colors are light neutrals such as dove gray, sandbark and nougat beiges; new pastels such as primrose yellow and bubble blue; or strong rich shades such as flight blue, orange and turquoise.

Bright Textures

Touches of white add a special freshness.

Textures show brightness, for grainy as well as smooth shoe leathers come in lustered or highly polished finishes, and suedes are short-napped with a rich gloss.

Guild patent, newly grained or familiarly smooth, is much in evidence in black or color, alone or in combination with shiny calf or kid, or colored suede.

Casual shoes and spectators have taken to leather linings in checkered, striped, swirled, floral and lace-like web designs of many colors brighter than the shoe itself.

Variety Of Toes

Toes are pointed in many different manners. Flats may have a blunted point or a point like a wide "V."

Most daytime shoes have moderately pointed toes of varying length, while late day and evening shoes come to a long, elegant, sharpened point.

Shape of the toe helps determine that of the heels, with points of varying degrees taking the sharp stiletto, the delicately rounded mid-heel or the low Louis.

Even stacked leather heels on flats are related to the elongated shape of the toe.

The classic pump silhouette is varied by such devices as tongues in petal shapes, laced "weskits," straps over the instep (lower than last year), spat effects and new low-cut designs on the toe.

ADVERTISE IN THE TIMES

Find Fashion In Maternity Garb

High style is good fashion for spring maternity wear. Newsmakers such as empire one-piece dresses and neckline focus suits with lingerie trimming characterize the season's waiting lines.

Luxury fabrics go along with this trend to up-to-the-minute styling in everything from dress-up costumes to casual separates.

The one-piece empire dress is wonderfully adapted to pretty concealment for the mother-to-be. Marked by sashes, bows or bands, the empire line draws attention upward as well as giving a youthfully sophisticated appearance.

The basic maternity suit has become more style conscious, too. Lingerie trims, such as white collars and large silk bows; chiffon draped necklines; back or front yokes and pleating are just a few of the fashion details which achieve top attention.

Back interest is developed by jeweled buckles, accenting bows and belts placed at empire height, as well as yokes and pleats.

For casual wear, shirts in stripes, solids or madras plaids feature bateau necklines or tab or mandarin collars. These combine with skinny trousers, bermuda shorts or bedal pushers, cleverly fashioned.

ON THE JOB

WHEN IT COUNTS WHERE IT COUNTS

Have short ribs cut from the end of a standing rib roast for an extra meal. Brown the ribs and then braise with a lot of sliced onions and as little water as possible.

Bake acorn squash, then scoop out the pulp and mash with salt, pepper, butter or margarine. Add sugar to taste and reheat. If there's a little leftover pineapple in the refrigerator you'll find it is delicious added to the mashed squash.

Foundations Take Shape For Spring Grace; Inspire Styles

With the basically narrow, eased silhouette in fashion prominence, new foundation garments are designed to make all the many variations of slender styles wearable and becoming to the majority of figures.

Long brassieres, high girdles and one-piece garments are the leading contenders for under-fashion honors.

The long brassieres, more often than not, fasten in front. Thus they're easy to put on, and afford the smooth back line required by many slim dresses and skirts.

The pegged skirt, seen in Flemish or Dutch Boy styles, observes this back slimness and eases softly in front. Since it starts from a flat midriff and tapers narrowly over the thighs, midriff and thigh control may be indicated.

Mold The Midriff

Foundations meet the need, molding the midriff by extending two to three inches above the waist, and slimming the thighs by fitting long on the body.

Some girdles take special note of thigh control with panels of rigid fabric or doubled elastic from the fullest curve of the hip to the base of the garment.

The corselet, a new-found favorite of the slender woman and the old standby of the mature figure, is seen more often in all-elastic versions.

Starting with sheer cup sections to lift the bosom, it molds midriff, waist, hips and thighs with one unbroken sheath of light yet persuasive stretch fabric. Backs are low and straps are detachable, to suit the dress neckline as well as the dress line.

Low-back foundation garment cued to fashion has criss-cross back construction, zipper front, can be worn with or without straps. By Diana.

Low Backline

A low backline marks many of the newest foundations, for both sheath and bouffant outer fashions now frequently have low-cut backs. These low back foundations are available with or without straps, in white, black or a pastel, and in the form of bandeaus, long line brassieres, bra-lettes and corselets.

Brassieres and corselets with rounded cups lift the bosom and shape it gently, for a definitive line under cocoon capes and other fashions that fit close to the figure. Lace, satin and embroidered fabric make new brassieres pretty and feminine as well as functional.

Color also figures in foundations, with pastels favored.

When you are baking halves of acorn squash, place them cut-side down in the baking pan and add a little water to the pan. About halfway through the baking period, turn halves so cavities are about one hour.

Small-fry favorite: peanut butter frosting for cupcakes. To prepare, blend a couple of tablespoons of butter or margarine with a quarter-cup of peanut butter. Then mix in sifted confectioners' sugar and add enough hot milk to make spreading consistency.

GENTLE LOOK, SILKEN TOUCH SEEN IN STYLES

Sportswear never looked prettier or more feminine than it does this spring. "Borrowed from the boys" styling and the "rough and ready" look have been replaced with newly lady-like fashions that feature softer silhouettes, luxurious fabrics and a lovely color palette.

Slim lines are still the most favored, but with a new look of roundness and ease. Casual dresses are no longer starkly tailored. They have a gentle look achieved through front or back fullness, draped necklines, more pleats, sashes and bows, peg top effects and tapered lines.

The big popularity of silk has done much to soften sportswear. Linens look fresh and pretty in such new patterned effects as lacy tapestry types, lattice designs and damask looks.

Pale Hues Favored

Cottons have a gentle silky look, and a lightweight cavalry twill cotton is newsworthy for white duck and sharkskin, are also making a big comeback.

Pale colors are the favorites, especially deepened pastel flower tones. Pink with a new mauve cast, grayish greens and blues, dull gold, vanilla and faint gray are all popular.

Dubonnet and wine colors look new and attractive with white, and white alone is favored for separates od doeskin, sharkskin and flannel. Hot tropical shades of yellow, orange, coral and apricot round out the color picture.

Off-beat prints add interest to separates of every variety, even to classic blazer jackets. There are India-inspired curry and black patterns, floral designs, staccato black and white combinations, racing flag prints, tweeds, stripes, blocks and soft plaids.

Like Match-Mates

Embroidery appears on everything from dresses to silk or linen Bermuda shorts. There are many pretty jewelled buttons as well as gold or brass buttons for the "all-American" look.

The peasant influence shows up mainly in blouses decorated with embroidery and braid, on shirt backs and patio skirts.

Separates favor the one-piece look, with shirtwaist effects in both tailored and soft versions. Color matching coordinates all kinds of related and unrelated fabrics.

DOGDOM'S BEST QUARTET—These Maltese, owned by Dr. Vincenzo Calvaresi of Bedford, Mass., won best team honors at the Westminster Kennel Club Show in New York City.

SPRING SHOES APPEAR WITH SHEATH LINES

The shoe sheath—newest fashion trend in women's shoes since high buttons went out of style—dominates the passing scene below the ankle this spring.

It's an artfully designed pump, closed up front and back, with tapered toes for a slender look, and it's crafted in every leather imaginable — smooth, suede, grain, patent.

Shoe colors are light neutrals such as dove gray, sandbark and nougat beiges; new pastels such as primrose yellow and bubble blue; or strong rich shades such as flight blue, orange and turquoise.

Bright Textures

Touches of white add a special freshness.

Textures show brightness, for grainy as well as smooth shoe leathers come in lustered or highly polished finishes, and suedes are short-napped with a rich gloss.

Guild patent, newly grained or familiarly smooth, is much in evidence in black or color, alone or in combination with shiny calf or kid, or colored suede.

Casual shoes and spectators have taken to leather linings in checkered, striped, swirled, floral and lace-like web designs of many colors brighter than the shoe itself.

Variety Of Toes

Toes are pointed in many different manners. Flats may have a blunted point or a point like a wide "V."

Most daytime shoes have moderately pointed toes of varying length, while late day and evening shoes come to a long, elegant, sharpened point.

Shape of the toe helps determine that of the heels, with points of varying degrees taking the sharp stiletto, the delicately rounded mid-heel or the low Louis.

Even stacked leather heels on flats are related to the elongated shape of the toe.

The classic pump silhouette is varied by such devices as tongues in petal shapes, laced "weskits," straps over the instep (lower than last year), spat effects and new low-cut designs on the toe.

Purple Hard To Wear? Not If Your Make-Up Choice Is Right

"But I can't wear purple!" may well be the regretful wail of many a woman surveying this season's fashions in enticing purple hues.

"Yes, you can!" is the answer from make-up experts. Hard-to-wear colors are becoming colors with the help of the right cosmetics.

Both purple and black, for instance, have a reputation for draining the complexion. This "pallid look" can be overcome by careful choice of cosmetics and a complete and conscientious make-up job.

Powder base and powder should be chosen in a sister-shade to the skin, but a half tone lighter.

Cosmetics Do Wonders

Eye cosmetics, discreetly applied, do wonders to perk up the complexion. Suggestion here is to choose mascara in a shade to blend with the color of the eyes, and eye shadow in the same shade or a costume-coordinated color — such as lavender, orchid, blue-green or blue to wear with purple-hued outfits.

Eye pencil should be several shades darker than the hair.

Complexion — flattering lipstick and rouge colors are important. Pure reds are usually a safe and becoming choice to wear with black and other neutrals, while pink and blue-red hues are harmonious with the purple family and many pastels.

Flower fragrances to go with flower hues give a well-groomed feeling that helps make any costume color easy to wear.

SLEEVES GO SOFT

Sleeves have "gone soft" this spring in keeping with the generally softer dress silhouette of the season. One favored treatment is the bloused or balloon effect, achieved through lantern shapes with fullness starting directly at the shoulder line.

PONTIAC, Mich. (AP) — The 79 men in Pontiac Amvets Post 12 are saying "Yessir" to their new commander — a woman.

She is Miss Jacolyn Smith, 48, who said: "I didn't want to take the job at first because I was afraid I'd embarrass the men. But they kept asking me."

Miss Smith served in the Navy in World War II.

Lady in lavender knows careful make-up, bouffant hair-do make her costume color most becoming. Fragrance, Yardley's English Lavender.

REAL ESTATE TAXES MAY BE RAISED SOON

HARRISBURG (AP) — The ceiling on real estate taxes in many school districts would be lifted—and in some cases virtually doubled—under legislation in the Senate today.

Sens. Paul L. Wagner (R-Schuylkill) and Edward J. Kessler (R-Lancaster) sponsored a plan to allow school districts to impose real estate taxes on the basis of 70 per cent of the market value of the property.

Real estate assessments currently range from 20 per cent to about 55 per cent. The average runs about 30 per cent.

Another measure would authorize creation of a non-profit authority which would lend money to students seeking a higher education.

No state funds would be involved under the measure sponsored by Sen. Martin Silvert (D-Phila).

Other Measures

A measure sponsored by Sen. George B. Stevenson (R-Clinton) is designed to standardize housing codes in all cities, boroughs and townships in the commonwealth.

Counties also would be given authorization to establish a housing code.

Other new Senate bills would:

Authorize construction of a replica of "Ole Bull's Castle" on its original site in Susquehanna State Forest—Berger (R-Potter).

Prohibit parking authorities from engaging directly in the sale of gasoline, oil and other auto accessories — Dent (D-Westmoreland), Stevenson.

Prohibit awarding state contracts to persons owing state taxes—Stiefel.

List as integral parts of the school system any kindergartens operating for five or more years—Kopriver and Schmidt (R-Allegheny).

Lengths Are News In Daytime Gloves

Longer lengths for daytime wear come to the fore in new gloves, although the classic shortie continues important. The longer gloves are liked to accent slim lines and to wear with capes or bracelet length sleeves.

Included are gloves which reach midway between wrist and elbow, 8-button elbow lengths and 12-button above-elbow styles, the latter often daintily shirred, jeweled or embroidered.

Newsmaking, too, is the wide range of color in washable Launder-Leather gloves. These gloves, in washable kidskin, pigskin or suede, display variations on every color of the rainbow, plus neutral hues.

HANDBAGS IN SIMPLE SHAPES

Handbags are perfect costume coordinates this season. They're flat, for becoming wear with full capes and cape-like fashions, and soft in look, for harmony with softly pleated, tucked or draped costumes.

Shapes are simple, with the elongated square or elongated rectangle predominating.

Trim is planned to emphasize the shape. This means a simple frame in gold, silver or leather, and a simple closing. Small tabs, bands or insets of contrasting leather texture and trapunto work are also in order.

The range of leather textures for daytime handbags is wider than ever. There are deep-grained broadtail (especially new in spring colors), soft-grained or pebbly calf, fine fibered and petal-smooth calf with a high sheen and, for casual wear, an extra-plushy reverse calf.

Pale beiges and grays are leading colors.

ITCHY PROBLEM

SACRAMENTO, Calif., (AP) — The California Public Health Department is out to solve an itchy problem.

It requested funds in its 1957-58 budget for research on combatting poison oak outbreaks among men who fight forest fires.

OF CLOTHES AND CLUES

AMITE, La. (AP) — Lorenzo Powers lost his trousers and that led to a 15-year prison term. The trousers, abandoned in a looted grocery store, provided the clue which enabled police to identify and arrest Powers after tracing him to Memphis, Tenn.

FASHION'S LOOK IS "ELEGANCE"

The look of fashion this spring is one of gentle, feminine elegance, and the new spring fabrics are very much in keeping with this trend. Silk is the overwhelming favorite — in all its many variations, in blends and as a strong influence on the textures, colors and prints of other fabrics.

Blends are more popular than ever, with silk-and-cotton leading the field. Synthetics have arrived in a big way to add to the general aura of quality.

Newsiest silks of all are the sheers, especially chiffon.

Going along with the success of sheers is the popularity of supple, lightweight, airy fabrics. Chiffon-weight woolens, tissue tweeds and fine worsteds are all favorites. Especially interesting is the revival of open-weave etamine tweeds and fine meshes.

Another group of fabrics with a delicate air are the many woven novelties of Dacron-and-cotton.

Fabrics for coats achieve a new height of luxury in white cashmere and camel's hair. Richness is also achieved by blends of wool with angora or with such furs as opossum. Pastel coatings of burlap, strawmat and boucle are other favorites.

Keep Record Of Frosh With Cars

STATE COLLEGE, Miss. (AP) — "Does owning an automobile hurt a freshman's grades?"

Parents and educators have pondered that one for years without ever coming up with a definite answer but now Mississippi's state-operated colleges are trying to find out for sure.

Each institution is keeping a record of grades made by car-owning frosh and their pedestrian classmates. Taking into account the IQ of each individual and other factors, a four-man board will evaluate the findings and give an answer to the question.

York Springs

REDEDICATION AT LUTHERAN CHURCH SUNDAY

Rededication services will be held in the York Springs Lutheran Church Sunday morning at 11 o'clock as announced by the pastor, Rev. Norman L. Bortner. The speaker for the service will be the Rev. Dr. Martin Tozer, superintendent of home missions and rural church work of the Central Pennsylvania Synod of the United Lutheran Church in America.

The dedicatory services are being held for the recently-repainted church sanctuary, the repaired and releaded stained art glass windows and the new outside bulletin board. These services mark the climax to a program of redecorations and general improvements to the church property during the last five years amounting to about $16,500.

Services were held at the York Springs Methodist Church on Wednesday at 7:30 p.m.

A musical program will be held at the Chestnut Grove Lutheran Church Sunday at 7:30 p.m. sponsored by the Companions' Sunday School class. The program, to be presented by talent from neighboring churches, follows: Prelude, Mrs. Melvin Byers; song by congregation; Scripture, Mrs. Clair Murphy; song by choir, "He Leadeth My Soul"; prayer, Rev. Norman Bortner; flute and cello duet, Susan and Dick Wolf; vocal solo, Ann Millard; mixed quartet, Ground Oak Church; vocal selections, choir; vocal solo, Mrs. Dale Brandt of Harmony Bethel Church; piano duet, Filey's Church; vocal trio, Albert Trio of Harmony Bethel Church; vocal solo, Gilpin Cook of the Franklin Church; saxophone solo, Judy Ecker; vocal solo, Sally Worley of the York Springs Lutheran Church; piano solo, Nancy Wolf; offering, selection by the choir; song by congregation and benediction.

Rainy Day Wear Is Bright, Fashionable

It's easy to look fashionable in spring showers this year, with practically every fabric from silk to worsted jersey getting the water-proof treatment. Colors for raincoats look new and fresh, too, especially in pretty pastel tones.

The very popular full-length cape styles are a natural for rainwear, and many have hoods for extra fashion plus extra protection.

Another favorite new style, which looks just as good when the sun is shining, is a deep-pocketed town coat variation of the Chesterfield silhouette.

COUNTY HEALTH DISTRICTS ARE URGED BY 1962

HARRISBURG (AP) — Gov. Leader's Commission on Government Reorganization has recommended that county health districts be established by 1962 in all counties of more than 60,000 population.

Under the proposal one of five affecting the State Health Department, counties of less than 60,000 population would be allowed to create either single or multi-county units.

"Cities of 80,000 population or over should have the option of being included within the jurisidction of the pertinent county health department, or establishing a separate health department under the same standards that are applicable to a county health department," the commission reported.

Need Voters Approval

Under present laws counties have the right to set up a county health department if the voters approve such action in a referendum.

Another commission proposal called for legislation to provide "an integrated school health program." The program would be administered by the Health Department, but teaching aspects would be under the public instruction department.

Other proposals would:

Assign to the Health Department responsibility for protection of food processing and the enforcement of laws concerning ingredients.

Set up a program of industrial hygiene in the Health Department to prevent occupational diseases.

Transfer from the Health Department to the state police responsibility for enforcing narcotic laws, except in Philadelphia and Pittsburgh.

PROGRESSIVE HOOPSTER

LINCOLN, Neb. (AP) — As a freshman at Nebraska Wesleyan University, Glen Reed of Waverly, Neb., scored only 10 points during the entire basketball season.

He's made up for it since. He wound up his collegiate career with total of 1,010 points, 375 scored in his last season.

SQUIRRELS LOVE COTTON

TALOGA, Okla. (AP) — Cotton growers in this area have encountered a new pest — squirrels.

The animals have discovered that the foliage on the cotton stalks in choice eating and are stripping the stalks almost bare.

SEMPER PARATUS

EAST LANSING, Mich. (AP) — Michigan State's genial football coach, Duffy Daugherty, likes to be ready for any eventuality.

He tells banquet audiences: "I don't hate anybody.

"But I have a list prepared just in case I ever change my mind."

WRONG ROAD

MAGNOLIA, Ark. (AP) — An automobile and a freight train collided head-on here.

The car driver suffered only scratches and bruises.

Costume Comes Into Its Own As Important Spring Fashion

The costume has really come into its own as a top fashion this spring, and costumes with capes are the newest and most important of all. Short jackets of all types and full-length coats, often with short sleeves or sleeveless, offer other popular variations of the ensemble look.

Capes for costumes range from the very brief to seven-eighths, three-quarter and full lengths. Of special interest are the cocoon shapes, narrower at the bottom than the top.

One of the most popular costumes is that of the semi-fitted jacket that just hits the top of the hipbone over a pegged-skirt dress. Another is the Eton or bolero jacket over a dress with printed bodice and cummerbund. The "complete look" through coordination of fabrics is highly favored

Semi-Fitted Jackets

In general, semi-fitted, short dresses are the rule. Blouson jackets of all types are big favorites. Popular back treatments include cape backs and mock boleros. An interesting variation is the "capelero," a cross between the cape and the bolero. Other boxy jackets come just down to the waistline or flare out above it.

Many of the companion dresses feature empire bodices of silk or chiffon in colors or prints to match the linings of capes or jackets worn over them. This idea also extends to woolen coats lined in chiffon to match companion chiffon dresses. Another favorite combination is pastel chiffon shirtwaist dresses under coats of matching pastel tweed.

The influence of capes is seen in ensembles with jackets that look like capes, little capelets or cape-back jackets and cocoon-like wrap coats. Capes add a costume look to suits and companion skirts and blouses, as well as dresses. Bloused-back boleros and seven-eighth tunics are further interesting new version o the costume.

Belts Add Drama To Spring Outfits

Narrow belts in unusual shapes and wider ones with decorative accents add drama to spring outfits.

In the first category are belts with scalloped edges and belts dipping from high in front to low in back. Others are interwoven bands of leather.

Girdle-like belts in suede or kid, for evening, are often draped, tucked or pleated, and usually have giant jeweled buckles.

Influence Of Cape Seen In Spring Coats

Whatever the color or fabric, and whether the style be slim, or full, coats generally are cut on easier lines, for more wearability over spring's newly rounded dresses and suits.

Most importantly, this is a season when a coat is often a cape — or at least, cape-conscious in design. The full, full coat comes into its own, either as a real cape, sleeveless and with armhole slits in its graceful folds, or as a pyramid shape with cape sleeves or back.

The real cape appears in straight-flowing or cocoon designs, in topper to full lengths.

Slim coats, too, show the pretty and prevalent influence of the cape. Wrap or clutch styles look relaxed but regal with cape-effect dropped shoulder lines or cape-like dolman sleeves and full backs.

Betwixt-and-between coats, neither slim nor full, get new impetus from the cape. These coats have flat, slim fronts, often with little neckline ties, and cape fullness in the back.

Then of course there's the cape collar, topping a full coat or lending width to many an otherwise slender silhouette. Conversely, full-flaring capes sometimes have only the daintiest and tiniest of collars.

Continuing in the news is the coat with high-placed detail, front or back. Generally, the back of the coat gets the softening detail, while the front stays slender.

Noted For Daring

Blousing, panels, martingales, pleats, yokes and V seams all help to provide back interest and ease.

Coat fabrics and colors are notable for the way they combine a demure look with a dash of daring — for instance, lacy tweeds, pale pastel in hue but boldly plaid in pattern.

Distinguished simplicity marks this light, bright spring suit with round collar, bracelet sleeves, interesting hip detail and slim lines throughout. By Handmacher in an Integrity fabric of Avisco rayon with acetate.

Delicate To Elegant Is Range Of Jewelry For Spring Season

Jewelry displays two distinct spring looks, one light and delicate, the other bulky and elegant in the Edwardian manner.

Pastel colors are an important part of the delicate look. Mauve tints are popular, along with such flower shades as soft blue, pink, yellow and green.

Spring flowers inspire many new jewelry designs as well as colors, even to the use of more green foliage effects.

Also contributing to the delicate look are the increased use of crystals, frosty shimmering beads in iridescent tones, jet iris and aurora stones. White and gold combinations contin[illegible] popularity.

Rope neckla[illegible] enjoying a revival and [illegible] especially new in crystals of varying sizes and combinations of clear and pastels.

Among the leading bulky and elegant styles are enamel bracelets shaped like wide cuffs, gold Edwardian-type chain bracelets and neckwear with pendant balls of flowers, chunky stones set in burnished gold and bead necklaces with center pendants and gold filigree.

SAYS GOVERNOR SHOULD APPEAR IN BOARD PROBE

By BOB HOLTON

HARRISBURG (AP)—The head of a legislative committee probing the State Pardons Board said Wednesday Gov. Leader should appear before the group to clarify "issues raised in public hearings."

Rep. Edwin W. Tompkins R-Cameron) made the state as the six-member committee resumed public hearings after a two-week recess.

The Cameron County lawmaker said Atty. Gen. McBride would be allowed to call witnesses today. McBride said he would call two members of the board. Commonwealth Secretary James A. Finnegan and Lt. Gov. Furman.

"If we had the subpoena power to call the governor, there is no question that he suould be called to clarify some of the issues raised at the hearings," Tompkins said in an interview.

Will Hear Leader

Just before Tompkins made his statement, the committee sent to Leader by special messenger a letter "advising" the governor that he would be "welcome" to appear before the board to make a statement.

"We are not asking the governor to come before the committee, we are merely advising him that he will be welcomed if he comes to testify." Tompkins added

McBride, who also is a member of the board, said he would advise against Leader's appearing before the committee.

"I certainly would advise against his appearing before the committee but I would have to give my reasons in a formal opinion as they have so many ramifications," McBride said.

System Is Outmoded

Asked about the progress of the investigation which began five weeks ago, Tompkins said:

"All the members agree generally that the system (Pardons board) has outmoded itself and some remedial legislative action is needed."

Tompkins admitted the committee would have to extend its April 13 deadline for completing the probe.

"We will have to ask the General Assembly to give us until May 1 to complete the investigation and make our report," he said, adding:

"We hope to have the work done by then and our recommendations ready for possible legislative action in this session on any remedial legislation we feel is needed."

ADMIT MAKING BOGUS MONEY

MINNEAPOLIS (AP)—The Secret Service said Wednesday two men arrested with a huge cache of counterfeit $20 bills have admitted making the bogus currency in a Salt Lake City printing plant.

F. E. Strout, special Secret Service agent in charge at St. Paul, said "there is reason to believe about $600,000 in counterfeit money" had been printed.

Arrested at a motel here last night were two men identified by police as Max C. Christopherson, 31, Salt Lake City, and Edward L. Montoro, 21, Los Angeles.

The pair orally admitted making the money, using materials and equipment without the knowledge of the management, Strout said. The name of the plant was not disclosed.

The bogus money was found packed into seat cushions of the car in which the men arrived here yesterday. They came under suspicion when they decided to carry the cushions into their motel. The motel operator called police.

NEHRU'S FOE IS DEFEATED

NEW DELHI (AP)—Asoka Mehta, Praja Socialist party leader and one of the outstanding figures in the opposition to Prime Minister Nehru's Congress party, has lost his seat in Parliament.

A Congress candidate in a Bombay state district defeated Mehta by 92,000 votes, according to results reported Wednesday from the national election which ended March 14.

Mehta, 45, is a veteran politican who was jailed by the British for his independence agitation. He has written many books on Indian politics and his speeches in Parliament were praised for their clarity and grasp of problems.

Election results reported so far gave the Congress party 350 of the 494 seats at stake in Parliament's lower house. The Communinists have 27, Praja Independents 24, Praja Socialists 18, Jana Sangh 4 and others 41. Thirty lower house. The Communists have 27, Praja Independents 24, Praja Socialists 18, Jana Sangh 4 and others 41. Thirty seats are still to be decided.

BIG SPARTAN SCHEDULE

EAST LANSING, Mich. (AP) — Michigan State will play a hefty 37-game baseball schedule this year, starting with a 12-game southern trip.

The Spartans will play 12 games in 13 days in Tallahassee and Winter Park, Fla., before returning north for 15 Big Ten games and 10 contests with non-conference opponents.

President Tells Reporters He Is Feeling Better But Would Like To Get More Sun

WASHINGTON (AP) — When the President was asked at his press conference Wednesday how he is feeling he smiled and replied that he is feeling better but certainly would like to get a little more sun.

He remarked that during the six days of his cruise there were only 2½ days of sun, though the ship ranged far south hunting good weather.

Asked about the stubborn cough which has been bothering him about two months, Eisenhower said it is better.

Eisenhower still showed a good deal of a tan he acquired on the cruise.

At the start of the conference he appeared a bit listless, but his voice took on more vigor as he got into his discussion of the budget.

His eyes appeared a trifle bloodshot, but the Eisenhower smile was there a good part of the time.

The conference ranged over these other subjects:

Will Help Engiand

BERMUDA — Eisenhower replied no, not at all, when asked whether the Bermuda agreement to furnish guided missiles to Britain would result in any increase in U.S. production of atomic weapons. He went on to say Britain already is producing certain fission weapons, and that the Bermuda agreement means this country will help out in ways it can.

As for when Britain may expect delivery o such guided missiles as the 1,500 mile intermediate ballistic type, Eisenhower said he could provide no estimate.

He added that the agreement on that matter was an agreement in principle.

There have been reports the intermediate missile may not be available for delivery for possibly five years.

Red Threats Indefensible

RUSSIA — Threats by the Soviet Union against Norway, Eisenhower said, are completely indefensible. He was referring to Russia's warning to Norway against allowing the North Atlantic Treaty Organization to set up atomic bases on Norwegian soil. A new Russian note suggested fearful blows against Norway in event of war.

Norway, Eisenhower said, has a right to take any proper step in her own defense.

FIFTH AMENDMENT — With the Dave Beck case in the headlines, Eisenhower said there is no doubt that in some instance the Fifth Amendment is an absolute safeguard to the rights of Americans or it wouldn't have been written into the Constitution.

Eisenhower said, however, that he does share the common belief that a man who invokes the Fifth Amendment does so because he has something he does not want to tell.

No Golf Service

HELICOPTERS — The Eisenhower temper flared momentarily when a reporter asked whether he would be willing to do without a pair of helicopters which have been ordered for the President's use. The newsman spoke of the helicopters as intended to provide transportation for Eisenhower between the White House and a golf course in nearby Maryland. The matter came up in discussion of possible government economies.

Bristling, Eisenhower shot back that no helicopters have been procured for him to go to the golf course. And that's all, he snapped.

The White House has said the helicopters will be used to transport the President between the White House and National Airport here.

Complete Study

James C. Hagerty, presidential press secretary, said recently, however, he was not ruling out the possibility the helicopters might be used some time in the future for transportation to the golf courses. Hagerty added there were no present plans for that.

PRESIDENTIAL DISABILITY —Eisenhower announced at the outset of the news conference that the administration has completed a study of how to meet the situation in cases of presidential disability. Eisenhower did not mention his 1955 heart attack or his intestinal illness of last June, but the study was prompted by those illnesses.

Eisenhower said he will send the study to Congress very soon, after he had conferences on the matter with the congressional leaders of both parties.

Requires Amendment

Pending that, he declined to provide any detail regarding the study. He did say he feels the situation requires amendment of the Constitution to clear up such current uncertainties as the role of the vice president in such cases.

MIDDLE EAST — Asked for comment on reports that Saudi Arabia has moved troops to the Gulf of Aqaba, Eisenhower said he doubts any such movement has great significance regarding the use of the gulf as an international waterway. He added that area has a long history of disorder and riots.

Tribute To Magsaysay

POWER BALANCE — Eisenhower was asked how use of such missiles as Britain eventually will receive from the United States will affect the balance of power between East and West. He replied he did not want to discuss the relative strength of the two camps, but he added that each of the countries concerned has a right to the kind of things it can get to defend itself.

MAGSAYSAY—Noting he was out of the country when President Magsaysay of the Philippines was killed in a plane crash, Eisenhower said he wanted to pay his tribute to a very gallant man and a great friend of democracy.

Account For Union Funds

UNION DUES—Eisenhower said it seems entirely proper to him that some method should be devised to give labor union members an accounting of how their money is used. That was in reply to a question as to whether there is a need for congressional action to require such accounting.

The question was asked against the background of the Senate committee inquiry into alleged labor union rackets and isuse of union funds.

TAX CUTS—Eisenhower said no one would like to see a tax cut more than he would—and that he is sure the American people want their taxes reduced.

Human Requirements

But without every saying how he feels about the prospects for such a cut, Eisenhower again launched into a discussion of how difficult it is to reduce government spending without sacrificing what he regards as essential programs. He specifically mentioned programs dealing with security and what he called human requirements, such as veterans benefits and school construction.

NATURAL GAS — Eisenhower said the problem there is to protect consumers against any unwarranted price increase while at the same time meeting a need to encourage development of new gas resources. The President spoke out against the federal government's intervening in the states to regulate prices at the well.

POLITICS—A reporter recalled that Eisenhower recently said he would back Leonard W. Hall, former chairman of the Republican National Committee, for governor of New York if Hall should win the party nomination next year.

The newsman then noted that Harold E. Stassen, Eisenhower's disarmament aide, reportedly is planning to bid for the GOP nomination for the governorship of Pennsylvania. Asked whether he would back Stassen as well as Hall, provided Stassen wins the nomination, Eisenhower laughed and said his remarks in behalf of Hall were made at a party. He added he guessed he had made an unwise remark if he now is going to be drawn into the gubernatorial situation in each state.

Eisenhower was told a Republican has a good chance to win the special senatorial election in Texas next Tuesday. Eisenhower smiled again and said every Southern state would be benefited by a two party system.

He added, to a round of laughter, that there ought to be an occasional Republican victory in the South.

Eisenhower also got a laugh in prefacing his remarks with the statement he hoped his questioner's reference to a possible Republic victory in Texas had been uttered with some enthusiasm.

"DO NOT COMPLAIN"

However rough the road may be . . . there is no use to grumble . . . complaining is a prelude to . . . a more perplexing tumble . . . the ones who whine so, seldom win . . . but more than often lose . . . because it is a rugged path . . . chronic complainers choose . . . if folks would only take the time . . . to think their problems out . . . I am quite sure that they would find . . . there's little use to shout . . . most of the things they worry over . . . never come to be . . . yes, even those who rant and rave . . . with this fact will agree . . . complaining leads to jangled nerves . . . ofttimes to broken health . . . too great a payment for success . . . or any kind of wealth . . . so when the skies above are gray . . . and life seems filled with rain . . . look up, for soon the sun will shine . . . have faith, do not complain.

HERE AND THERE

Twenty - four reporters and photographers made the Bahamas cruise with President Eisenhower according to an article in the current edition of Editor and Publisher by Merriman Smith, White House correspondent. (Most of them have covered the President's visits to Gettysburg and are well known here.)

They were divided between escorting destroyers USS William M. Wood and USS Barton. They maintained frequent contact with Presidential activities aboard the guided missile cruiser Canberra by frequent ship to ship radio news conferences with James C. Hagerty on the Canberra.

The Navy could not have been more cooperative in attempting to provide the best possible communications facilities and make life pleasant aboard ship.

* * *

Reporters for four press associations, six newspapers and three news magazines traveled aboard the Wood. They included Merriman Smith, United Press; Marvin Arrowsmith, Associated Press; Robert E. Clark, INS; Ralph Harris, Reuters; Garnett D. Horner, Washington Star; William H. Lawrence, New York Times; Robert Donovan, New York Herald Tribune; Francis Stephenson, New York Daily News; Laurence H. Burd, Chicago Tribune; James Truitt, Time and Life; Charles Roberts, Newsweek, and Jack Sutherland, U.S. News and World Report.

* * *

Aboard the Barton were John Edwards, ABC; George Herman, CBS; Ray Scherer, NBC; Charles Gory, AP photographer; Milton Frierer, UP Photos; Al Muto, INP; Hank Walker, Life and Time, magazine pool photographer; Tom Craven Jr., CBS-TV cameraman; Tom Craven Sr., U.P. Movietone cameraman; Leroy Anderson, NBC-TV cameraman; Murray Alvey, Telenews; and John Sandstone, pool man for 35 mm reels and representing MGM News of the Day.

Officers of both destroyers doubled up to make room for press and picture contingents, with skippers of both ships giving up their own quarters which were converted into pressrooms.

* * *

The entire group was invited aboard the Canberra for church services a week ago Sunday and had an opportunity to chat with Mr. Eisenhower, and photograph him at will from atop an eight-inch gun turret as he worshipped. Mr. Eisenhower usually is not photographed at church

Communications between the destroyers and Washington, while the Presidential flotilla was laying to in Exuma Sound in the Bahamas Islands, were largely by radio teletype to the main Navy communications center in Washington, where copy was transferred to commercial facilities. Photographers were able to dispatch pictures back aboard a seaplane carrying Brig. to the mainland late Sunday Gen. Andrew J. Goodpaster, White House secretary, to Washington after a shipboard conference with the President.

* * *

The destroyers were permitted to move up close to the Canberra Monday when she fired her terrier guided missiles to knock down a drone plane. This enabled photographers to get good pictures of a missile launching, but the cameramen were somewhat frustrated about not being able to get rid of the missile pictures until arrival at Bermuda Wednesday.

When the President made his one fishing excursion from the cruiser, however, reporters and photographers were not invited along. They were out on their own in small craft from the destroyers and were able to see the President but not photograph him.

* * *

When the destroyers were refueled by the Canberra while underway, Hagerty held one of journalism's most unustial press conferences, howling through electric bullhorn from the deck of the Canberra to answer questions ut to him by megaphone from the destroyers.

* * *

Consensus among reporters and photographers after six days at sea was that the President should make more trips by sea.

Purple Hard To Wear? Not If Your Make-Up Choice Is Right

"But I can't wear purple!" may well be the regretful wail of many a woman surveying this season's fashions in enticing purple hues. "Yes, you can!" is the answer from make-up experts. Hard-to-wear colors are becoming colors with the help of the right cosmetics.

Both purple and black, for instance, have a reputation for draining the complexion. This "pallid look" can be overcome by careful choice of cosmetics and a complete and conscientious make-up job.

Powder base and powder should be chosen in a sister-shade to the skin, but a half tone lighter.

Cosmetics Do Wonders

Eye cosmetics, discreetly applied, do wonders to perk up the complexion. Suggestion here is to choose mascara in a shade to blend with the color of the eyes, and eye shadow in the same shade or a costume-coordinated color — such as lavender, orchid, blue-green or blue to wear with purple-hued outfits.

Eye pencil should be several shades darker than the hair. Complexion — flattering lipstick and rouge colors are important. Pure reds are usually a safe and becoming choice to wear with black and other neutrals, while pink and blue-red hues are harmonious with the purple family and many pastels.

Flower fragrances to go with flower hues give a well-groomed feeling that helps make any costume color easy to wear.

SLEEVES GO SOFT

Sleeves have "gone soft" this spring in keeping with the generally softer dress silhouette of the season. One favored treatment is the bloused or balloon effect, achieved through lantern shapes with fullness starting directly at the shoulder line.

PONTIAC, Mich. (AP) — The 79 men in Pontiac Amvets Post 12 are saying "Yessir" to their new commander — a woman.

She is Miss Jacolyn Smith, 48, who said: "I didn't want to take the job at first because I was afraid I'd embarrass the men. But they kept asking me."

Miss Smith served in the Navy in World War II.

Lady in lavender knows careful make-up, bouffant hair-do make her costume color most becoming. Fragrance, Yardley's English Lavender.

REAL ESTATE TAXES MAY BE RAISED SOON

HARRISBURG (AP) — The ceiling on real estate taxes in many school districts would be lifted—and in some cases virtually doubled—under legislation in the Senate today.

Sens. Paul L. Wagner (R-Schuylkill) and Edward J. Kessler (R-Lancaster) sponsored a plan to allow school districts to impose real estate taxes on the basis of 70 per cent of the market value of the property.

Real estate assessments currently range from 20 per cent to about 55 per cent. The average runs about 30 per cent.

Another measure would authorize creation of a non-profit authority which would lend money to students seeking a higher education.

No state funds would be involved under the measure sponsored by Sen. Martin Silvert (D-Phila).

Other Measures

A measure sponsored by Sen. George B. Stevenson (R-Clinton) is designed to standardize housing codes in all cities, boroughs and townships in the commonwealth.

Counties also would be given authorization to establish a housing code.

Other new Senate bills would:

Authorize construction of a replica of "Ole Bull's Castle" on its original site in Susquehanna State Forest—Berger (R-Potter).

Prohibit parking authorities from engaging directly in the sale of gasoline, oil and other auto accessories — Dent (D-Westmoreland), Stevenson.

Prohibit awarding state contracts to persons owing state taxes—Stiefel.

List as integral parts of the school system any kindergartens operating for five or more years—Kopriver and Schmidt (R-Allegheny).

Lengths Are News In Daytime Gloves

Longer lengths for daytime wear come to the fore in new gloves, although the classic shortie continues important. The longer gloves are liked to accent slim lines and to wear with capes or bracelet length sleeves.

Included are gloves which reach midway between wrist and elbow, 8-button elbow lengths and 12-button above-elbow styles, the latter often daintily shirred, jeweled or embroidered.

Newsmaking, too, is the wide range of color in washable Launder-Leather gloves. These gloves, in washable kidskin, pigskin or suede, display variations on every color of the rainbow, plus neutral hues.

HANDBAGS IN SIMPLE SHAPES

Handbags are perfect costume coordinates this season. They're flat, for becoming wear with full capes and cape-like fashions, and soft in look, for harmony with softly pleated, tucked or draped costumes.

Shapes are simple, with the elongated square or elongated rectangle predominating.

Trim is planned to emphasize the shape. This means a simple frame in gold, silver or leather, and a simple closing. Small tabs, bands or insets of contrasting leather texture and trapunto work are also in order.

The range of leather textures for daytime handbags is wider than ever. There are deep-grained broadtail (especially new in spring colors), soft-grained or pebbly calf, fine fibered and petal-smooth calf with a high sheen and, for casual wear, an extra-plushy reverse calf.

Pale beiges and grays are leading colors.

ITCHY PROBLEM

SACRAMENTO, Calif., (AP) — The California Public Health Department is out to solve an itchy problem.

It requested funds in its 1957-58 budget for research on combatting poison oak outbreaks among men who fight forest fires.

OF CLOTHES AND CLUES

AMITE, La. (AP) — Lorenzo Powers lost his trousers and that led to a 15-year prison term. The trousers, abandoned in a looted grocery store, provided the clue which enabled police to identify and arrest Powers after tracing him to Memphis, Tenn.

FASHION'S LOOK IS "ELEGANCE"

The look of fashion this spring is one of gentle, feminine elegance, and the new spring fabrics are very much in keeping with this trend. Silk is the overwhelming favorite — in all its many variations, in blends and as a strong influence on the textures, colors and prints of other fabrics.

Blends are more popular than ever, with silk-and-cotton leading the field. Synthetics have arrived in a big way to add to the general aura of quality.

Newsiest silks of all are the sheers, especially chiffon.

Going along with the success of sheers is the popularity of supple, lightweight, airy fabrics. Chiffon-weight woolens, tissue tweeds and fine worsteds are all favorites. Especially interesting is the revival of open-weave etamine tweeds and fine meshes.

Another group of fabrics with a delicate air are the many woven novelties of Dacron-and-cotton.

Fabrics for coats achieve a new height of luxury in white cashmere and camel's hair. Richness is also achieved by blends of wool with angora or with such furs as opossum. Pastel coatings of burlap, strawmat and boucle are other favorites.

Keep Record Of Frosh With Cars

STATE COLLEGE, Miss. (AP) — "Does owning an automobile hurt a freshman's grades?"

Parents and educators have pondered that one for years without ever coming up with a definite answer but now Mississippi's state-operated colleges are trying to find out for sure.

Each institution is keeping a record of grades made by car-owning frosh and their pedestrian classmates. Taking into account the IQ of each individual and other factors, a four-man board will evaluate the findings and give an answer to the question.

York Springs

REDEDICATION AT LUTHERAN CHURCH SUNDAY

Rededication services will be held in the York Springs Lutheran Church Sunday morning at 11 o'clock as announced by the pastor, Rev. Norman L. Bortner. The speaker for the service will be the Rev. Dr. Martin Tozer, superintendent of home missions and rural church work of the Central Pennsylvania Synod of the United Lutheran Church in America.

The dedicatory services are being held for the recently-repainted church sanctuary, the repaired and releaded stained art glass windows and the new outside bulletin board. These services mark the climax to a program of redecorations and general improvements to the church property during the last five years amounting to about $16,500.

Services were held at the York Springs Methodist Church on Wednesday at 7:30 p.m.

A musical program will be held at the Chestnut Grove Lutheran Church Sunday at 7:30 p.m. sponsored by the Companions' Sunday School class. The program, to be presented by talent from neighboring churches, follows: Prelude, Mrs. Melvin Byers; song by congregation; Scripture, Mrs. Clair Murphy; song by choir, "He Leadeth My Soul"; prayer, Rev. Norman Bortner; flute and cello duet, Susan and Dick Wolf; vocal solo, Ann Millard; mixed quartet, Ground Oak Church; vocal selections, choir; vocal solo, Mrs. Dale Brandt of Harmony Bethel Church; piano duet, Filey's Church; vocal trio, Albert Trio of Harmony Bethel Church; vocal solo, Gilpin Cook of the Franklin Church; saxophone solo, Judy Ecker; vocal solo, Sally Worley of the York Springs Lutheran Church; piano solo, Nancy Wolf; offering, selection by the choir; song by congregation and benediction.

Rainy Day Wear Is Bright, Fashionable

It's easy to look fashionable in spring showers this year with practically every fabric from silk to worsted jersey getting the waterproof treatment. Colors for raincoats look new and fresh, too, especially in pretty pastel tones.

The very popular full-length cape styles are a natural for rainwear, and many have hoods for extra fashion plus extra protection.

Another favorite new style, which looks just as good when the sun is shining, is a deep-pocketed town coat variation of the Chesterfield silhouette.

COUNTY HEALTH DISTRICTS ARE URGED BY 1962

HARRISBURG (AP) — Gov. Leader's Commission on Government Reorganization has recommended that county health districts be established by 1962 in all counties of more than 60,000 population.

Under the proposal one of five affecting the State Health Department, counties of less than 60,000 population would be allowed to create either single or multi-county units.

"Cities of 80,000 population or over should have the option of being included within the jurisdiction of the pertinent county health department, or establishing a separate health department under the same standards that are applicable to a county health department," the commission reported.

Need Voters Approval

Under present laws counties have the right to set up a county health department if the voters approve such action in a referendum.

Another commission proposal called for legislation to provide "an integrated school health program." The program would be administered by the Health Department, but teaching aspects would be under the public instruction department.

Other proposals would:

Assign to the Health Department responsibility for protection of food processing and the enforcement of laws concerning ingredients.

Set up a program of industrial hygiene in the Health Department to prevent occupational diseases.

Transfer from the Health Department to the state police responsibility for enforcing narcotic laws, except in Philadelphia and Pittsburgh.

PROGRESSIVE HOOPSTER

LINCOLN, Neb. (AP) — As a freshman at Nebraska Wesleyan University, Glen Reed of Waverly, Neb., scored only 10 points during the entire basketball season.

He's made up for it since. He wound up his collegiate career with total of 1,010 points, 375 scored in his last season.

SQUIRRELS LOVE COTTON

TALOGA, Okla. (AP) — Cotton growers in this area have encountered a new pest — squirrels.

The animals have discovered that the foliage on the cotton stalks in choice eating and are stripping the stalks almost bare.

SEMPER PARATUS

EAST LANSING, Mich. (AP) — Michigan State's genial football coach, Duffy Daugherty, likes to be ready for any eventuality.

He tells banquet audiences: "I don't hate anybody.

"But I have a list prepared just in case I ever change my mind."

WRONG ROAD

MAGNOLIA, Ark. (AP) — An automobile and a freight train collided head-on here.

The car driver suffered only scratches and bruises.

Police charged him with driving while intoxicated.

Camera News

By IRVING DESFOR

The Associated Press

With a penetrating spotlight on the hectic world of newspaper and magazine photographers, Arthur Rothstein, technical director of photography for Look magazine, makes an important contribution with his new book, "Photojournalism" (published by Amphoto, N. Y.)

This is an intelligent survey by an able craftsman in a field he knows well. While it is of particular value to photo students, it should interest all photographers, amateur and professional. It should appeal, also, to a large segment of the general reading public which has a healthy curiosity about the story behind the pictures they see published.

To start with, what is a photojournalist?

"He is an observer of people and events who reports what is happening in photographs; an interpreter of facts and occurrences who writes with a camera; a skilled communicator whose images are transmitted visually via the printed page," says Rothstein.

Can Be Learned

The mechanical ability to operate a camera is necessary but can be learned quickly by the average person. Beyond that are the mental and emotional factors, based on education and experience, which determine whether there are greater goals for a photogarpher than mere snapshots.

Here are the requirements for a photojournalist, according to Rothstein:

A broad education; a social conscience; a sense of adventure and enthusiasm; a constant interest in reading; an understanding of basic photography; an individual style; the skill to report with words as well as pictures; a knowledge of art; the ability to feel emotion yet remain objective; good health, an alert mind and body that react quickly to the unexpected.

The author delves into the history of pictorial reporting and the evolution of today's news photographer. He reports on the preparations which precede assignments, the equipment needed to carry them out and the techniques used to present them in finished form.

Booby Traps

The photographer is but one man on a team so the functions of the picture editor, the art director and the darkroom staff are examined. There are also booby traps to steer clear of, so Rothstein takes up the matter of releases, copyrights and other legal restrictions.

More than 200 news and feature photographs illustrate the book. Among them are Pulitzer prize winners and some of the memorable pictures of dramatic or historic events: the shooting of Mayor Gaynor in 1910, photographed by William Warneke; the sinking of the Vestris in 1928, taken by a crew member, Fred Hansen; the Hindenburg explosion in 1937, by Murray Becker, and the Iwo Jima flag raising by Joe Rosenthal. These last two events are illustrated not only by the outstanding photo for which they are noted, but each has two other photos which round out the story and which are rarely seen.

All photographers can gain extra aid by digesting the helpful chapter on the feature photograph and how to make it a creative image. Though it lacks the drama, excitement and pressure of spot news, a photographer has the ad- through imaginative use of lighting, composition and equipment.

Thorough Study

It requires a thorough study of the subject to select the significant aspect and to decide on the proper technique of photography that will result in a successful feature picture.

Subjects can be made to look dramatic, sunny, somber, or weird through imaginative use of lighting. Sometimes the mood need be just plain realism and is achieved by using fast films and lenses with available light. Often natural effects are created by bouncing the light from a ceiling or wall.

Pictures can be made more forceful sometimes by distortion or an accentuation of perspective by using lenses of various focal lengths. One should seek other angles besides the normal or obvious camera view.

Picture variety can be gained by a photographer's control of action. It can be frozen by high shutter speeds or electronic flash to reveal sights not normally seen by the human eye. It can also suggest motion by the skillful use of slow shutter speeds. Multiple exposures on the same negative can create the illusion of movement. Panning the camera with a moving subject also gives the impression of movement because the background is blurred while the subject is sharp.

Selective focusing can be used to add emphasis to important parts of a photo. By shooting with the lens wide open, one spot is sharp and other areas of the picture are hazy and do not compete for attention.

With the use of special films like infra-red, dramatic skies and special photographic effects can be achieved.

With knowledge, experience and a skillful use of all the tools and techniques at his command, a photographer would be more likely to justify the words of President Eisenhower which preface the book:

"The camera reporter makes a major contribution toward greater understanding among the people of all nations."

Camera News

By IRVING DESFOR

The Associated Press

With a penetrating spotlight on the hectic world of newspaper and magazine photographers, Arthur Rothstein, technical director of photography for Look magazine, makes an important contribution with his new book, "Photojournalism" (published by Amphoto, N. Y.)

This is an intelligent survey by an able craftsman in a field he knows well. While it is of particular value to photo students, it should interest all photographers, amateur and professional. It should appeal, also, to a large segment of the general reading public which has a healthy curiosity about the story behind the pictures they see published.

To start with, what is a photojournalist?

"He is an observer of people and events who reports what is happening in photographs; an interpreter of facts and occurrences who writes with a camera; a skilled communicator whose images are transmitted visually via the printed page," says Rothstein

Can Be Learned

The mechanical ability to operate a camera is necessary but can be learned quickly by the average person. Beyond that are the mental and emotional factors, based on education and experience which determine whether there are greater goals for a photogarpher than mere snapshots

Here are the requirements for a photojournalist, according to Rothstein:

A broad education; a social conscience a sense of adventure and enthusiasm; a constant interest in reading, an understanding of basic photography; an individual style; the skill to report with words as well as pictures; a knowledge of art; the ability to feel emotion yet remain objective, good health, an alert mind and body that react quickly to the unexpected.

Stamp News

By SYD KRONISH
The Associated Press

Former Olympic stars, including three from the United States, appear on a new set of eight stamps from the Dominican Republic. The multi-colored stamps honor the recent Olympic Games in Australia.

The U. S. athletes are Jesse Owens, Bob Mathias and the late Babe Didrickson Zaharias. Each performer is shown in action along with his year of triumph and the flag of his country.

The one-cent features Fanny Blankers-Koen (Netherlands — 1948); 2-cent, Jesse Owens (1936); 3-cent, Kitel Son (Japan — 1936); 5-cent, Lord Burghley (England — 1928); 7-cent, Bob Mathias (1948 and 1952); 11-cent airmail, Paavo Nurmi (Finland — 1920 and 1924); 16-cent airmail, Ugo Frigerio (Italy — 1924), and 17-cent airmail, Babe Didrickson (1932).

The United States Post Office Department has approved a new 3-cent stamp to honor the "Architects of America." This stamp will be placed on first day sale in New York City Feb. 23, 1957 to coincide with the centennial anniversary of the founding of the American Institute of Architects. The design and color will be announced soon.

Turkey has issued a set of two new stamps of identical design and value honoring its Sariyar Dam, reports the New York Stamp Co. Depicted is a view of the dam. The 20 k comes in both red and blue.

Stamps magazine reports that three new stamps were issued by East Germany to commemorate "Human Rights Day." The 5-pfenning olive shows a little girl holding flowers. The 10-pf red brown illustrates a mother and child. The 25-pf blue depicts a man and a dove.

Uruguay has issued two new sets of stamps. One set consisting of two regulars and three airmails commemorates the centenary of the birth of former president Jose Battle y Ordonez. The other set of three bicolored airmails honors the 100th anniversary of Uruguay's first postage stamp.

SPRING HAT — Among new hat fashions is this cloche, styled in the mood of the Twenties, in a soft pink and green floral print on polished cotton. Crown is softly squared with a flange at the side back. The soft hat is packable.

Tribute To Franklin

Argentina has extended a philatelic tribute to Benjamin Franklin by issuing a special 40-centavo blue stamp honoring the 250th anniversary of his birth. Shown on the stamp is a portrait of Franklin and his dates, 1706-1956.

Two native sons appear on new Argentinian stamps as well. Esteban Echeverria, noted author, appears on a 2.40-peso sepia stamp. Jurist Roque Saenz Pena is on a 4.40-p blue.

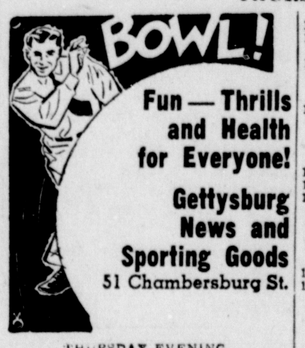

Stamp notes . . . Six new stamps have been issued by Lebanon for its International Festival. All of the adhesives show the famous ruins of Baalbeck . . . Instead of issuing a new set of stamps honoring the 1956 Olympics, Peru overprinted its 1948 set . . . The Ryukyus issued a 2 yen multicolored stamp showing a floral garland. It is the sho-shiku-bai (pine, bamboo and plum) which is a symbol of good fortune

HERE AND THERE

Twenty - four reporters and photographers made the Bahamas cruise with President Eisenhower according to an article in the current edition of Editor and Publisher by Merriman Smith, White House correspondent. (Most of them have covered the President's visits to Gettysburg and are well known here.)

They were divided between escorting destroyers USS William M. Wood and USS Barton. They maintained frequent contact with Presidential activities aboard the guided missile cruiser Canberra by frequent ship to ship radio news conferences with James C. Hagerty on the Canberra.

The Navy could not have been more cooperative in attempting to provide the best possible communications facilities and make life pleasant aboard ship.

* * *

Reporters for four press associations, six newspapers and three news magazines traveled aboard the Wood. They included Merriman Smith, United Press; Marvin Arrowsmith, Associated Press; Robert E. Clark, INS; Ralph Harris, Reuters; Garnett D. Horner, Washington Star; William H Lawrence, New York Times, Robert Donovan, New York Herald Tribune; Francis Stephenson, New York Daily News; Laurence H. Burd, Chicago Tribune; James Truitt, Time and Life; Charles Roberts, Newsweek, and Jack Sutherland, U.S. News and World Report.

* * *

Aboard the Barton were John Edwards, ABC; George Herman, CBS; Ray Scherer, NBC; Charles Gory, AP photographer; Milton Frierer, UP Photos; Al Muto, INP; Hank Walker, Life and Time, magazine pool photographer; Tom Craven Jr., CBS-TV cameraman; Tom Craven Sr., U.P. Movietone cameraman; Leroy Anderson, NBC-TV cameraman; Murray Alvey, Telenews; and John Sandstone, pool man for 35 mm reels and representing MGM News of the Day.

Officers of both destroyers doubled up to make room for press and picture contingents, with skippers of both ships giving up their own quarters which were converted into pressrooms.

* * *

The entire group was invited aboard the Canberra for church services a week ago Sunday and had an opportunity to chat with Mr. Eisenhower, and photograph him at will from atop an eight-inch gun turret as he worshipped. Mr. Eisenhower usually is not photographed at church.

Communications between the destroyers and Washington, while the Presidential flotilla was laying to in Exuma Sound in the Bahamas Islands, were largely by radio teletype to the main Navy communications center in Washington, where copy was transferred to commercial facilities. Photographers were able to dispatch pictures back aboard a seaplane carrying Brig. to the mainland late Sunday Gen. Andrew J. Goodpaster, White House secretary, to Washington after a shipboard conference with the President.

* * *

The destroyers were permitted to move up close to the Canberra Monday when she fired her terrier guided missiles to knock down a drone plane. This enabled photographers to get good pictures of a missile launching, but the cameramen were somewhat frustrated about not being able to get rid of the missile pictures until arrival at Bermuda Wednesday.

When the President made his one fishing excursion from the cruiser, however, reporters and photographers were not invited along They were out on their own in small craft from the destroyers and were able to see the President but not photograph him.

* * *

When the destroyers were refueled by the Canberra while underway, Hagerty held one of journalism's most unusual press conferences, howling through electric bullhorn from the deck of the Canberra to answer questions ut to him by megaphone from the destroyers.

* * *

Consensus among reporters and photographers after six days at sea was that the President should make more trips by sea.
